This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE.

THE twelve parts which this volume comprises have already been issued separately, and now appear in a collective form with a General Index. Since the publication of the various parts the information contained in them has been subjected to careful revision, and in some cases the tables have been entirely recast. It is possible, however, that some errors may still remain uncorrected; if there be any such which come under attention information concerning their nature and position would be gladly received.

The following pages contain chiefly matter in a tabular form, and should therefore be read in conjunction with the "Wealth and Progress of New South Wales," an annual publication, based for the most part on the figures found in this volume, and designed, as its title shows, to illustrate the resources of this Colony.

No. 3.—AVERAGE TONNAGE of Vessels, and AVERAGE STRENGTH of Crews.—Changes during the Decade ended 1895.

Tonnage Averages.—The tonnage averages were computed on the registered (net) tonnage of steam and sailing vessels which entered New South Wales, the tonnage of those foreign vessels whose tonnage was not measured in a similar manner to that of vessels registered under the Imperial Merchant Shipping Act being altered to British measurement.

No. 6.—NATIONALITY—Vessels trading under EACH FLAG.—ENTERED New South Wales, 1895.

Collection of Shipping Returns.—Under the Customs Regulation Act of 1879 (42 Vic. No. 19), all vessels entering ports of New South Wales must be reported to the Custom House within twenty-four hours after arrival, and vessels bound for places outside the Colony have to be provided with certificates of clearance before leaving port. All the particulars of vessels "entered" and "cleared" published in the Statistical Register are obtained from the ships' papers. A vessel is "entered" at the first port of call within the Colony, and "cleared" at the port whence the final departure is taken. Vessels arriving from or departing for European or other countries *via* intercolonial ports are "entered" from and "cleared" for places outside Australasia.

Registered Tonnage (Net).—The figures relating to tonnage represent the net registered tonnage of steam and sailing vessels entered and cleared at ports of New South Wales. The gross and net tonnage measurements of British vessels are determined by rules laid down in the Imperial Merchant Shipping Act of 1894 (57 and 58 Vic. Cap. 60). The tonnage shown for Foreign vessels is according to British measurement.

International Standard of Tonnage Measurement.—The following countries have agreed to a common standard for measuring the registered tonnage of vessels:—United Kingdom, France, Germany, Austria-Hungary, Italy, Belgium, Netherlands, Sweden, Norway, Denmark, Spain, Russia (including Finland), Greece, Japan, Hayti, and the United States.

Vessels not included in the Returns.—The returns are exclusive of ships of war, cable-laying vessels, yachts, and vessels trading between ports of New South Wales, including Lord Howe Island. For information regarding the Imperial war vessels on the Australian Station and vessels of the Auxiliary Squadron—Australasian Naval Force Act of 1887 (51 Vic. No. 22)—see Part XII, Miscellaneous.

No. 7.—NATIONALITY—Vessels trading under EACH FLAG.—CLEARED New South Wales, 1895.

Registered Tonnage and Tons of Cargo carried.—The registered or net tonnage of a vessel is established, as previously mentioned, according to rules prescribed in the Merchant Shipping Act of 1894. The figures so obtained represent the nominal tonnage, and not the actual cargo capacity of a vessel. The amount of cargo that may be carried is regulated by the load-line ("Plimsoll" mark) and the sea-worthiness of the vessel. A ship with bluff or full lines carries, as a rule, tonnage largely in excess of the registered amount, while a vessel with fine lines may have hold accommodation equal only to the registered tonnage. Another cause of difference between the nominal and actual tonnage capacity is the method adopted in establishing the cargo tonnage, some articles being subject to measurement and others to weight. Port dues, &c., are enforced on the basis of the registered tonnage, and agreements as to the terms of charter are generally arranged on the same standard.

Mail Service between United Kingdom and Australia.—The P. & O. Company, in 1851, established a direct mail service between the United Kingdom and Australia, and has, with few interruptions, regularly continued the service ever since. In 1869 mail communication with Europe *via* San Francisco was established. In March, 1878, a further expansion of the mail service between the colonies and the United Kingdom took place by the despatch from London of the pioneer steamer of the Orient Company. During 1880, the British India Company's steamers commenced running between Queensland and the United Kingdom, *via* Torres Straits. In 1893 another line of communication with the United Kingdom was inaugurated by the Canadian-Australian line of steamers running to Vancouver, British Columbia.

Direct Communication with France, Belgium, and Germany.—Communication was established between France and Australia in 1883 by the mail steamers of the Messageries Maritimes Company. In 1887 the Norddeutscher Lloyd line of mail steamers commenced running between Germany, Italy, and Australia; and in the latter part of 1888 the German-Australian line of cargo-steamers opened up further communication with the wool-exporting cities of Australia and the ports of Antwerp and Hamburg. In addition to these, several lines of steam and sailing vessels, under the British flag, run direct to Dunkirk and Antwerp, notably the "Gulf," "Lund," "Port," and "White Star" lines. Large cargoes are also sent away by "ocean tramps," chiefly British, which make occasional visits to Australian ports.

Direct communication with Manchester was established in 1895. The first steamer left Sydney on the 9th November of that year, while the pioneer vessel from Manchester reached Sydney on the 21st January, 1896.

No. 17.—DIRECTION OF TONNAGE.—Vessels ENTERED under British and Foreign Flags at EACH PORT, 1895.

Murray River.—A considerable number of vessels is engaged on this river. Commencing at Albury, situated at the head of navigation, the stations, in topographical order westward, are:—Howlong, Corowa, Mulwala, Cobram, Tocumwal, Moama, Swan Hill, Euston, and Wentworth. With the exceptions of Euston and Wentworth, the trade at these stations is carried on exclusively with Victoria. From Albury to the South Australian Border the length of the Murray River is 1,100 miles. Wentworth (N.S.W.), the chief station for traffic by water, is situated at the confluence of the Murray and Darling Rivers. At Albury, Howlong, Corowa, Mulwala, Moama, and Tocumwal, bridges connect the stations with Victoria. There are also bridges at Tintaldra, Hawk's View, and Jingellic (the collections at these places being included in the returns of Albury), and a bridge is in course of construction at Swan Hill. A punt service has been established at Tooleybuc, the revenue collected being included with the Swan Hill returns. At crossing places where no Customs officers are stationed the Police collect the Customs Revenue and forward the returns to the nearest Custom House. For trade returns of Murray River stations, see Part II, "Commerce."

No. 19.—DIRECTION of TONNAGE.—Vessels ENTERED and CLEARED at PORTS and INLAND STATIONS, 1886-95.

Inequality of Entered and Cleared Returns.—The trade between ports of New South Wales largely disturbs the balance of the Entries and Clearances from and to ports outside the Colony. It will be seen in the following table that the returns of "Entered" for the Port of Sydney largely exceed the "Cleared," while at Newcastle opposite conditions exist. At Sydney a considerable number of vessels are "Entered," which, after discharging, proceed to Newcastle for outward freights, and are "Cleared" at the latter port. The returns of some of the southern ports are similarly affected.

No. 21.—PORT DUES, &c.

Pilotage Rates.—Ships of war, cable-laying vessels, whalers, and pleasure yachts are exempt from pilotage rates. The Navigation Acts Amendment Act of 1896 fixes the following rates for other vessels:—(*a*) Upon arrival or departure of a ship in ballast, 1d. per ton; (*b*) 1d. per ton on arrival for refitting or docking or for obtaining coal for use of ship, and 2d. per ton upon departure; (*c*) a ship compelled to enter port through stress of weather, for repairs, or to receive orders or take in provisions or being in distress, is charged 1d. per ton on arrival or departure; (*d*) ships under other circumstances, upon arrival or departure, are charged 2d, per ton. Vessels under provisions of (*b*) and (*c*) are not required to pay harbour and light rates. A minimum pilotage charge of £2 10s. is made upon arrival and also on departure of vessels not exempt at the ports of Sydney and Newcastle, and £1 5s. at other coastal ports. The maximum rate in each instance does not exceed £20.

Harbour and Light Rates.—Every registered vessel is subject to a half-yearly rate of 4d. per ton on the net tonnage. Ships of war, cable-laying vessels, whalers, and pleasure yachts, and vessels entering or departing under provisions of (*b*) and (*c*), shown in pilotage rates, are exempt from dues.

Removal Dues.—Whenever the master of any ship shall be desirous of removing from one place of mooring or anchorage in a port to another, the Harbour-master must be notified and permission obtained for such removal. If effected by the Harbour-master certain fees, ranging from £1 for any ship not exceeding 300 tons to £2 10s. for those not exceeding 1,000 tons, and an additional £1 for every 500 tons or part thereof in excess of 1,000 tons up to a maximum of 2,000 tons.

Tonnage Rates, amounting to one farthing per registered ton per diem are levied on all vessels fully laden, and one halfpenny on those partly laden discharging at the wharfs; vessels loading of 240 tons register and above are subject to a rate of one halfpenny per diem; under this limit a fixed rate is imposed. For steamers the rates are levied on the gross tonnage measurement. During a certain period, known as "Free Lay Days," vessels fully laden discharging are exempt from tonnage rates. The number of "Free Lay Days" is regulated by the tonnage of the vessel. The rents received from Government wharfs, leased to private companies, are accepted in lieu of tonnage rates.

Wharfage Rates.—In addition to these charges, all goods landed are subject to "Inward Wharfage Rates," and goods shipped to "Outward Rates," the latter being one-half the former. Goods arriving from Australasian Colonies or Pacific Islands landed at public wharfs and "Entered" for Transhipment are exempt from wharfage rates. In some cases the Government wharfs are leased to private companies, and the rent of the wharf is accepted in lieu of tonnage rates, but wharfage rates are collected, as in the case of ordinary wharfs.

Ports at which Wharfage and Tonnage Rates are levied.—Both classes of rates are collected at Sydney, Coff's Harbour, Woolgoolga, Byron Bay, and Wollongong. At **Newcastle** Tonnage Rates only are imposed, as Wharfage Rates were abolished on the 1st June, 1882, under the authority of the 12th section of the "Wharfage and Tonnage Rates Act, 1880." The rates collected at Newcastle are an item of Customs Revenue; the Wharfage and Tonnage Rates collected at Sydney and other Government wharfs are paid into the Treasury, and included under the head of Miscellaneous Receipts of General Revenue. At no other ports are rates of either class collected by the Government. The collection of Wharfage Rates at Wollongong will be discontinued from 1st April, 1896.

Steamer Certificates.—Passenger certificates have to be renewed at least every six months. The half-yearly charges for vessels not exceeding 50 tons are £1; over 50 and under 100, £2; over 100 and not exceeding 300 tons, £3; and an additional £1 for every additional 300 tons or part thereof. No certificates have been issued in New South Wales for passenger steamers trading on the river Murray.

Ballast and Coal Lighters.—Under section 122 of the Navigation Act of 1871 (35 Vic. No. 7) all lighters used for the purpose of carrying ballast or coal must be licensed by the Marine Board of New South Wales. A fee of £1 is charged for each lighter, but no limit is fixed for the term of license.

No. 25.—VESSELS MORTGAGED (Sydney and Newcastle).

Mortgages of Registered British Vessels are dealt with under the Imperial Merchant Shipping Act of 1894. The mortgages are, according to the Act, divided into two classes,—one in which the ship is the sole security (principal sum), and the other in which advances are made on the security of what is termed "the Account Current," which may comprise ships, wharfage appliances, &c. Registrations are effected at the ports of registry—Sydney and Newcastle.

No. 26.—Vessels EXAMINED by HEALTH OFFICERS, 1893-95.

Quarantine.—The Board of Health, which at present consists of eleven members, has entire control of all matters appertaining to health and quarantine. By the provisions of the Quarantine Law Amendment Act of 1894 (58 Vic. No. 2) the Quarantine Acts, which were only applicable to Port Jackson, are extended to all other ports of New South Wales. In the year 1895, proclamations under the Quarantine Acts were in force against vessels arriving from China and Hong Kong, and the East Coast of South America, but none were issued. There is only one quarantine station, which is situated at North Head, Port Jackson, and is considered one of the most completely equipped stations in the world. Separate quarantine stations have been established for foreign live stock at Bradley's Head and Shark Island, Port Jackson, and also at Newcastle; there is in addition one for intercolonial stock at Randwick. The quarantine laws relating to live stock are administered by the Department of Mines and Agriculture.

Imperial Passengers Acts.—The Emigration Officer (who is also President of the Board of Health) is solely responsible for the carrying out of the Imperial Passengers Acts, the provisions of which have been incorporated in the Imperial Merchant Shipping Act of 1894. They apply to vessels carrying more than 50 passengers on voyages over 400 miles from any port within the British Empire. Until recently the proclamation of 1856 was in force, which defined the duration of voyage, dietary scale, &c. This has now been superseded by one made in 1894, which has been drafted more in accordance with the present conditions of shipping.

Vessels "Cleared" under Imperial Passengers Acts.—The number of vessels cleared by the Board of Health under this Act during 1895 was 78.

Bills of Health.—The number of Bills of Health issued to outward-bound vessels during 1895 at Sydney was 645, and at Newcastle 318, making a total of 963.

Fees.—The fees for each inspection under the Imperial Passengers Acts are £2 2s. for the Marine Surveyor, and £1 1s. for the Medical Inspector. These fees are collected by the Board of Health and paid to the officers named.

No. 27.—CERTIFICATED STEAMERS.

Steamer Certificates—Fees.—Passenger certificates have to be renewed at least every six months. The half-yearly charges for vessels not exceeding 50 tons are £1; over 50 and under 100 tons, £2; over 100 and not exceeding 300 tons, £3; and an additional £1 for every additional 300 tons or part thereof. The amounts collected for all ports during 1895 were—£500 for sea-going steamers, and £417 for harbour and river steamers, making a total of £917. No certificates have been issued in New South Wales for passenger steamers trading on the Murray River.

No. 28.—GOVERNMENT SHIPPING OFFICES—Sydney and Newcastle.

Act relating to Merchant Seamen.—The Seamen's Laws Consolidation Act of 1864 (27 Vic. No. 13) applies only to vessels registered in the Colony, British vessels registered elsewhere arriving in New South Wales being subject to the Imperial Merchant Shipping Act of 1894 (57 and 58 Vic., cap. 60). Shipping Offices are established at Sydney and Newcastle, the business at the other ports being undertaken by the local Customs Officers. The Seamen's Laws Consolidation Act provides for the engaging and discharging of seamen, and for the enforcement of various penalties for breaches of the Act. It defines the mode of procedure between master and seamen as regards wages and provisions, and requires the shipmaster to notify the Shipping Office of all engagements and discharges of seamen.

Foreign Vessels.—Shipping business with foreign vessels is transacted at the offices of the Consuls representing the countries to which the vessels belong.

No. 29.—MARINE BOARD TRANSACTIONS.

CERTIFICATES OF COMPETENCY GRANTED, 1893-95.

Master.—To obtain a master's Foreign-going certificate, it is necessary that the candidate should be at least 21 years of age, and have served six years at sea. For the coast trade the minimum age is 20 years, and the service at sea four years, one year of which must have been as mate.

Mate.—To obtain a mate's Foreign-going certificate a first mate must be at least 19 years of age, and have served five years at sea, one year of which must have been as second mate. For position of "only" mate the candidate must be at least 19 years of age, and have served five years at sea. For second mate the minimum age is fixed at 17 years, and the service at sea four years. For the coast trade a mate must be at least 19 years of age, and have served three years at sea.

Engineer.—A candidate for a first-class certificate of competency or service must be at least 22 years of age, and for the second and third-class certificates the minimum age is fixed at 21 years.

Marine Surveyor.—Certificates of Competency are issued to those who can pass, or have passed, the examinations necessary for an extra first-class engineer's certificate, or to master mariners who have been in command of foreign-going ships for not less than five years, or those who are in possession of extra master's certificates. Certificates of Service are issued to persons who have served as Marine Surveyors in any part of New South Wales for three years prior to 1881.

Pilots and Pilotage.—Appointments to the Pilot service are made by the Marine Board, and all pilots are Government officers. Certificates of Exemption from Pilotage may be granted to masters of both British and Foreign ships on passing the necessary examination, provided they have been three times in and out of port with their vessels as masters or watch-keeping officers. Captains of vessels of any nationality who have obtained exemption certificates are not liable for pilot dues.

BALLAST AND COAL LIGHTERS LICENSED BY THE MARINE BOARD, 1894-95.

Ballast and Coal Lighters.—Under section 122 of the Navigation Act of 1871 (35 Vic. No. 7) all lighters used for the purpose of carrying ballast or coal must be licensed by the Marine Board of New South Wales, a fee of £1 being charged for each license; the amount received during 1895 was £5. The figures shown below represent the total number of licenses issued to the end of each year, and not the number of existing licenses, as no limit is fixed for the term of the license.

Pleasure Boats.—*Sailing Boats* intended for hire must be examined, and a license for each boat issue from the Marine Board, the fee required being 10s. No definite period is fixed as the term of the license. *Rowing Boats* intended for hire are not required to be licensed by the Marine Board.

WATERMEN LICENSED BY THE MARINE BOARD TO 1895.

Waterman's License.—A fee of 10s. is charged, which entitles the holder to ply for hire for an indefinite period, subject to good character. During 1895 sixteen licenses were issued. The figures show the total number of licenses issued to the end of each year, and do not of necessity represent the number of watermen plying for hire.

Fisherman's License.—The annual fee for a fisherman's license is 10s. These licenses and those for fishing boats are issued by the Fisheries Commissioners. See "Part VI.—Section III. Fisheries."

No. 30.—LIGHTS and LIGHTHOUSES of New South Wales, 1895.

The Marine Board of New South Wales was incorporated under the Navigation Act of 1871 (35 Vic. No. 7). Amending Acts, however, have been attached since that date. The Board consists of seven Wardens, four of whom, including the President, are appointed by the Government, and three are elected by the registered owners of shipping of not less than 100 tons For the position of an elective Warden it is necessary to possess the qualification of being a registered owner of not less than 250 tons of shipping. The elections take place triennially, the first one held being in 1872. Provision has been made for the creation of local Marine Boards under the superintendence of the Marine Board of New South Wales, and one of these Boards has been established at Newcastle, but the Marine Board of New South Wales has direct control wherever local Boards are not in existence.

Jurisdiction.—The Board, in shipping transactions of a general nature, acts in conjunction with the London Board of Trade, and has jurisdiction over all British ships, as defined in the Imperial Merchant Shipping Act of 1894. It supervises all matters relating to steam navigation, and transactions in connection with the issue, suspension, or cancellation of certificates of competency and service, the framing of harbour regulations, the preservation of ports, harbours, rivers, &c., the licensing, appointment, and removal of pilots, the regulation of lighthouses, lights, and river-marks, moorings, licenses to lighters, waterman's, steam ferry, and other boats, harbour and river steamers, &c. The length of New South Wales, from Point Danger on the north to Cape Howe in the south, is 680 miles.

Wollongong Harbour Trust.—This Trust, which was the only one of its kind in New South Wales, was established in 1889, and it continued in operation till 2nd December, 1895, when the Trust was dissolved, and the Government took over the administration of the port.

Maintenance of Lights and Lighthouses of New South Wales.—The total amount paid for Salaries to lighthouse keepers, assistants, and leading light keepers during 1895 was £10,301; for Repairs, £962; and Stores, £1,078; or a total of £12,341.

Lighthouses of other Colonies Subsidised.—An annual amount was paid by the New South Wales Government towards the maintenance of lighthouses at Wilson's Promontory and Gabo Island, Victoria, until the year 1892, when the subsidy was discontinued. New South Wales contributed £519 towards the maintenance of lighthouses during 1894 at King's Island and the Kent Group of Islands, the control of which is under the Government of Tasmania. In November, 1895, a sum of £232 was granted for the first six months of that year.

No. 32.—TUG SERVICE.—Tugs subsidised by the Marine Board, 1895.

Subsidised Steam Tug Service.—The Marine Board of New South Wales subsidises tugs at the places mentioned in the following table for the purpose of towing vessels in and out of port or river. The tugs are not allowed to leave the station without the sanction of the Board, and the master must endeavour to be in the vicinity of the station when vessels are ready for sea, and in cases where vessels are in actual danger he must promptly render assistance. The maximum rate for ordinary towing is fixed at 4d. per registered ton with a minimum of £1 10s. Disputes arising with respect to special services must be settled by arbitration. The masters of tugs are required to take pilots off to vessels signalling for services of a pilot. The sum of £7,680 was paid by the Marine Board as Government subsidy during the year 1895.

Private Tug Service.—The nominal tariff for towing in and out of port, including not more than two removals, is 8d. per register ton, but this rate is very often lowered, especially when contracts are entered into between the tug owners and the agents for the ships, and consequently no fixed rate can be quoted, the matter of payment for towing resting entirely with the parties interested.

No. 33.—WRECKS and DISASTERS to Shipping within the Jurisdiction of New South Wales, 1895.

Inquiries by Marine Board.—During 1895 seventeen inquiries were held, of which thirteen were heard by the Marine Board at Sydney, and four by the local Marine Board at Newcastle. Seven masters were examined for loss of vessels, five of whom were exonerated, and two had their certificates suspended for three and six months respectively. During the same period six inquiries relating to collisions were held. Three masters were reprimanded, and three had their certificates suspended. One inquiry was held into the grounding of a vessel, the master and chief officer being reprimanded. Three inquiries were held into the supposed loss of missing ships.

NOTE.—The above particulars refer only to wrecks and disasters to shipping into which inquiries have been held by the Marine Board.

Life-boats and Life-saving Appliances.—There are only two Life-boats proper on the coast of New South Wales, one being at Sydney and the other at Newcastle. The steam tugs subsidised by the Marine Board at the ports and rivers (see Table No. 32) are, however, available for the purpose of giving assistance to vessels in distress. There is a Government pilot steamer "Captain Cook" at Sydney, and the "Ajax" will be shortly ready for service at Newcastle, in addition to which all the whaleboats at the various pilot-stations are fitted with cork linings, &c., and have rendered excellent service in saving life. Life-saving appliances are also kept at Richmond River, Clarence River, Macleay River, Trial Bay, Port Macquarie, Manning River, Newcastle, Sydney, Wollongong, Kiama, Shoalhaven, and Twofold Bay.

Wollongong Harbour Wharfs.—In accordance with Act 53 Vic., No. 8, all matters in connection with the harbour of Wollongong, including wharfs, were placed under the control and supervision of the Wollongong Harbour Trust Commissioners until December, 1896, when the Board was abolished, and the control of the Port reverted to the Government.

PRIVATE (Sufferance Wharfs).

Definition of a "Sufferance Wharf."—Any private wharf for which permission has been granted by the Collector of Customs for the landing of goods subject to the payment of Customs duties, in pursuance of the Customs Regulation Act (42 Vic. No. 19), is denominated a "Sufferance Wharf." A vessel may discharge dutiable goods at a wharf other than a public (Government) or a private sufferance wharf, provided that a special permit has been obtained from the Collector of Customs, and the duties on the goods paid in addition to the expenses of a special Customs superintending officer. The regulations with respect to vessels discharging into lighters are of a similar character, with, however, the extra provision that the cargo received into the lighters must be landed at a public or private sufferance wharf.

Wharfage Accommodation.—The return contains a comprehensive list of wharfs, but at a few ports although all necessary accommodation exists information was not obtainable.

Depth of Water at Wharf.—The depth of water given at a few of the wharfs at low tide is less than that stated as the draft of a vessel that can be taken at each jetty. The apparent inaccuracy is accounted for by the fact that owing to the soft nature of the bed a vessel may without danger be moored at high-tide and allowed to settle in the silt as the tide recedes, but it is customary to load and unload when the tides are favourable.

Wharf Association.—The Wharf Association, Sydney, is composed chiefly of the private owners of wharfs situated north of Dalgety's new wharf. The officers of the association allot berths to vessels, and take over the general management of the wharfs of the members.

No. 39.—DOCK ACCOMMODATION—SYDNEY AND NEWCASTLE—1895.

Government Docks—Regulations.—The regulations with reference to the Sutherland and Fitzroy Dry Docks, Sydney, provide that all vessels belonging to Her Majesty's Navy, the Colonial Government, and war vessels of other nations will be admitted to repair in the Government Docks, Sydney Harbour, free of any dock dues or rates, but they will be required to repay all actual expenditure of stores, wages, and material. All other vessels up to 4,000 tons gross register will be admitted on payment of sixpence per ton for the first day or part of a day, and fourpence per ton per day or part of a day afterwards, subject, however, to a minimum charge of twenty pounds for the first day and fifteen pounds per day afterwards. The dock dues for larger vessels are :--

Government Docks.—*Vessels Docked.*—During 1895, 70 vessels were docked at the Sutherland Dock, and 86 at the Fitzroy Dock, making a total of 156, of which 19 were British ships of war. The gross tonnage of these vessels was 132,495.

Receipts and Expenditure.—The receipts during 1895 amounted to £3,980, and the expenditure to £2,077, the latter being exclusive of interest on capital expenditure.

No. 40.—PASSENGER FARES during 1895.

Fares vary according to Seasons.—The passenger fares varied slightly at different seasons in the year from the figures shown in the table, and a considerable fluctuation in the rates to New Zealand ports occurred during the early part of 1895, but in the latter part of that year an agreement was made between the companies, and the fares shown in the table were adopted.

SAILING VESSELS.

Fares by sailing vessels are in nearly every instance a matter of private arrangement between the captain of the vessel and the intending passenger; but the number of passengers is becoming smaller from year to year, owing to the great decrease of the rates of steamer fares. Single fares from Sydney to London are, however, given as £35 to £45 first class and £18 to £22 second class, and from Newcastle to San Francisco as £20 to £25.

* The station at **Willyama** was established on the 1st January, 1890, and that at **Thackaringa** abolished on the 1st July of the same year. The returns of the latter station for the first six months of 1890 have been included with those of the former.

No. 2.—DIRECTION of TRADE during the Quinquennium ended 1895.

British and Foreign Transit Trade—Imports and Exports.—The trade of New South Wales shown with certain countries, particularly the United Kingdom, Belgium, France, Germany, Italy, Austria, and China, cannot be taken as an exact statement of the commercial interchanges as the trade of the first five mentioned countries with New South Wales is swollen by goods sent to and from other European countries *via* British, Belgian, French, German, and Italian ports, that is to say the Customs Returns show the quantities and values of goods from the port of shipment only, and not from the country of production or manufacture. Goods imported from or exported to China are in several instances sent *via* Hong Kong, and are credited to this British Possession. Where transhipments have taken place, care is taken to trace the port of shipment.

Fluctuation and General Shrinkage in Value of Trade.—The large shrinkage in the exports to the United States is chiefly due to the decline in the exports of gold coin, the value of which exported during 1891 was £1,660,000, whilst that of 1895 was only £100,000. The returns of the other countries are not appreciably affected by the inclusion of coin and bullion. For general decline in values, see explanatory note—Price Levels, or Trade Index Numbers, Table No. 5, page 61.

No. 4.—TRADE Seaward and Overland—1886–95.

Adjustment of Import and Export Trade Returns, 1886-95.—The Returns relating to the two branches of Commerce have been in some years altered. The figures given in the Statistical Registers of 1894 and 1895 are to be accepted in lieu of those previously published. The adjustments were caused by a recast of the figures relating to gold and live stock. As regards the former, it has been decided that where there is an excess of Exports of gold coin over Imports of gold coin and gold bullion, the difference represents the "Domestic export"; when opposite conditions obtain the whole of the gold coin has been classed as "Other produce or manufacture," no credit being taken for the manufacture of the gold into coin at the Sydney Mint. The live stock returns on the Queensland Border, so far as they relate to Horses, Horned Cattle, and Sheep, have been amended, with the assistance of data supplied by the Chief Inspector of Stock, Queensland.

No. 5.—TRADE PER INHABITANT in Principal Articles, 1886–95.

Price Levels or Trade Index Numbers.—The rates per inhabitant given in the subjoined table are not to be taken as an index of the expansion or otherwise of the trade in each article, as the prices fluctuate, and also the amounts per head have been established without the quantities being taken into consideration. To accentuate the fall in values, tables have been prepared and inserted in the "Wealth and Progress of New South Wales," which give the "Price Levels or Trade Index Numbers" of general imports and exports, and staple products, from the year 1860.

No. 10.—IMPORTS and EXPORTS (including Overland) of N.S. Wales form and to EACH COUNTRY, 1895.

The Collector of Customs has authority under various Acts to administer affairs relating to Customs; the body of the law, however, is contained in the "Customs Regulation Act of 1879" (42 Vic. No. 19) and the "Customs Duties Act of 1895" (59 Vic. No. 18). Under the provisions of the first-mentioned Act a Board of Commissioners of Customs is established, which consists of three persons. The functions of the Board are to hear and determine disputes between officers of the Customs and the general public in matters relating to the Department. The decisions, are, however, subject to disallowance by the Governor and the rulings of the Supreme Court and Privy Council. In the exercise of their duties the Commissioners have power to frame rules, orders, and forms for the general conduct of business in relation to matters submitted to them, but have no administrative powers whatever in the working of the Customs Department.

British and Foreign Transit Trade.—For particulars of this Trade see page 54.

Transhipments.—Entries under this head contain only the description of the packages, as particulars relating to quantity and value are not asked for, no law being in existence requiring the information to be furnished. Transhipment transactions are chiefly confined to the port of Sydney, where a considerable transit trade is done with Queensland, New Zealand, and New Caledonia. Goods transhipped at the ports of New South Wales are not included in the Import or Export returns. It is the practice, however, in some Colonies to enter such articles as imports from or exports to New South Wales. This practice causes a discrepancy between the returns of New South Wales, as given in the Statistical Register, and those published by the other Colonies, with regard to many articles, such as fruit and minerals, in which a considerable transhipment trade is done between New South Wales and the other Australasian Colonies.

No. 12.—GENERAL IMPORTS (including Overland) during 1895.

Collection of Trade Returns.—The quantities and values of the imports and exports are in nearly every instance those furnished by importers and exporters or their authorised agents. In the case of the imports, the particulars are obtained under declaration; but this procedure is not generally adopted for the export returns, although the Collector of Customs has power to demand particulars of goods, under declaration if necessary. No official valuations are made, but the entries are, nevertheless, checked and amended if necessary by competent officials of the Customs Department.

Valuation of Imports.—*Articles Free or subject to Specific Duties.*—The values given are understood to represent the values at the port of shipment, with the cost of freight, insurance, packing, and porterage added. *Articles subject to Ad Valorem Duties.*—The values given are supposed to represent the market values of the goods (less cost of packing and cases) at the time and place of exportation, in addition to 10 per cent. thereon. The values of goods, *both specific and ad valorem*, are in every instance *exclusive of Duty.*

Tariff.—Duties on goods imported during the year 1895 were collected by the Customs Department under the "Customs Duties Act of 1891" (55 Vic. No. 16). See page 295. The "Customs Duties Act of 1895" (59 Vic. No. 18) did not come into force until the 1st January, 1896.

No. 12.—GENERAL IMPORTS (including Overland) during 1895.

Collection of Trade Returns.—The quantities and values of the imports and exports are in nearly every instance those furnished by importers and exporters or their authorised agents. In the case of the imports, the particulars are obtained under declaration; but this procedure is not generally adopted for the export returns, although the Collector of Customs has power to demand particulars of goods, under declaration if necessary. No official valuations are made, but the entries are, nevertheless, checked and amended if necessary by competent officials of the Customs Department.

Valuation of Imports.—*Articles Free or subject to Specific Duties.*—The values given are understood to represent the values at the port of shipment, with the cost of freight, insurance, packing, and porterage added. *Articles subject to Ad Valorem Duties.*—The values given are supposed to represent the market values of the goods (less cost of packing and cases) at the time and place of exportation, in addition to 10 per cent. thereon. The values of goods, *both specific and ad valorem*, are in every instance *exclusive of Duty.*

Tariff.—Duties on goods imported during the year 1895 were collected by the Customs Department under the "Customs Duties Act of 1891" (55 Vic. No. 16). See page 295. The "Customs Duties Act of 1895" (59 Vic. No. 18) did not come into force until the 1st January, 1896.

Proof Spirit.—Alcohol of the specific gravity of 0·92 at 60° Fahr. is proof spirit. The standard of proof spirit by which all mixtures of alcohol and water are judged contains 57·27 per cent. by volume, and 49·50 by weight, of alcohol. Spirits other than bitters, essences, sarsaparilla, tinctures, &c., are subject to a duty of 14s. per gallon of proof spirit, but a proportionate reduction in the duty is allowed on spirits to 16·5 under proof, but on spirits of less strength the duty is enforced as at that strength. The returns of spirits given in the general imports and exports are stated according to measure, whereas the quantities shown in the Table of Revenue collected by the Customs Department are gallons of proof spirit.

† **Horses.—Imports.**—The large values here shown are accounted for by the fact that valuable racehorses enter New South Wales to take part in race meetings held in this Colony, in addition to which horses belonging to New South Wales have been returned after competing at race meetings held in other colonies. The traffic is chiefly by the railway.

* **Live Stock—Queensland.**—The Statistics have been adjusted with the assistance of the Overland Stock Returns of Queensland.

No. 13.—GENERAL EXPORTS (including Overland) during 1895.

Board of Exports.—This Board, consisting of nine members selected for their expert knowledge of the various classes of New South Wales produce, was established in November, 1895, to assist the Government in encouraging and promoting the export of raw and manufactured material to the markets of the world. It is intended to institute a proper system of grading, branding, and issuing certificates of quality for all classes of exportable articles, so that the small producer need not be debarred from reaching the consumer. Reliable information as to markets and probable prices will be supplied to enquirers, and the Government will offer special facilities in the handling and despatch of such goods as are submitted to the inspection of its expert officers.

Articles for Consumption and Use on Voyage.—Dutiable articles, obtained for ships' requirements are classified as Exports, and are considered part of the trade of New South Wales with the countries to which vessels are bound. As information is not available regarding the exports of "Free" goods, required by vessels on voyage, the following returns do not include the amount and value of such articles.

British and Foreign Transit Trade.—For information regarding British and Foreign Transit Trade, see Note, Table No. 2, Page 54.

Valuation of Exports.—Articles of Export are valued at the port of shipment or inland station at which the goods leave New South Wales.

No. 13.—GENERAL EXPORTS (including Overland) during 1895.

Board of Exports.—This Board, consisting of nine members selected for their expert knowledge of the various classes of New South Wales produce, was established in November, 1895, to assist the Government in encouraging and promoting the export of raw and manufactured material to the markets of the world. It is intended to institute a proper system of grading, branding, and issuing certificates of quality for all classes of exportable articles, so that the small producer need not be debarred from reaching the consumer. Reliable information as to markets and probable prices will be supplied to enquirers, and the Government will offer special facilities in the handling and despatch of such goods as are submitted to the inspection of its expert officers.

Articles for Consumption and Use on Voyage.—Dutiable articles, obtained for ships' requirements are classified as Exports, and are considered part of the trade of New South Wales with the countries to which vessels are bound. As information is not available regarding the exports of "Free" goods, required by vessels on voyage, the following returns do not include the amount and value of such articles.

British and Foreign Transit Trade.—For information regarding British and Foreign Transit Trade, see Note, Table No. 2, Page 54.

Valuation of Exports.—Articles of Export are valued at the port of shipment or inland station at which the goods leave New South Wales.

Proof Spirit.—Alcohol of the specific gravity of 0·92 at 60° Fahr. is proof spirit. The standard of proof spirit by which all mixtures of alcohol and water are judged contains 57·27 per cent. by volume, and 49·50 by weight, of alcohol. Spirits other than bitters, essences, sarsaparilla, tinctures, &c., are subject to a duty of 14s. per gallon of proof spirit, but a proportionate reduction in the duty is allowed on spirits to 16·5 under proof; but on spirits of less strength the duty is enforced as at that strength. The returns of spirits given in the general imports and exports are stated according to measure, whereas the quantities shown in the Table of Revenue collected by the Customs Department are gallons of proof spirit.

* **Horses—Exports.**—The large values here shown are accounted for by the fact that valuable race-horses returning to other colonies from race meetings held in New South Wales are included, in addition to which racehorses belonging to New South Wales have been exported in order to compete at race meetings held in other Colonies. The traffic is chiefly by the railway.

* **Domestic Export of Wool.**—The export of Wool during the Calendar Year does not represent the clip of the Wool Season, as the outward trade during the year January to December includes portions of the clips of two Wool Seasons. The commercial wool year commences on the 1st July and ends on the 30th June. Shearing generally takes place between the months of May and November.

* **Gold Returns, 1895.**—The value of the Gold coin exported in 1895 largely exceeded that of the Gold coin and Gold bullion imported. It has been decided that where there is an excess of Exports of gold coin over Imports of gold coin and gold bullion, the difference represents the Domestic export. No credit is taken for the manufacture of the gold into coin at the Sydney Mint.

No. 16.—GOODS "REINTRODUCED" under Certificate during 1895.

(Not included in General Imports and Exports Returns.)

Reintroduction Certificates.—Goods forwarded from coastal ports (Sydney and Newcastle), or from inland stations in the Riverina District or at Broken Hill for reintroduction into New South Wales, *via* Victoria or South Australia, must be covered by a "Reintroduction Certificate" issued by the Customs authorities, in order to be exempt from payment of import duties upon readmission into the Colony. The list below includes a large number of "Free" goods (N.S.W.) which have been reintroduced under Certificate, as, owing to the dissimilarity of the Tariffs, import duty would have been charged by other colonies, unless the goods were protected by Certificate.

Certificates are granted for goods to be reintroduced within one month from the date of issue, after which time the goods are subject to full import duty. The general Imports returns given in Table No. 12 (pages 80 to 138) and Exports returns Table No. 13 (pages 139 to 272) do not include the trade under Reintroduction Certificates.

Goods reintroduced under Certificate AT SYDNEY AND NEWCASTLE from THE RIVERINA DISTRICT *via* Victoria and South Australia.

No. 19.—IMPORTATIONS PROHIBITED (Acts 42 Vic. No. 19, & 45 Vic. No. 7).

Cigars or Cigarettes imported in vessels under 40 tons register, or in outer packages containing less than thirty pounds net weight, or less than five thousand in number each, or containing any other goods.

Counterfeit coin or false money, purporting to be sterling coin of the realm, and not being of the established standard in weight or fineness.

Indecent or obscene books, paintings, drawings, cards, engravings, photographs, or other indecent or obscene productions or articles.

Infected cattle, sheep, or other animals, and hides, skins, horns, hoofs, or any other part of cattle or other animals which the Governor may, by proclamation, prohibit in order to prevent the spreading of any contagious disease.

Opium (except when made up in the form of drugs) imported in vessels under 40 tons register, and in packages each containing less than thirty pounds net weight, or containing any other goods.

Snuff or tobacco imported in vessels under 40 tons register, and in packages each containing less than twenty-five pounds net weight, or containing any other goods.

Spirits (not being perfumed or medicinal spirits) imported in vessels under 40 tons register, and (unless bottled) in casks or other vessels containing less than twelve gallons of liquid measurement, and not duly reported as being part of the cargo or stores of the importing ship.

Grape-vine cuttings or grapes are prohibited at out-stations and out-ports, but may be landed at Sydney under supervision of officers of the Agricultural Department.

Murray River Trade not restricted.—The restrictions on vessels under 40 tons register do not extend to vessels on the River Murray, provided due notice is given to Customs' Officers.

Importation of Arms, Ammunition, &c.—The importation of arms, ammunition, gunpowder, or other explosives, may be prohibited by proclamation or order of the Governor-in-Council whenever deemed expedient.

No. 20.—EXPLOSIVES, &c., within the meaning of the GUNPOWDER and EXPLOSIVES ACTS.

Explosives and Explosive Substances.—The importation, manufacture, removal, storage, keeping, and sale of Explosives is regulated by the Gunpowder and Explosives Consolidation Act of 1876 (40 Vic. No. 1), the administration of which, under the Colonial Treasurer, is intrusted to the Mercantile Explosives Department. The Public Magazines are also under the custody of the same Department.

Magazines, &c.—The Public Magazines are situated as follow:—
For Gunpowder, &c.—At Sydney, Goat Island and Middle Harbour (floating), and at Newcastle (floating).
For Nitro-glycerine compounds—At Broken Bay.
For Gun-cotton—At Sydney, Middle Harbour (floating).

Two Factories were licensed for the manufacture of explosives at the end of 1895, and 606 private magazines or premises were registered for keeping explosives. The licenses issued to persons dealing in gunpowder, &c., at the same date were:—Ordinary (to keep not more than 25 lb.), 1,016; and Special (to keep more than 500 lb.), 66.

For the "Registration of Premises" on which more than 25 lb. of explosive is desired to be kept at any one time, 5 shillings. For a "Special License" to keep more than 500 lb. of explosives at any one time, 20 shillings. For a "Magazine License" to store explosives for other persons, charging rent thereon, 40 shillings. The amount collected during the year ended 31st December, 1896, under the Gunpowder Act of 1876, was £728.

INSPECTOR OF KEROSENE.

Under Act 35 Vic. No. 1, power is given for the appointment of one or more inspectors, who test all kerosene imported or refined in New South Wales, and no kerosene must be delivered to purchasers till a certificate has been obtained from the inspector. The present holder of the office of Inspector of Kerosene is the Superintendent of the Metropolitan Fire Brigade.

No. 21.—OLD IMPORT TARIFF.

Customs Duties Act of 1891.

Customs Duties Act of 1891 and Customs Duties Act of 1895.—Under the former Act the duties took effect from the 2nd December, 1891, and continued in force till the 31st December, 1895; on the 1st January, 1896, a new tariff was imposed, under authority of the Customs Duties Act of 1895 (59 Vic. No. 18).

Decisions of Collector of Customs.—Printed lists of the decisions of the Collector of Customs are published by the Customs Department.

Exemptions from Import Duty.—All goods imported direct for the use of the Public Service are exempt from duties and imposts of every description.

Export Duties.—No Export Duties are levied in New South Wales.

No. 25.—EXCISE TARIFF ALTERATIONS from the year 1866.

Date when passed.	Act.	Took effect from—	Duty.	Alterations made.
SPIRITS DISTILLED WITHIN THE COLONY.				
19 Jan., 1866..	29 Vic. No. 15 (repealing previous Acts).	29 Nov., 1865..	℘ proof gallon. 9s. 5d. and 10s.	Under various Acts the Excise duty on colonially distilled spirits had been gradually raised from 2s. 6d. per proof gallon, imposed April, 1830 (Act 11 Geo. IV, 9) to 6s. 5d. in September, 1855 (Act 19 Vic. 15). Under Act 29 Vic. No. 15 the Excise duty was fixed at 9s. 5d. per proof gallon if distilled from sugar upon which Customs duties had been paid, or 10s. if distilled or made wholly, or in any proportion exceeding 10 ′ of the whole, from materials upon which no Customs duties had been paid.
6 Feb., 1880..	43 Vic. No. 17 (repealing previous Act).	10 Dec., 1879..	12s.	Duty raised to 12s. per proof gallon.
8 July, 1887 (still in force).	51 Vic. No. 6 (repealing previous Act).	30 Mar., 1887..	14s.	Duty raised to 14s. per proof gallon.
BEER BREWED WITHIN THE COLONY.				
3 June, 1887 (still in force).	50 Vic. No. 38....	3 June, 1887..	℘ gallon 3d.	Prior to the passing of this Act there was no Excise duty on beer brewed in New South Wales. The Act defines "beer" to include ale, porter, and every other malt liquor or fermented beverage purporting to be beer, or made in imitation of beer, or malt liquor, and whether brewed wholly or in part from any other substance than malt and fixes the duty at 3d. per gallon.
TOBACCO MANUFACTURED WITHIN THE COLONY.				
10 April, 1884..	47 Vic. No. 12....	20 Feb., 1884..	℘ lb. 1s.	Prior to the passing of this Act there was not any Excise duty on tobacco manufactured in New South Wales. The duty was fixed at 1s. per lb. on tobacco manufactured or cut in any tobacco factory. The Act also provided for the imposition of license fees to be paid by manufacturers and vendors. (For amount of fees, &c., see page 311.)
8 July, 1887 (still in force).	51 Vic. No. 7 (amending Act).	30 Mar., 1887..	1s. 3d.	Duty increased to 1s. 3d. per lb.
CIGARS AND CIGARETTES MANUFACTURED WITHIN THE COLONY.				
10 April, 1884 (still in force).	47 Vic. No. 12....	20 Feb., 1884..	℘ lb. 2s. 6d.	The "Tobacco Act of 1884" imposed an Excise duty of 2s. 6d. per lb. on cigars and cigarettes, manufactured in any tobacco factory, and the provisions as to license fees for the manufacture and sale of tobacco apply equally to cigars and cigarettes.

No. 26.—REVENUE collected by the CUSTOMS DEPARTMENT during 1895.

The "Customs Duties Act of 1895" came into force on the 1st January, 1896. The collections given in the following table were obtained under authority of the "Customs Duties Act of 1891."

Cost of Collecting Customs Duties, Excise and Miscellaneous Receipts.—The net Revenue collected by the Customs Department for 1895, exclusive of the Marine Board and Public Wharfs Departments receipts (the expenditure of these Departments being kept distinct from that of the Customs), was £2,253,857, and the expenditure including the value of the stores and stationery supplied during the year, was £75,540, or £3 7s. for every £100 collected. No allowance, however, has been made for the interest on capital expenditure on the buildings and lands, owned by the Government used for transacting Customs business the estimated value of which is £186,625.

No. 29.—REVENUE COLLECTED at EACH PORT and STATION by the Customs Department, 1894-95.

List of Customs Ports and Stations of New South Wales.—The subjoined table gives the complete list of Customs Ports and Stations of the Colony. At each locality mentioned there is stationed either a resident sub-collector, locker, or preventive officer. Dutiable goods, as a rule, are received only at ports or stations where a sub-collector or locker has been appointed. Revenue collected by the preventive officers is included either in the Sydney returns or in those of the nearest sub-collector of Customs.

No. 30.—Goods on which DRAWBACK was obtained, 1895.

Drawback of Customs (Import) Duty.—A drawback of the full duty paid on importation is allowed on goods if exported in original packages as imported, provided that the Collector of Customs is satisfied that in all respects the goods are in the same condition and of the same value as when they were entered for duty on importation. Drawbacks of duties are allowed on ale, beer, wine, opium, medicines, toilet preparations containing spirit, but not on intoxicating spirits, tobacco, cigars, cigarettes, tinctures, perfumed spirits, Florida water, and bay rum. There is no limit to the period in which Drawbacks may be obtained, but by a memorandum of the Collector of Customs, **Drawback was not to be allowed** after 30th April, 1896, on Open Stock of articles the duties on which were repealed on the 1st January, 1896.

Drawback of Excise.—Drawback is allowed on beer only, although refunds are also made on beer which has been spoiled or become unfit for use after removal from the Brewery.

BONDING WAREHOUSES.

Bonding Warehouses. Under the authority of the Customs Regulation Act of 1879, License Fees are collected on Bonding Warehouses. For every warehouse with a storage capacity of 50 tons and under an annual fee of £50 is imposed, and for every additional 10 tons, £1; the maximum fee, however, is fixed at £300. The amount of license fees collected during 1895 was £10,530. In addition, the warehouse-keepers give security, by bond or otherwise, for goods warehoused. Under the provisions of the same Act, 534 licenses to carry dutiable goods were in force during 1895, and 493 during the year 1896. No fee is attached to the license, but the licensee is obliged to enter into a conditional bond.

PART III.—PUBLIC FINANCE.

No. 1.—GENERAL ACCOUNT.

The General Account.—The "General Account" consists of the Trust Funds subject to the Audit Act, the Consolidated Revenue Fund, the two special Suspense Accounts, the special Trust Funds not subject to the Audit Act, and the General Loan Account.

The Public Account.—The "Public Account," as defined by the Treasury, consists of the Consolidated Revenue Fund and the Trust Funds subject to the Audit Act. It must be mentioned, however, that the Audit Act recognizes only one "Public Account," whether the transactions are connected with Consolidated Revenue, Trust Funds, or Loans.

* **Special Suspense Accounts.**—The "Centennial Park Account" (51 Vic. No 9), and the "General Post Office New Street Resumption Account" (53 Vic. No. 13), originally formed part of the Consolidated Revenue Fund. The former was opened in 1887 and placed in suspense during 1894; the latter was opened in 1890 and placed in suspense in 1892. The debit balances on the 30th June, 1896, were £224,372 and £469,238 respectively. Both of these amounts have been covered by advances from the Trust Funds.—See Table No. 13, page 354.

1870	32,059	.....	.....	.....	.....	At the end of 1877 the "Accumulated Surplus" amounted to £2,351,074. The Revenue for 1878 and 1879 was not sufficient to meet the expenditure, so that the balance at the close of 1879 was reduced to £1,341,619. The surpluses of 1881 and 1882, however, increased the fund to £3,888,753 at the end of the latter year. Between 1882 and 1885, considerable sums were spent out of the Accumulated Surplus, with the result that this fund became practically exhausted at the end of 1885. Until 1885 the Government had, therefore, a reserve fund to meet any revenue deficiency, but from that year no further assistance could be obtained from this source.

1886	.....	.....	.....	1,286,581	1,286,581	On the 31st December, 1885, the Consolidated Revenue Fund showed a credit balance of £2,901, but it was only a nominal credit, as heavy liabilities were outstanding of 1885 and previous years, and the payments on this account created a heavy deficit in the succeeding year, which was considerably increased by subsequent operations. To adjust the accounts to 31st December, 1886, authority was given, under an Act passed in 1889, to issue Treasury Bills. At the close of that year, Bills to the value of £1,907,100 were issued, and the balance was taken up in the succeeding year. The shortage in Revenue was eventually found to be £2,502,182. The Bills are being redeemed by annual payment of £150,000.

						Second Deficit.
						During the period January, 1887, to June, 1896, a second deficit accumulated, and a further adjustment became imperative, especially as provision had been made under the "Audit Act Amendment Act of 1895" to keep the accounts on a cash basis from the 1st July, 1895. Accordingly, on the 23rd December, 1895, authority was obtained to issue £1,174,700 Bills to cover all deficiencies to 30th June, 1895. The redemption date is fixed at 1901, but power is given to pay off annually at least £150,000 after the Bills of the first deficit have been extinguished.

* Half-year ended 30th June, 1895. † Year ended 30th June, 1896.

Surplus for year 1895-96.—According to the financial statement delivered on the 9th July, 1896, the surplus for the year ended 30th June, 1896, was £333,296. This amount differs from the credit balance on that date, which, as set down above, was £476,530. The difference is accounted for by the fact that accounts under the old system are still current, but when the final adjustments are made the balance shown in the public accounts will represent the actual accumulated surplus or deficiency on the last day of the financial year.

The apparent anomaly of a credit of £476,530 and a debit of £2,301,054 on the same date is due to the adjustments of revenue by the issue of Treasury Bills.

‡SUPPLEMENTARY STATEMENT.

Estates of Deceased Persons, and Settlement.

Stamp Duties Act.—The existing Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of the same year. In 1886 an amendment was attached, under Act 50 Vic. No. 10, which came into operation on 31st August of that year, and a graduated scale of duties ranging from 1 to 5 per cent. was adopted.

***Estates under the Value of £200 gross exempt.**—Under the provisions of the Probate Act of 1890 Amendment Act (56 Vic. No. 30) passed in 1893, no stamp duty can be levied on estates under the value of £200 gross, with the exception of Settlements.

‡SUPPLEMENTARY STATEMENT.

Estates of Deceased Persons, and Settlement.

Stamp Duties Act.—The existing Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of the same year. In 1886 an amendment was attached, under Act 50 Vic. No. 10, which came into operation on 31st August of that year, and a graduated scale of duties ranging from 1 to 5 per cent. was adopted.

***Estates under the Value of £200 gross exempt.**—Under the provisions of the Probate Act of 1890 Amendment Act (56 Vic. No. 30) passed in 1893, no stamp duty can be levied on estates under the value of £200 gross, with the exception of Settlements.

No. 15.—TRUST FUNDS.

Rate of Interest on Trust Funds.—With the exception of a portion of the sum deposited in the Treasury by the Savings Bank of New South Wales, a general rate of 4 per cent. was allowed to the 31st December, 1894, on all Trust Funds entitled to interest. On the 1st January, 1895, the rate was reduced to 3 per cent. on all accounts except those on which the old rate could not be altered till the terms of the existing arrangements had expired. The total amount bearing a higher rate than 3 per cent. on the 30th June, 1896, was £3,214,236.

No. 15.—TRUST FUNDS—(*continued*).

Classes of Trust Funds.—The funds are divided into two classes: those operated upon directly by the Treasury, and those operated upon by officers of departments in whose names the accounts stand. The funds operated upon directly by the Treasury are subject to the Audit Act, and with the Consolidated Revenue Fund constitute the "Public Account," as defined by the Treasury. The other trust funds are not subject to the Audit Act, nor do they form part of the Public Account; they are, however, part of the "General Account," and as such constitute portion of the "General Banking Account."

NOTE.—In some of the earlier years the interest was fixed at a daily rate, in such cases an equivalent yearly rate is quoted.

* £25,000 of this amount was repaid by the Government of Victoria.

† The total amount over-raised on two issues of this Act, viz., £7,365, was paid over to the Sydney Railway Company.

Raised on the Security of the Consolidated Revenue.

Loans included in "Old Loans Account."

"**Old Loans Account.**"—The £450,000 loan intituled "Under various Acts" (commonly known as the "Tailings Loan") was floated during 1871 for the purpose of adjusting the amounts short and over raised under Act 17 Vic. No. 34, and all subsequent Acts to 34 Vic. No. 2. These loans constituted what is termed the "Old Loans Account," which formed part of the Consolidated Revenue Fund till 1891, when the account was finally closed by the balance at the end of that year (£132,326 0s. 4d.) being transferred to the "General Loan Account" under the provisions of the Loan Act 54 Vic. No. 33, as amended by Act 55 Vic. No. 35.

Class of Security.	Int. per Ann.	Authority. Act.	Authority. Amount.	Bonds and Stock sold. Date.	Bonds and Stock sold. Amount.	Net Amounts realised.	Debt on 30th June, 1896.	Annual Interest payable.
Raised on the Security of the Consolidated Revenue. Loans included in "General Loan Account."								
"General Loan Account."—From 1871 a new system of treating the proceeds of Loans was adopted. A "Separate Loan Fund" was established for each Loan floated on and after that date. The £374,900 Loan of 1871 (35 Vic. No. 5) was the first one dealt with under the new conditions. This practice was continued till 1879, when, under the authority of the "Loan Fund Amalgamation Act" passed in that year, the "Nine Separate Loan Funds" established during the period 1871-9, and all subsequent loans, were amalgamated into one "General Loan Account." The Act declares that no portion of the Amalgamated Funds shall be used for any other purpose than Loan Services.

SINKING FUNDS, 30th JUNE, 1896.

Class of Security.	Amount originally authorised or issued.	Annual Sinking Fund.	Annual Drawings.	Amount to be redeemed on 30th June, 1896. (Net Liability.)	Remarks.
	£	£	£	£	
Railway Loan (31 Vic. No. 11)	1,000,000	....	70,000 (To pay principal and interest.)	233,100	Under the provisions of the "Railway Loan Act of 1867" (31 Vic. No. 11), provision was made to extinguish the £1,000,000 loan raised during that year by annual drawings, and £70,000 is annually appropriated for interest and reduction of loan. After the interest liabilities have been provided for, £20,000 of the balance is expended in extinction of principal, by annual drawings at par, and any sum remaining over is devoted to purchasing debentures in the open market.
(53 Vic. No. 24)	1,000,000	75,000	.....	625,000	This fund was established for the purpose of repaying £1,000,000 which was expended for reconstruction and improvement of rolling stock and permanent way. The amount annually contributed from revenue is £75,000, and on the 30th June, 1896, the fund amounted to £375,000, which was used during the latter half of 1896 to pay off debentures in accordance with the Act.
N.S.W. 1924 Stock	198,065	6,602	.....	191,463	These funds were established under authority of Acts 58 Vic. No. 14 and 59 Vic. No. 6, which provide that amounts of £6,602 and £7,409 respectively shall be set apart each year out of consolidated revenue in order to redeem the amount spent on works which are not permanent or reproductive.
,, 1925 Stock	222,255	7,409	.....	214,846	
,, 1927 Stock	208,123	6,937	.....	208,123	Under Act 60 Vic. No. 32, a Sinking Fund was established to pay off the amount spent on works similar to those mentioned above. The annual contribution will be £6,937, but as the loan is not issued, no liability exists as to payments to sinking fund.
Newcastle Water Supply ..	16,000	See remarks	.....	12,212	In connection with the loan of £16,000, taken over by the Government from the Municipal Council of Newcastle, a sum of £3,788 had accumulated for the purpose of redeeming the debentures, but no further contributions have been made to the fund.
Treasury Bills— First Issue (1889 and 1890)	2,502,884	150,000	.....	1,602,884	In order to provide for the extinction of Treasury Bills issued in aid of revenue, a sum of £150,000 is appropriated each year, but the fund is not cumulative, as Bills to the amount of the annual contributions are extinguished each year. The second issue has been reduced since June, 1896; Bills to the amount of £150,000 having been wiped off.
Second Issue (1896) ..	1,174,700			1,174,700

Increase or Decrease in Debt.—The difference between the amounts outstanding at the close of each year does not, as a rule, represent the actual increase or decrease in the debt. Repayments of loans are generally effected under the head of renewals, and in following out this practice, it is usually found necessary to float the redeeming loan some time before the due date of the maturing loan, hence the liability appears twice in the Debt statement till the bonds or stocks are retired.

ANNUAL INTEREST AND CHARGES, 1886-96.

Bank of England as London Agent.—Since 1883 all financial operations connected with the issue and inscription of Stock have been conducted by the Bank of England. The Bank charges ½ per cent. per £100 Stock on all loan issues, and in addition annually receives for the inscription and management of Stock (including the payment of the half-yearly dividends), £500 per million for the first ten millions, £450 for the next five, and £400 per million for all subsequent amounts.

Bank of New South Wales as Local Agent.—The Bank of New South Wales, since the middle of 1893, has transacted all the local business connected with the "Government Banking Account," and also acts as Financial Agent for the Colony in Victoria. The business carried on includes the payment of the half-yearly dividends on local Debentures and Funded Stock, and all Banking transactions connected with the Consolidated Revenue Fund, Trust Funds, and General Loan Account. The Treasury, however, in local loan issues, directly conducts the operations connected with the issue of New South Wales Funded Stock and Treasury Bills. During 1895–6 a current account was opened at the City Bank of Sydney.

SYDNEY STOCK EXCHANGE.

Monthly Stock Quotations.—The prices given are the monthly quotations during the year ended 30th June, 1896, on the Sydney Stock Exchange, for the New South Wales 4 per cent. Funded Stock (New), due 1912.

Local Transactions in Debentures and Funded Stock.—The transactions on the Sydney Stock Exchange in New South Wales Government securities are chiefly confined to dealings in the New South Wales (New) Funded Stock, due 1912. Quotations for Debentures and New South Wales 4 per Cents. (Old Funded Stock) are rare, as holders of these securities are not disposed to part with them.

No. 28.—STATE RAILWAYS, 1855 96.

First Railway section opened.—Railway construction in New South Wales was commenced in 1850, and the first length of line—Sydney to Parramatta—was opened on 25th September, 1855. A uniform gauge of 4 ft. 8½ in. has been adopted for the State Railway and Tramway systems.

Tramways classed as Railways.—The Camden-Campbelltown line, opened in March, 1882, and the Kogarah-Sans Souci line, opened in September, 1887, were transferred to Railways in 1888 and 1889 respectively; and from the last-mentioned dates the returns of these lines have been included with those of Railways.

* **Decrease in Capital.**—The decrease in capital shown in the City and Suburban Tramways is due to the transfer of rolling stock to some of the other lines, while in the case of the North Shore Cable line, the falling off is due to the land taken for the St. Leonards Railway being transferred to the Railway Capital Account.

Letter Cards.—Letter cards, that is double cards, which are closed against inspection, may be transmitted within the Colony, and to Queensland, British New Guinea, Victoria, South Australia, Western Australia, Tasmania, New Zealand, and Fiji at the rate of 1½d. each.

Post Cards.—Post cards impressed with 1d. stamp may be transmitted in New South Wales, or to Australasian Colonies, British New Guinea, and Fiji, and those with 1½d. stamp may be forwarded to other parts of the world.

Packets and Book Parcels.—Books, magazines, commercial and printed papers, and packets may be forwarded at a cheaper rate of postage than other articles. The Definition and regulations are stated in the "Postal Guide."

Parcels.—The Parcels Post was inaugurated on 1st October, 1893, for inland and intercolonial transmission, the maximum weight being fixed at 3 lb. and 11 lb., according to mode of conveyance. The foreign system has been in force since 1st August, 1886.

***Letters.**—Until the year 1894, when a separate return of registered letters for the whole Colony was compiled, the figures under this heading include registered letters.

† Registered Letters.—The figures given for 1893 and previous years only represent those registered letters which have passed through the General Post Office, Sydney. Statistics were not collected in these years of the destination of the letters, neither were accounts kept of the business of other offices.

‡ Since 1st July, 1894. § Total number posted only. ‖ Since 1st October, 1893.

Registration Fee.—With the exception of Returns under the Land and Income Tax Assessment Act, which are registered free, and Notices of Objection to the retention of names on the List of Voters issued under the Parliamentary Electorates and Elections Act, on which the fee is 2d., all classes of mail matter are charged 3d. for Registration.

TRANSACTIONS, DEAD LETTER OFFICE, 1895.

Unclaimed Letters, &c.—Letters and Packets posted in New South Wales, addressed to places within the Colony, remain at the address awaiting delivery for one month; when posted in the Australasian Colonies they remain for a period of three months, and those posted in other Countries, six months. Newspapers are kept for one month.

Prohibition of Delivery of Letters, &c.—The Postmaster-General is empowered under the Postage Acts Amendment Act of 1893 (56 Vic. No. 31), to prohibit the delivery of all letters, &c., addressed to persons who, he has reasonable grounds to suppose, are engaged in receiving money for or in connection with horse-racing, lotteries, &c. The names and addresses of these persons are notified in the *Government Gazette*. Letters received in the Post are re-directed to the senders. The falling off in registered letters during 1893 was largely due to this cause.

Newspapers.—Under Act 56 Vic. No. 31, passed in June, 1893, newspapers are required to be registered at the General Post Office, Sydney, in order that they may be entitled to the newspaper rates of postage. The fee for registration is five shillings. Newspapers printed in New South Wales, from type set up therein, are allowed free transmission when posted to places in the Colony within seven days of publication, but after this period a charge is made. Newspapers, if forwarded to Queensland, Victoria, South Australia, Western Australia, Tasmania, New Zealand, British New Guinea, and Fiji, are charged at the rate of one half-penny each.

Newspapers registered, 1895.

SUBSIDIES AND GUARANTEE CONTRIBUTIONS OF NEW SOUTH WALES, 1895-96.

Cable Subsidies and Guarantees.—Each of the Colonies, except Queensland and New Zealand, contributes *pro rata* to population for the subsidy to cable to Europe, and the short cable to Tasmania. The New South Wales Government does not bear any of the expense of the alternative line, Adelaide to Banjowanjie, *via* Roebuck Bay, Western Australia. Each Colony, except Queensland, guarantees against loss in connection with reduced rates on the New Zealand cable; whilst New South Wales and Queensland guarantee the French Telegraph Company against loss—not exceeding £2,000—on the cable to New Caledonia. Communication was established with this island on the 19th October, 1893.

NUMBER OF CABLE MESSAGES, &c., 1890-95.

Cable Rates, 1896.—The charge per word, inclusive of names and addresses, made on ordinary telegrams to the United Kingdom and European countries is 4s. 11d., of which New South Wales receives 2d. To New Zealand, 3s. is demanded for the first ten words or under, and for a similar number of words to New Caledonia, 8s. is charged. The rates to all other countries are higher, but press messages are sent at reduced rates, as shown in the "Postal Guide."

PART IV.—FINANCIAL INSTITUTIONS.

No. 1.—SYDNEY BRANCH, ROYAL MINT.

Branches of Royal Mint.—The Sydney and Melbourne Branches of the Royal Mint are the only institutions at present in existence in the British Possessions, the Mints at Calcutta and Bombay being established on a different basis, but a branch will shortly be in operation at Perth, W.A. The Sydney Branch was opened on 14th May, 1855, and that of Melbourne on 12th June, 1872. Gold only is coined in the Branch Mints, the silver and bronze coin required for circulation in the Australasian Colonies being obtained from the London Mint. The expenditure of the Colonial establishments is borne by the respective Governments, the amount granted annually to the Sydney Mint by New South Wales being £15,000; this amount, however, is refunded to the Government under the head of Mint Receipts.

Mint Charges.

Gold deposited at the Sydney Mint for melting, assaying, and coining is subject to a charge per ounce, and the charges are deducted from the gross value of the deposit. The charges are—

	On Gold raised in New South Wales.	On Gold certified to be the produce of any other Colony or Country.
(1) In deposits of less than 500 ounces, standard.	6d. per ounce, six shillings being charged for a deposit under 12 ounces.	5d. per ounce, five shillings being charged for a deposit under 12 ounces.
(2) In deposits of 500 ounces and over, but less than 5,000 ounces, standard.	4d. per ounce..	3d. per ounce.
(3) In deposits of 5,000 ounces, standard, and over.	2d. per ounce.	1d. per ounce.

Silver retained.—In addition to the above, the Mint authorities retain all silver contained in deposits, but payment is made for the silver in excess of 2 per cent. at a rate from time to time notified in the *Gazette*. The rate paid during 1895 was 1s. 9d. per oz.

***Gold Locality unknown.**—This represents gold received by escort at the Mint for the Sydney banks, which, after being assayed by the latter institutions, is returned for coinage; the Mint authorities are, therefore, unable to state the place of origin.

No. 1.—SYDNEY BRANCH, ROYAL MINT—*continued.*

Light Gold and Silver Coins.—Light gold coins in parcels of not less than £50 nominal value are received at the Sydney Mint and recoined free of charge, but depositors are required to bear the loss by abrasion. The worn silver withdrawn from circulation is forwarded to England for recoinage.

Seignorage.—The difference between the nominal value of silver and the average price per standard ounce paid by the London Mint represents the seignorage or gross profit. The coinage or nominal value of silver per standard ounce is 5s. 6d., and the price per ounce paid by the London Mint during 1895 averaged 30¾d. The difference, 35¼d., represents the seignorage accrued; against this, however, must be placed the loss to the Imperial Government by purchase of worn silver at its nominal value, but after making all allowances for loss by abrasion, minting, &c., the seignorage must be considerable.

DEPOSITS CAPITALISED, INSCRIBED, DEFERRED, &c., JUNE, 1896.

Preferential Capital represents Fixed Deposits capitalised on and after the dates of reconstruction of the institutions. The holders of these deposits after a certain number of years become ordinary shareholders, but with one exception, the preference either as regards capital or dividends, ceases. (See Supplementary statement).

Inscribed or Perpetual Stocks.—Formerly the practice of issuing stocks was confined to one institution—the Union Bank of Australia (Limited); but, since 1893, the English, Scottish, and Australian Bank (Limited), the Australian Joint Stock Bank (Limited), and the Queensland National Bank (Limited), have strengthened the working capital by issuing Inscribed or Perpetual Stocks.

Extended or Deferred Deposits.—Under the terms of reconstruction, the eight reconstructed banks operating in New South Wales were empowered to gradually liquidate the Fixed Deposits by payments in instalments extending over a series of years. The Commercial Banking Company of Sydney (Limited) and the Bank of North Queensland (Limited) have released the whole of the extended fixed deposits long before the dates agreed upon, and some of the other institutions have prepaid part of their deposits.

	Preferential Capital.
Commercial Bank of Australia (Limited)	The preferential shares have priority over ordinary shares, both as to dividends and capital, the preference being continuous in each case.
National Bank of Australasia (Limited)	The preference as regards dividends is continuous, but as regards capital it ceases after certain conditions have been fulfilled.
London Bank of Australia (Limited)	The preference as regards capital is continuous, but as regards dividends it ceases after certain conditions have been fulfilled.
	Inscribed or Perpetual Stocks.
Australian Joint Stock Bank (Limited)..	The holders of Inscribed Stock are on the same footing as ordinary fixed depositors.
Queensland National Bank (Limited)	
Union Bank of Australia (Limited)	
English, Scottish, and Australian Bank (Limited) ..	Two classes of perpetual stocks are in existence, viz., 4 per cent. Debentures and 4½ per cent. Inscribed Stocks. The 4½ per cent. Inscribed Stock is divided into preferred and deferred, the former bearing a fixed rate of 3 per cent., and the latter a dividend of 3 per cent. from the profits (if any), and, if earnings allow, 4½ per cent. after placing £15,000 annually to Reserve Fund. The Inscribed Stock ranks after the Debenture Stock, Terminable Deposits, and New Fixed Deposits.

BANK NOTE COMPOSITION PAID DURING THE YEAR ENDED 30th JUNE, 1896.

Bank Note Composition.—Prior to the passing of the Bank Notes Act of 1893, the composition payable by the Banks of Issue under the Stamp Duties Act of 1880 was at the rate of 2 per cent. on the average value of notes in circulation, but under the provisions of the Act mentioned, the rate was increased to 2½ per cent. As the Bank Notes Act lapsed in November, 1895, the composition paid since that date was charged at the old rate of 2 per cent. The Queensland National Bank (Limited) has no note circulation in New South Wales.

BANK RATES.

The Bills of Exchange Act (51 Vic. No. 2) was passed in 1887. Under this measure the law relating to bills of exchange, cheques, and promissory notes was codified. The form and interpretation of these instruments are specified, and the Act comprehensively defines the legal position of the bank, the drawee or payee, the drawer or payer, and the transferee and the transferrer, &c.

Deposit Rate Reduced.—From the 4th March, 1896, the rate of interest was reduced to 1½ and 3 per cent. per annum for deposits for 6 and 12 months respectively.

BANKS' EXCHANGE SETTLEMENT, OR BANKERS' POOL.

Banks' Exchange Settlement, or Bankers' Pool.—This institution was established on the 18th January, 1894, in order to facilitate the exchange of notes, cheques, &c. between the 13 banks of issue transacting business in New South Wales. The "Pool" consists of £700,000 in gold, the contribution to which by each bank is regulated by the volume of the business transacted. The gold, which is placed in the hands of three Trustees, is deposited in locked boxes in the vaults of three of the banks, and cannot be circulated or disturbed. No bank is permitted to allow its daily credit balance to fall below 25 per cent. of its fixed contribution to the £700,000. Country cheques, &c., are forwarded to the different country branches, and eventually are included in the balances due in Sydney between the various banks.

No. 4.—REGISTERED COMPANIES.

(Included in succeeding Table.)

COMPANIES RECEIVING MONEY ON DEPOSIT, JUNE, 1896.

Companies furnishing Quarterly Returns of Local Assets and Liabilities.—Since 1841 the Banks of Issue have been obliged to furnish quarterly returns of local Assets and Liabilities; but it was not till 1879, under an Act passed in that year, that other registered Companies receiving money on deposit in New South Wales were required to furnish quarterly statements similar to those of Banks of Issue.

The twenty Companies which furnished quarterly statements, and which, with the exception of Goldsbrough, Mort, & Co. (Limited), are included with the 524 Companies shown on page 401, practically represent all the institutions which are dependent on outside capital, exclusive of the few established prior to 1879.

Companies not furnishing Quarterly Returns of Local Assets and Liabilities.—Companies formed prior to 1879, and receiving money on deposit, are not required to furnish quarterly statements of local Assets and Liabilities. The number of such, however, is very small. Registered Companies which do not receive money on deposit are not subject to the provisions of the Act which requires the publication of the Quarterly Returns.

No. 4.—REGISTERED COMPANIES—*continued.*

Returns furnished to the Registrar of Joint Stock Companies.—Under clause 24, each incorporated Company, registered under the Act, is required to furnish to the Registrar, at least once a year, particulars as to the number of shares, amount of calls, &c.

Membership must be 7 or more.—Companies having a less number of members than 7, cannot become incorporated under the Companies Act, but 7 or more persons may associate for any lawful purpose, and form themselves into an incorporated company **with or without limited liability.**

Compulsory registration of Companies.—No Company or Association exceeding 20, except a Banking Company, in which case the limit is 10, having for its object the acquisition of gain, can be formed without being registered under the **Companies Act, or some Special Act.**

NUMBER REGISTERED UNDER THE COMPANIES ACT, DECEMBER, 1895.

Limited Companies.—The liability of the members of a Company is limited to the amount of unpaid shares (issued) respectively held by them, or to such amount as the members may respectively undertake by the memorandum of association to contribute to the assets of the Company in the event of its being wound up. In the event of a Company winding up, no past member who had ceased to be a member for a year or upwards prior to the commencement of the winding up, is liable to contribute to the assets of the Company.

No. 5.—NO-LIABILITY MINING COMPANIES, 1886-95.

No-Liability Mining Companies.—The first Act for the regulation of these Companies (44 Vic. No. 23) was passed in March, 1881, and continued in force till the 2nd October, 1896, on which date the "No-Liability Mining Companies Act" (60 Vic. No. 15) was passed, and all subsequent transactions were subject to the new provisions. Under clause 26, a copy of the balance-sheet of each Company must be filed at least once a year at the office of the Registrar of Joint Stock Companies. Clause 52 provides that not less than seven persons can continue to carry on the business of any Company registered under the Act.

Companies operating outside New South Wales.—Under the old Act companies whose places of operation (or mines) were outside New South Wales, could not register in the Colony. Under the new Act this has been altered, and Western Australian and other mining companies are now being registered in New South Wales.

Fees.—The maximum fee for registration under the previous Act was 1s.; but under the present measure the fees range from 4d. to £1.

No. 6.—SAVINGS BANK OF NEW SOUTH WALES.

(Administered by Trustees.)

The Savings Bank of New South Wales was established under Act 2 William IV No. 13, in 1832. The Act provided that the Governor should be President, and the management be vested in nine trustees appointed by the Government, one of whom was to be vice-president.—Under an amending Act, passed in 1853, the number of trustees was not allowed to exceed eighteen, but the trustees were to nominate a managing trustee, who, if not already a trustee, became one by virtue of his office. A further Act was passed in 1862 termed the Savings Bank Consolidation Act.

Ratio of Assets to Liabilities.—The ratio of Assets to Liabilities on the 31st December, 1895, was £1 1s. 3¾d. for every £1 liability.

No. 7.—GOVERNMENT SAVINGS BANK.

(Post Office Banks.)

Deposits.—Sums of one shilling or any multiple of that amount may be deposited in the Post Office Savings Bank, but with the exception of the funds of Friendly Societies, Charitable and other Public Institutions, deposits exceeding £200 do not bear interest on such excess.

Deposit rate reduced.—The rate on deposits was reduced on the 1st October, 1894, from 4 to 3 per cent. per annum. Up to the 1st July, 1896, however, the higher rate was allowed on all sums remaining to the credit of depositors for a period of 12 months, but from the 1st July, 1896, the rate was reduced to 3 per cent. on all deposits.

No. 9.—BENEFIT BUILDING AND INVESTMENT SOCIETIES registered under Friendly Societies Act of 1873.

Benefit Building and Investment Societies.—These societies are registered under the Friendly Societies Act of 1873 (37 Vic. No. 4), which repealed the former statutes relating to the societies, viz. :—7 Vic. No. 10, 11 Vic. Nos. 10 and 53, 14 Vic. No. 11, 17 Vic. No. 26, and 29 Vic. No. 8. Under the provisions of the existing Act any number of persons may form themselves into, and establish societies for the purpose of raising money by subscription to enable members to erect or purchase dwellings, &c., which must be secured to the society by mortgage until the amount of shares has been fully paid. The rules of the society must be signed by three of the intending members, and the Secretary or other officer, before the institution can be registered.

Life Assurance Laws.—No special laws for regulating Life Assurance are in existence in New South Wales. During 1862 an Act was passed to encourage and protect Life Assurance, and in 1895 the "Lost Policies Act" became law, but the provisions of these Acts do not apply to the regulation of the business of these institutions.

No. 14.—FIRE INSURANCE.

Return of Net Risks under Fire Brigades Act.—Under the 15th Clause of the Fire Brigades Act, 1884, the Insurance Companies holding risks within the proclaimed area under the Fire Brigades Board of Sydney are required to furnish annually to the Board the amount held at risk (within the proclaimed area) by each Company on the preceding 31st December, less the sums reinsured with other contributing Companies under the Act. The total subsidies for 1896 were £6,300 from 40 Companies and the Fire Underwriters' Association for risks held outside the Colony; the amount to be contributed by each Company towards the cost of maintenance for the year is established by the Board from the returns supplied by the Companies.

Other Lines.—In addition to the above there are several branch lines connected with the coal and other mines in the Colony, but as regards length they are unimportant.

Private Railways under Construction.—During 1893 authority was obtained for the construction of two private lines, viz., Menindie to Broken Hill, in the Western district, and Rosehill to Dural (Simpson's), in the Parramatta district. The latter has been constructed as far as Pennant Hills Road, a distance of 3 miles 28 chains, but the line has not yet been opened for traffic. The total length of the line when completed will be 9 miles.

No. 16.—WEIGHTS and MEASURES.

STANDARDS OF WEIGHTS AND MEASURES.

The Weights and Measures Act (16 Vic. No. 34), which was passed in December, 1852, repealed the original Act (3 Wm. IV, No. 4). Under the provisions of the existing Act, the standard Imperial Weights and Measures of Great Britain are declared to be the standards for New South Wales. The Act also provides that all articles sold by weight must be sold by Avoirdupois, except gold, silver, platina, diamonds, or other precious stones, which are to be sold by Troy weight, and drugs, which, when sold by retail, may be sold by Apothecaries' weight.

INSPECTION OF WEIGHTS AND MEASURES.

Inspectors.—The Inspectors of Weights and Measures, other than those in the Metropolitan District, administer two Acts, viz., the Bakers' Act (6 Wm. IV. No. 1) and the Weights and Measures' Act (16 Vic. No. 34). The Coal Delivery Act (9 Vic. No. 8) only applies within the Metropolitan District to a radius of 5 miles from Macquarie place. In the country districts the inspectors are appointed by the local Magistrates, the persons selected being generally Sergeants of Police, who, however, are not subject to any control beyond the provisions of the Weights and Measures Act, and consequently no records are available as to material dealt with.

PART V.—LAND SETTLEMENT.

No. 1.—ALIENATION and OCCUPATION of LAND in New South Wales on 31st December, 1895.

Area alienated to 1895.—During 1895 an area of 346,220 acres (page 424) was disposed of under the various forms of alienation. The area alienated at the end of 1894, after allowing for 125,960 acres (page 420), representing net Disallowances, Forfeitures, Voidances, and Reductions in Area made during 1895, was 44,549,362 acres, which, added to the area alienated and in process of alienation during the year 1895—346,220 acres—gives a total of 44,895,582 acres.

† **Conditional Leases** are in a certain sense **Alienations**, as the holder has the option of purchase as an additional conditional purchase. See Table No. 16, and foot-note to page 439.

†† **Settlement Leases.**—None of these Leases were granted prior to 31st December, 1895, but 194,313 acres were applied for.

* **Miners' Rights, Mineral Licenses, and Business Licenses.**—This area is exclusive of Crown Lands held in virtue of Miners' Rights, Mineral Licenses, and Business Licenses, the extent of which is not known.

‡ The area alienated in holdings over 1 acre in extent is 42,321,926 acres. See Table No. 22, page 445.

§ **Area of New South Wales.**—The total area of the Colony, as shown on page 445, is 198,848,000 acres.

No. 2.—LAND SALES during 1895.

Land Laws.—The body of the existing law is contained in the Crown Lands Act of 1884 and the Supplementary Acts of 1889 and 1895. Under the 1884 Act the Colony was divided into three great territorial divisions—Eastern, Central, and Western, the boundaries of which, however, were amended by *Government Gazette* notice in August, 1885. The Eastern Division covers an area of 60,452,000 acres, the Central 55,460,000 acres, and the Western 79,970,000 acres. The boundaries of the 141 counties existing were not altered. Under the same Act provision was made for each of the three divisions to be divided into Land Board Districts, and these again to be sub-divided into Land Districts. The number of the former at the end of 1895 was 14 and the latter 103.

No. 3.—TRANSFERS of CONDITIONAL PURCHASES, 1889–95.

Transfers of Conditional Purchases.—The number of transfers intimated to the Treasury during 1895 was 8,243, embracing 16,099 C.P.'s, but as considerable numbers were transferred more than once during the year, the number of Conditional Purchases actually transferred was reduced to 11,517. No C.P. can be transferred (except in special cases) till the full term of residence (5 years) has expired. Under the 1895 Act, although the period of residence has been increased to ten (10) years, transfers can be made at the end of five years.

The upset price is fixed by the Minister for Lands, but is limited by law at not less than £8 per acre for Town, £2 10s. for Suburban, and £1 5s. for Country lots. Twenty-five per cent. of the purchase money must be paid at the time of sale, and the balance within three months, otherwise the sale may be declared void and the deposit forfeited.	Crown Lands not exceeding 200,000 acres in the aggregate for the whole Colony may be sold by auction annually. Town and Suburban Lands are areas within the boundaries proclaimed Town and Suburban Boundaries. Areas outside these limits are treated as Country lands.
Auction Sales.—Deferred Payment system.				
Eastern, Central, Western.	Section 61 of the Act of 1884 & Balances Act of 1887, and Regulations 131 and 132.	Town Lots, ¼-acre; Suburban Lots, 20 acres. Areas outside these boundaries, that have been or may hereafter be sub-divided into areas not exceeding 20 acres, pursuant to section 61 of the Act of 1884.	The Minister for Lands may make special terms of payment, but the minimum price for each class of land must not be less than that given above, and in every case a deposit of 25 per cent. must be paid at the time of sale.	Deferred payments bear interest at the rate of 5 per cent. per annum. The time fixed for the final payment must not in any case exceed five years from date of sale.
After Auction Sales.				
	Under section 56 of the Crown Lands Act of 1895 provision is made for the sale of Town and Suburban land, and land within Population Areas, which may have been offered for sale by auction and not sold. The price and terms of payment shall be the same as those attached to the last offer by auction. The granting of such applications is optional with the Minister.			
Improvement Purchases.				
Eastern, Central, Western.	Act of 1884, section 46, and Regulations 136 to 138.	Inside Town Boundaries, ¼-acre; Outside Town Boundaries, maximum 1 acre. Applications made prior to the Act of 1884 becoming law are dealt with under the Act of 1875, under which the maximum area available for purchase was 640 acres.	£8 per acre for Town Land, £2 10s. per acre for Suburban or other land, or £2 10s. for any area less than 1 acre.	Persons who, by virtue of Miners' Rights or Business Licenses issued under the Mining Act, are in authorised occupation of, and reside on land within a proclaimed gold-field may, in consideration of improvements of a minimum value of £8 per acre for Town, and £2 10s. for Suburban and Country lands, purchase the land without competition, at the price to be fixed by the Local Land Board.
Special Purchases.				
Eastern, Central, Western.	Act of 1884, sections 63 to 68, Regulations 139 to 145.	Not fixed	As regards sections 63 and 66 minimum upset auction prices of each class of land; for sections 64 and 67, no minimum.	Crown Lands to which no way of access is attainable, or which are insufficient in area for Conditional Purchase, or are situated between granted land and a street which forms, or should form, the way of approach to such granted land, may be sold to the holder in fee simple of the adjacent lands upon the recommendation of the Minister or Land Board, without competition. Reservations of water frontage may be rescinded, and the land sold without competition to the owner of the adjoining land. Permission may be given to the owner of freehold land having water frontage to reclaim land below high-water mark, which land may then be sold to him without competition. Unnecessary roads may be sold without competition to the owners in fee simple of the adjoining land. In all of these cases the price is fixed by the Land Board.
Volunteer Land Orders.				
Eastern, Central.	Act of 1884, section 22, Regulation 146.	50 acres	....	Any person who was enrolled as a Volunteer between January, 1868, and April, 1878, and underwent five years continuous training, was entitled to a free grant of 50 acres of Crown Lands open for Conditional Purchase. These Orders could be transferred by the holder.
Dedications for Public Purposes.				
Eastern, Central, Western.	Act of 1884, sections 104 to 106, "Lands for Public Purposes Acquisition Act" (44 Vic., No 16).	The Governor may, by notice in the *Government Gazette*, dedicate Crown Lands for any public purpose set forth in section 104 of the Act of 1884, and the "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).		
Dedications for Religious Purposes.				
Eastern, Central, Western.	By a resolution of the Legislative Assembly of 11th May, 1880, this form of dedication was discontinued. Those lands dedicated subsequent to that date were in pursuance of promises previously made.			
Exchanges.				
Eastern, Central, Western.	Act of 1889, section 46.	.....	Transactions under this head are chiefly confined to land, being exchanged for land without any monetary consideration.	The Governor may, after inquiry and report by the Land Board, accept from the holder of any Pastoral Lease a surrender of any land which may be situated within his leasehold and resumed area, and of which he holds or is entitled to demand a Grant, and may grant him in exchange an equal area within his leasehold area. The Governor may, after similar inquiry and report, acquire by purchase or exchange land held under any tenure, which may be required for purposes of access or approach to any natural water, tank, dam, or any like purpose. The land exchanged must be of equal value.

No. 8.—LAND RESUMPTIONS and PURCHASES during 1895.

Land acquired by the State.—Land may be acquired by resumption, by purchase, by exchange, by surrender, and by gift. Resumptions are made under the "Public Works Act" (51 Vic. No. 37), the "Lands for Public Purposes Acquisition Act" (44 Vic. No. 16), and the Crown Lands Acts of 1884 and 1889. All resumptions, other than those made by the Minister of Public Instruction and the Commissioners for Railways, are dealt with by the Government Land Valuer. Conveyances of land to the Crown are made by the Crown Solicitor, for transactions of which office see Part VIII, "Law and Crime."

No. 9.—PARTICULARS relating to CONDITIONAL PURCHASES.

Land available for Conditional Purchase.—Lands held under the following forms of lease are not available for conditional purchase:—pastoral, homestead, conditional, scrub, snow-land, special, inferior, and artesian well, residential, mineral, and auriferous; also, the area in the Western Division is not available for ordinary conditional purchase. The only lands that can be conditionally purchased are the unoccupied lands outside reservations and areas under occupation license and annual lease in the Eastern and Central Divisions, and lands under conditional lease, if not within reserves, may be applied for as conditional purchases by the holders thereof.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Price.	Remarks.
Conditional Purchases—Ordinary Residential.				
Eastern ..	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884, including Act of 1895.	Maximum area, 640 acres; minimum area, 40 acres. The maximum can, however, be increased to 1,280 acres by converting a conditional lease into an additional conditional purchase.	£1 per acre—2s. per acre deposit, payable on making the application, and after an interval of three years, during which period no payment is required and interest is not charged, the balance, together with interest at the rate of 4 per cent. per annum, is payable by annual instalments of 1s. per acre. The whole of the balance may be paid at selector's option after a continuous residence of five years from date of application in the case of selections made prior to the Act of 1895, or after ten years if subsequent thereto. The survey fee, according to prescribed scale, must be paid at the date of selection.	The holder of an ordinary residential conditional purchase is entitled to a conditional lease up to three times the area of his other conditional purchase, provided that the total area, including the portion leased, does not exceed 1,280 acres. Under section 29 of the Act of 1895 the term of residence in connection with a new conditional purchase or a new additional conditional purchase in virtue of a conditional purchase under the repealed Acts or even under the Act of 1884 is increased to ten years from the date of application. Exceptions as to residence are detailed in section 30 of the Act of 1895.
Central ..	do ..	Maximum area, 2,560 acres; minimum area, 40 acres.	do do ..	The same provisions regarding a conditional lease as in the Eastern Division, excepting that the total maximum area is 2,560 acres.
Conditional Purchases—Ordinary Non-Residential.				
Eastern, Central.	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884.	Maximum area, 320 acres; minimum area, 40 acres.	The price per acre, deposit, and all subsequent instalments are double those prescribed for ordinary residential conditional purchases. The survey fee is the same as that for ordinary residential conditional purchases.	A non-residential conditional purchase does not entitle the holder to a conditional lease.
Conditional Purchases—Special Areas outside Population or Suburban boundaries.				
Eastern ..	Acts of 1884 and 1889 (conditions not affected by the Act of 1895).	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 320 acres.	Thirty shillings per acre and upwards, the price being fixed by proclamation in the *Government Gazette*. One-tenth of the purchase money is payable on application, one-twentieth at the expiration of three years, and a similar amount each year subsequently until the balance of the purchase money, with interest at 4 per cent., has been paid.	This system was first introduced under the Act of 1884. The conditions to be fulfilled are similar to those of the ordinary conditional purchase. No conditional leases can be taken up in special areas, and no conditional lease of ordinary Crown Lands can be acquired by virtue of a conditional purchase within a special area.
Central ..	do ..	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 640 acres.	do do	The same provisions as in the Eastern Division, with the exception that a conditional lease can be taken up within a special area.
Western ..	do ..	do ..		do do
Conditional Purchases—Special Areas within Population or Suburban boundaries.				
Eastern, Central, Western.	Act of 1889 (conditions not affected by the Act of 1895.)	Maximum and minimum areas are specified in the proclamations.	The conditions of payment are specified in the proclamations.	Conditions as to residence, fencing, and other improvements are specified in the proclamations. Any lands within population or suburban boundaries which have been proclaimed special areas are available for special area conditional purchase.

HOMESTEAD SELECTIONS.

Division.	Authority.	Limit of Area.	Conditions.
Eastern, Central, Western	Act of 1895	Fixed according to capabilities of land for the maintenance of one family, but no selection must exceed 1,280 acres.	The applicant shall commence and continue for the first five years to reside on the selection within three months after the confirmation of the application. The annual rent shall equal 1½ per cent. of the capital value during the first five years. At the expiration of that period a grant is issued, transferring the land in perpetuity to the lessee, on the payment annually of a rent equal to 2½ per cent. of the capital value. Provision is made for a revaluation of the selection by the Government every ten years. An applicant may appoint a deputy to fulfil the residential conditions during the five years prior to the issue of the grant, but the applicant will be required to pay an annual rent equal to 3½ per cent. on the capital value during the before mentioned period and effect greater improvements, but on issue of grant his residence on the selection must be continuous.

Special Areas unselected on 31st December, 1895 (Conditional Purchases).—Of the 297,836 acres unselected, 49,132 acres are classified as Suburban or Population Areas, and 248,704 acres are defined as Country Lands.

No. 13.—CONDITIONAL PURCHASES.

APPLICATIONS MADE AND CONFIRMED, AND DEEDS ISSUED.

Confirmations.—The system of confirming applications was first introduced under the Act of 1884, and was established primarily with the object of minimising the possibility of conflicting applications.

Deeds Granted.—Deeds are granted on receipt of notice from the Land Board, certifying that the conditions of purchase have been fulfilled under the 1884 Act. No certificate has issued under five years from date of application; the Act of 1895, however, extends the period to ten years.

No. 14.—LOCAL LAND BOARDS.—Transactions of Courts, 1895.

Local Land Boards.—Under the Crown Lands Act of 1884 (48 Vic. No. 18) Local Land Boards were established in the several Land Districts. The former, on the 31st December, 1895, numbered 14, and the latter, 103. The Members of each Board cannot exceed three in number, and are appointed by the Governor. The Chairman receives a fixed salary, and the other members are paid by fees.

No. 15.—LAND APPEAL COURT.

REFERENCES BY MINISTER AND LOCAL LAND BOARDS, 1895.

Reference by Minister.—An appraisement made by the Local Land Board may be appealed against, but on the receipt of any appraisement not so appealed against the Minister for Lands must either accept the same, or within one month refer it to the Land Appeal Court. The amount determined by the Land Appeal Court shall be final and conclusive.

Reference by Board.—The Local Land Board, instead of giving decisions in cases within its jurisdiction may, after taking evidence, refer such cases for decision to the Land Appeal Court, which has full power to deal with cases so referred.

APPEALS SUSTAINED, DISMISSED, &c., 1895.

Land Appeal Court.—The Land Act of 1889 constituted the Court under the name of the Land Court, with a President and two colleagues. The first sitting took place on the 3rd March, 1890. By virtue of the "Judicial Offices Act" (55 Vic. No. 26), the title was changed in 1892 to Land Appeal Court, and members were designated as Commissioners. Any appraisement, recommendation, determination, decision, or award of any Local Land Board may be appealed against to the Land Appeal Court. The Court is itinerant, thus saving time and expense. Appeals to the Supreme Court are heard by the Full Court.

Decisions of Supreme Court.—During 1895 the Land Appeal Court was requested to state special cases for the decision of the Supreme Court in seven instances, all of which were proceeded with. Three were confirmed, and four were not finally dealt with.

No. 16.—PARTICULARS relating to OCCUPATION.

Forms of Lease under Land Acts.—Prior to the 1884 Act the only forms of lease granted were Pastoral, Annual, Special, and Pre-emptive. Under the 1884 Act provision was made for each of these forms of lease to be continued except the pre-emptive, which was abolished. Under the same Act, Occupation Licenses, Conditional and Homestead Leases were established. The supplementary Act of 1889 provided for five additional forms of Lease, which were as follows, viz. :—Scrub, Snow Land, Artesian Well, Residential, and Inferior Land, and under the Act of 1895 two other forms of Lease were added, viz. :—Settlement Leases for Agriculture and Grazing and Improvement Leases.

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
	Pastoral Leases.		
Eastern, Central, Western.	Eastern Division—Leases expired, 1890. Central Division—10 years currency from 1885; leases expired 1895, but in a proportion of cases extensions varying up to 5 years have been granted under the provisions of section 43, Act 1889. Western Division—15 years currency (1884 Act); 21 years currency from 1890 (1889 Act). In both cases the term has by the Act of 1895 been extended to 28 years.	No limit fixed	Areas under pastoral lease are exempt from conditional or unconditional sales or any form of lease.
	Occupation Licenses.		
	ORDINARY.		
Eastern, Central, Western.	From January to December—Renewal is subject to payment of license fee.	No limit fixed	Lands held under occupation license are available for conditional purchase or conditional lease in the Eastern and Central Divisions, and to homestead lease in the Western Division, also for settlement lease and improvement lease in any division.
	PREFERENTIAL.		
Eastern, Central.	do do ..	No limit fixed	Under the 33rd section of the Lands Act of 1889, the holder of a pastoral lease in the Eastern Division, and under section 4 of the Act of 1895 the holder of a pastoral lease in the Central Division, has a preferential right to an occupation license on area hitherto held by him under pastoral lease. This privilege has been extended by the Act of 1895 to cases where land is withdrawn for purposes of settlement from land held under pastoral lease in the Central or Western Division. Other conditions are similar to those of ordinary occupation license.
	Homestead Leases.		
Western ..	Fifteen years currency from 1885 (1884 Act); 21 years currency from 1890 (1889 Act); 28 years by Act of 1895.	Maximum, 10,240 acres; minimum, 2,560 acres. Under section 34 Act 1889, the minimum area can be reduced to 640 acres.	Areas under homestead lease are exempt from conditional purchase. Lands held under annual lease or occupation license are available for homestead lease.
	Conditional Leases.		
	GAZETTED.		
Eastern, Central.	Under 1884 Act, 15 years from confirmation; under 1889 Act, 15 years from date of application, extended in both cases to 28 years by Act of 1895.	Area cannot exceed three times the area of conditional purchase, and cannot be less than 40 acres. In the Eastern Division the total area conditionally purchased and conditionally leased must not exceed 1,280 acres, and in the Central Division 2,560 acres.	Lands in the Eastern and Central Divisions available for ordinary conditional purchase are open for conditional lease. A conditional lease, even of ordinary lands, cannot be taken in virtue of a special area conditional purchase in the Eastern Division. This limitation does not, hovever, apply to the Central Division. Land in the Western Division is not now available for conditional lease. The conditional leases existing in the Western Division are pre-emptive leases converted into conditional leases under the Act of 1884.
	UNCONFIRMED (not Gazetted).		
Eastern, Central.	do do ..	do do ..	Under the 1889 Act unconfirmed conditional leases are subject to a provisional rent of 2d. per acre.
	Annual Leases.		
Eastern, Central, Western.	From January to December of each year.	Area cannot exceed 1,920 acres	Lands held under annual lease are available for auction sale, conditional purchase, conditional lease, special lease, snow land lease, and homestead lease in the Western Division.

No. 16.—PARTICULARS relating to OCCUPATION—*continued.*

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
Settlement Leases for Agriculture and Grazing. (Under Land Act of 1895.)			
Eastern, Central, Western.	Lease for 28 years, Act 1895.	Area not more than 1,280 acres for agriculture, and not more than 10,240 acres for grazing and agriculture combined.	The land must, in the first instance, be set apart for this purpose. Lessee shall reside on farm, and make it his *bonâ fide* home. Last holder shall have tenant-right in improvements.
Improvement Leases. (Under Land Act of 1895.)			
Eastern, Central, Western.	Lease for 28 years, Act 1895.	Area not more than 20,480 acres.	Scrub and inferior land leases granted under the principal Act may be extended to a term not exceeding 28 years. Lessee shall have tenant-right in improvements.
Scrub Leases.			
Eastern, Central, Western.	Twenty-one years and under, commencing from date of notification in *Government Gazette.* By sec. 26 of the Act of 1895, the period may be extended to 28 years.	No limit fixed	Scrub leases may be obtained for lands already held under other forms of lease or license, the area under scrub lease, however, being withdrawn from other tenure. A pastoral or homestead lessee is not allowed to hold a scrub lease, except within the land held under lease by himself. Last holder may be granted tenant-right in improvements.
Snow Land Leases.			
Limited by climatic conditions	Seven years and under (with possible extension of three years), commencing from date of notification in *Gazette.*	Maximum, 10,240 acres; minimum, 1,280 acres. ***Artesian Well Leases.**—Under the Crown Lands Act of 1889 any holder under Annual Lease or Occupation License may apply for an Artesian Well Lease. Prior to 1895, however, no Artesian Well Leases were granted, but the area applied for each year under this form of Lease was included with that under Occupation Licenses, and was subject to Occupation License fee. At the end of 1894 the area applied for and occupied for the purpose of Artesian Well Leases was 296,956 acres, and 122,830 acres for each of the two previous years.

Conditional Leases converted into Additional Conditional Purchases.—From the 1st December, 1889, the date the Land Act of 1889 came into force, to the 31st December, 1895, 602,070 acres, originally taken up under Conditional Lease, have been converted into Additional Conditional Purchases.

Miners' Rights, Mineral and Business Licenses.—The above figures are exclusive of land held under these forms of tenure, the area of which is not known.

Rents collected from Leaseholds.—The amount of Rent collected on the Leases is that stated by the Lands Department, which differs somewhat from the Treasury Returns shown in "Part III, Public Finance."

†Church and School Lands, 1891-95.—The particulars for 1894 and 1895 are accurate, but the figures for the previous years can only be accepted as approximately correct.

No. 18.—CHURCH AND SCHOOL LANDS.

Church and School Lands.—In the year 1826 certain lands in the settled districts of the Colony were set apart for religious and educational purposes, under the above head, the income from which was devoted to the support of the Church of England. During 1831, a change in the distribution of the funds was effected by which the Church of England, the Roman Catholic Church, the Presbyterian Church of Scotland, and the Wesleyan Church, received five-sevenths of the total income, and two-sevenths were devoted to the purpose of public instruction. The aid to religious bodies was withdrawn at the close of 1882, under the "Church and School Lands Act of 1880," and the income available after certain expenses had been met has been annually paid into the Consolidated Revenue.

AREA UNDER EACH CLASS OF LEASE ON 31st DECEMBER, 1895.

Authority to Lease.—Power was given under the 1880 Act to grant leases for agricultural or grazing purposes for a term not exceeding 21 years; for mining purposes, not exceeding 40 years; for a repairing lease, 60 years; and for a building lease, 99 years. Under the "Mining on Church and School Lands Act of 1888," the maximum period of a lease for mining for gold was reduced to 15 years, while for any other minerals the term, 20 years, was not altered.

No. 19—SURVEY of LANDS—AREA and COST of Land Measured during 1895.

Survey Fees.—The cost of surveying lands, whether for sale or lease, except areas submitted for auction sales (other than those under "Auction Sales Balances Act of 1887") or occupation license, is wholly or in part borne by the purchaser or lessee. In case of dedications the Government receive in some instances a portion of the expenses incurred. For conditional purchases, conditional leases, and special leases the fees are similar and range from £1 for 1 acre to £18 for 2,560 acres.

No. 21.—LABOUR SETTLEMENTS.

The Labour Settlements Act (56 Vic. No. 34), 1893, provides that Crown lands may be made available for labour settlements. Separate Boards of Control are appointed and land may be leased for twenty-eight years with a right of renewal. The Board enrols desirable persons, and, on approval of the Minister for Lands, loans of money are granted. The rent of land and the first repayment of a loan are not required until four years from date of lease. During 1894 an amending Act was passed, under which the Minister was empowered to double the amount authorised to be granted by way of loan under the provisions of the principal Act. At the close of 1895 three settlements were in existence, viz. :—Pitt Town and Wilberforce in the Windsor District; and Bega, in the Land District of Bega.

COURT OF CLAIMS.

Prior to 1831 all grants of public land were made upon the sole authority of the Governor. After that date all public lands were directed to be sold. The so-called "grants" issued prior to 1831 were only promises of grants, giving authority to take possession of the land, but not conferring any title in law. In 1833 an Act was passed (4 Wm. IV No. 9), appointing and empowering three or more Commissioners to hear and determine claims to grants of land. This Act was limited to two years' operation, but in 1835 was made perpetual by Act 5 Will. IV No. 21. The Commissioners are each remunerated by a fee of £2 2s. for each case, and the Secretary by a fee of £2. No claims were brought before the Court during 1895.

No. 26.—AGRICULTURAL DEPARTMENT—OPERATIONS.

AGRICULTURAL COLLEGE EXPERIMENTAL FARMS AND NURSERY.

Hawkesbury Agricultural College and Farm.—The buildings and furnishings of this College and Farm, now in their fourth year of existence, were completed in January, 1896, and officially opened on 14th April, 1896. The buildings are very commodious, providing accommodation for 96 resident students. During 1895 there were 96 students enrolled, besides several dairy students, and 16 were awarded the College diploma, which is accompanied by the "Burdekin" medal, founded by Mr. Sydney Burdekin. The Minister's and the Principal's prizes (gold medals), as well as book prizes for various subjects, are awarded annually. Theoretical and practical instruction is afforded by experts in every branch of agriculture, and experimental work is carried on with cereal and other crops, fertilisers, the analyses of soils, dishorning and spaying of cattle, etc. The live stock belonging to the farm and college during 1895 consisted of 32 horses, 12 bullocks, 281 dairy cattle, 136 pigs, and 50 sheep. The principal operations were :—

Acres.	Crop.	Yield per acre.	Acres.	Crop.	Yield per acre.
77	Wheat, for grain	22 bushels.	17	Turnips	6 tons.
6	" " hay	25 cwt.	3	Linseed	6 bushels.
66	Oats	25 "	3	Buckwheat	7 "
16	Lucerne	2 tons.	38	Pumpkins	30 cwt.
19	Sorghum	12 "	8	Watermelons	100 doz.
70	Maize	15 bushels.	9	Preserving melons	15 tons.
50	Maize stalks for silage, &c. ..	10 tons.	4	Potatoes	3 "
30	Barley	15 bushels.	2	Mangold wurzel..	6 "
4	Chevalier barley	6 "			

An orchard 30 acres in extent and a vineyard of 10 acres have been planted, and are now producing magnificent fruit, and the growing of plants for scents has been commenced. Dairying is carried on, the yield of milk for 1895 being 132,060 gallons, the quantities of butter and cheese made being 3,264 lb. and 11,005 lb. respectively. Instruction is given in cheese-making, general dairy work, and the management of poultry and bees. The students are also taught to kill and dress sheep, carpentry and blacksmith's work, fencing, and mechanical trades.

Murrumbidgee Experimental Farm.—This farm is situated about 4 miles north of the town of Wagga Wagga. The total area is 2,300 acres, of which 700 are under cultivation, 500 acres being devoted to growing seed wheats, barley, and oats ; 84 acres to fruit trees and grape vines ; 80 acres to summer crops, such as maize, sorghum, millet, pumpkins, melons, cow peas, lima beans, &c. ; the remaining portion being taken up by irrigation plots, nursery and experimental plots. The numbers of varieties under experiment are as follow :—Fruit 2,000, wheat 320, crossbred wheats 300, oats 50, barley 12, sorghum 20, maize 20, peas 36, onions 24, millets 12, turnips 30, sugar beets 20, potatoes 60, pumpkins 50, melons 30, and fodder crops of every description. Quarters for 16 students have been erected, as well as cottages for the manager and workmen ; also barns, hay-shed, and stables. There is no natural water supply, but dams of 6,000, 10,000, and 40,000 yards capacity have been excavated, the latter being used for supplying water to the irrigation plots. Upwards of 3,000 farmers have visited this farm during 1895. A specialty is made of growing seed wheats and fruits for drying. During the past season applications were received for upwards of 40,000 bushels of seed wheats, the price quoted being 7s. 6d. per bushel, amounting to about £15,000. Preparations are being made for dairying and pig-raising on a large scale, and also for carrying out feeding trials with cattle, sheep, &c.

Richmond River Experimental Farm.—This is situated at Wollongbar, on the southern side of the road from Lismore to Ballina. Experiments are conducted with the view to determine the most suitable fodder plants for these districts; and many varieties of sugar-cane, some procured from Jamaica, as well as different semi-tropical and tropical plants and fruits, have been planted in order to test their value and suitability.

Plantation Trial Stations.—Advantage has been taken of some of the Artesian Bores in the arid country between the Darling River and the Queensland Border to show what crops and trees can be grown in those districts by means of irrigation. Plantations of fruit and forest trees, date palms, sugar-cane, cereals, grasses, and potatoes, have been made at the following stations :—

Plantation Station.	Road where situated.	Plantation Station.	Road where situated.

Irrigation Blocks.—At the Pera Bore an area of 640 acres has been sub-divided into 20-acre blocks, and offered on lease under the homestead settlement provisions of the Crown Lands Act, 57 acres being retained for a Government Experimental Farm. Eleven of the blocks have been taken up and good results from cultivation by artesian water are being obtained. Blocks are also being obtained at the Moongulla Bore on the same conditions as irrigation farms. If this experiment prove successful, it is intended to take similar action at some of the other bores.

Sericulture.

Booral Mulberry Plantation.—At Booral, near Newcastle, in order to test the practicability of sericulture being made a profitable industry, the Government has rented a plantation of mulberries 7 acres in extent, for a period of three years from September, 1894, and silk worms are being reared. At the expiration of the lease it is proposed to continue operations at the Hawkesbury Agricultural College Farm, where a large number of mulberry trees have been planted.

New Italy.—At the settlement of New Italy, near the Richmond River, a number of Italian families who arrived in the Colony in 1881, on the failure of the Marquis de Ray's scheme for the colonisation of New Ireland, have planted a considerable area with mulberry trees, and have initiated sericulture.

Government Grant.—During the year 1894 a special grant of £200 was voted in aid of the Women's Co-operative silk-growing and Industrial Association of New South Wales.

No. 27.—AGRICULTURAL, PASTORAL, and HORTICULTURAL SOCIETIES—Incomes and Government Subsidies, 1895.

Subsidies to Agricultural Societies.—The sum of £10,000 was voted by Parliament for 1895 to meet the expenses of subsidising the Agricultural, Pastoral, and Horticultural Societies of New South Wales. The amount of subsidy granted is in the proportion of 10s. for every £1 raised by subscriptions and donations, but a society is not entitled to receive any subsidy unless the subscriptions of members during the year amount to at least £100. For the financial year commencing 1st July, 1895, a further grant of £1,500 was made, to provide subsidy at the rate of 10s. in the £ for societies which received less than £100, but over £50 per annum, members' subscriptions.

No. 50.—RABBIT EXTERMINATION.

"The Rabbit Nuisance Act of 1883."—This Act (46 Vic. No. 14) came into operation on 1st May, 1883. Under its provisions a tax was imposed on stockowners having not less than 200 horses or cattle, or 1,000 sheep, at a rate not exceeding 1½d. per head of large stock and ½d. per sheep. In addition to the amount of the tax the owners or occupiers of the land had to contribute at least 25 per cent. of the total amount expended. It was found necessary to supplement this revenue by £503,786 from the Consolidated Revenue during the period the Act was in operation.

EXPENDITURE, 1883-90.

"The Rabbit Act of 1890."—From 1st July, 1890, to 31st December, 1894, the Government expenditure on account of the rabbit pest has been limited to the sum of £22,761, under the provisions of "The Rabbit Act of 1890" (54 Vic. No. 29), and almost the whole of this has been devoted to the erection of rabbit-proof netting.

Wire Netting Fences.—A wire netting fence, 346 miles in length, following the boundary between New South Wales and South Australia, has been erected by the Government of the former Colony, the cost of the repairs of which are shared by the Government and the owners of the holdings adjoining the fence. On the northern boundary a similar fence was erected by, and at the sole expense of, the Queensland Government, which also undertakes its maintenance. The supervision of the Eastern Barrier fence, which follows the railway line, has been undertaken by the Railway Commissioners. The fences along the western side of the railway line, extending from Narromine in the west to Corowa in the south, have also been rendered rabbit-proof. It is estimated that the total length of fencing erected is 14,500 miles.

No. 51.—WATER CONSERVATION.

PUBLIC WATERING-PLACES.

There are 247 Public Watering-places, consisting of Dams, Tanks, Wells, and Bores; of these 180 are leased at rentals ranging from £1 to £135 per annum. The leases are let by public tender, and the tenants are permitted to take stock on agistment; to depasture a limited number of their own; to cultivate the land, and to retain the fees charged for the watering of stock. There are also 26 unleased Public Watering-places which are placed in charge of caretakers, who remit to the Treasury all moneys collected; 7 are placed under Trustees, and 34 are open watering-places.

No. 53.—FISHERIES.

"The Fisheries Act, 1881" (44 Vic. No. 26), which repealed Acts 28 Vic. No. 10, 31 Vic. No. 16, and 31 Vic. No. 29, was the first formal attempt to legislate with the view of protecting the natural supplies of fish (including oysters, lobsters, and prawns) and to regulate and control their capture. This Act, as amended May, 1883 (46 Vic. No. 25), regulates the description and mesh of nets that may be used, provides for close seasons, the issue of licenses, imposition of penalties, etc. The administration of the Act is entrusted to five Commissioners, appointed by the Governor-in-Council, whose term of office is five years, and whose jurisdiction extends over the entire Colony. The "Sunk Nets Act" (56 Vic. No. 15) and the "Fisheries Act Amendment Act" (58 Vic. No. 4) were passed as Supplementary Acts during the years 1892 and 1894 respectively.

Divisions of Fisheries.—The fisheries on the seaboard are distributed into three divisions—the Home, the Northern, and the Southern; and the Inland Waters Fisheries comprise Lake George, The Murrumbidgee, The Darling, and The Murray.

Sales of Fish.—The amounts realised were £29,647 during 1893, £25,368 during 1894, and £26,950 during 1895.

Fish Condemned.—The quantities of fish condemned during 1895 were: Under size, 11 baskets; unfit for food, 1,621 baskets.

Private Fish Markets.—Two other fish-markets are held at Redfern, Sydney—one is private, and the other is conducted on the co-operative principle. Returns for 1895 were not procurable.

"Oyster Fisheries Act, 1884" (48 Vic. No. 6).—Under this Act the Commissioners grant leases on the following conditions:—(1.) No leased area measured along the foreshore shall exceed 2,000 linear yards. (2.) Deep water or natural oyster beds shall not exceed 25 acres, or be leased at a less annual rental than £2 per acre. (3.) The term of any leased area shall not exceed 15 years, renewable from time to time during the 12th year. Any portion of the shore of a tidal water (not exempted or created a public oyster reserve under the Act), may be taken on annual lease, the rental being fixed at £1 for every 100 yards or portion thereof. During 1895, 13 applications for leases of from 100 to 1,000 yards, representing a total of 6,500 yards, were made; the deposits paid on these applications amounted to £70. The rentals received from leases for 1895 were £1,488.

No. 55.—MINERS' RIGHTS, MINERAL and BUSINESS LICENSES, 1890–95.

Miners' Rights, Mineral and Business Licenses are issued under the 1884 Mining Act. The annual fee for the first mentioned is 10s., and £1 for each of the others. A Miner's Right entitles the holder to mine for gold only, while a Mineral License confers on the holder the power to mine for all minerals other than gold. Any holder of a Business License or Miner's Right is allowed to take up an area of ½ acre of Crown lands within town boundaries and 1 acre outside those limits, under certain conditions.

No. 57.—DIAMOND DRILLS.

Terms for using Diamond Drills.—These drills are lent to private persons upon payment of (1) £2 2s. for cost of inspection; (2) £10 per week for cost of diamonds, and wear and tear of machinery; (3) Wages of the foreman and his assistants; (4) Cost of tubes damaged or destroyed or that cannot be withdrawn from the bore. In lieu of the above, arrangements may be made for the work to be done at a fixed price per foot for various depths. In all cases the cost of the carriage of the machinery to and from the boring site must be paid by the applicants. The Minister has power to reduce these rates under certain conditions by any sum not exceeding 50 per cent.

PART VII.—MANUFACTORIES AND WORKS.

Establishments included in Tables.—These Tables include (1) all Manufacturing Establishments using steam or other power, and (2) those not using such power if they employ 5 hands and upwards. Works employing only 1 hand are excluded. The returns deal only with Manufacturing Industries, and in cases where importing or retail business is carried on conjointly with Manufacturing, the greatest care has been taken to include only the Manufacturing Branches.

* **1892 Returns.**—The returns of this year as they were published in the Statistical Register showed a total of 48,632 hands. This included a number of persons engaged in trades of which returns were obtained under the provisions of the "Census and Industrial Returns Act." These were not included in other years, and they have therefore been omitted from this comparative table.

Statistical Year.—Previous to 1892 the statistical year ended March 31st; thus 1885-1886 refers to the year beginning on April 1st, 1885, and ending March 31st, 1886. For 1892 and subsequent years the statistical year coincides with the calendar year.

Supplementary Tables for 1895.—Of Factories employing less than 5 hands, but not using steam or other machinery, there were for the year 1895, 665 establishments, employing a total of 1,907 hands (1853 males and 54 females). See Table No. 6, page 622.

* The particulars of mills not in operation during the year are not included in these figures.
† The figures for years previous to 1892 include some small mills, employing on an average less than three hands each.
‡ Two of these establishments employ water, amounting to 25 horse-power.

No. 22.—TOBACCO FACTORIES—HANDS EMPLOYED, LEAF used, TOBACCO, &c., manufactured, and Power and Value of Plant, 1886-95.

Tobacco manufactured from locally-grown leaf.—The figures representing the New South Wales grown leaf are obtained by subtracting from the total quantity of tobacco manufactured the weight of the imported leaf used. It is probable the figures are too high as ingredients other than tobacco leaf are used in the making of tobacco.

No. 24.—RATES OF WAGES paid per week in various Trades and Occupations, 1895.

Note—Piecework.—In the numerous instances in which work is done and paid for as piecework, weekly rates of wages have been calculated on the assumption that a week is equal to forty-eight hours' work, and the rates quoted show, therefore, the amount of wages which would be earned by workmen doing a full week's work.

PART VIII.—LAW AND CRIME.

No. 1.—POLICE AND POLICE DISTRICTS.

Departmental Police Districts.—New South Wales is divided into ten Departmental Police Districts (Inspector-General's Office), each of which is in charge of a Superintendent; these districts are subdivided into sub-districts in charge of an Inspector or Sub-inspector, and are in no way identical with the gazetted Petty Sessions or Police Districts (Department of Justice).

Strength of Police, 31st December, 1895.

The Police Reward Fund is sustained by a moiety of each fine imposed for offences under the Police Acts; by fines imposed upon constables; by penalties or damages awarded to the police on summary convictions; and by the proceeds of sales of unclaimed goods. Sums are transferred annually from this fund to the Police Superannuation Fund to make good the deficiencies in the latter account. The credit balance on 31st December, 1895, was £11,412.

The Police Superannuation Fund is operated upon under "Police Regulation Act, 1862." It is chiefly supplemented by annual deductions of £3 per cent. from the pay of all members of the police force, and by transfers from the Police Reward Fund. From the accumulated credit the superannuation allowances and gratuities to the members of the police force are paid. The cash balance on 31st December was £5,955.

Section I.—CRIMINAL JURISDICTION.

No. 2.—LOWER COURTS (*Magistrates' Courts*).—SUMMARY JURISDICTION—PERSONS dealt with, 1895.

Presiding Magistrates.—The Magistrates' Courts or Courts of Petty Sessions in the Metropolitan District are presided over by six Stipendiary Magistrates who were appointed under Act of 1881 (45 Vic. No. 17), and in the Country Districts Police Magistrates and Justices of the Peace adjudicate, the latter being honorary officers. Police Magistrates are salaried officers, appointed under the provisions of Act 20 Vic. No. 32, to act in concert with the honorary Justices of the Peace in Country Districts. When sitting alone, they can exercise the powers and jurisdiction otherwise conferred by law only on benches consisting of two or more Magistrates.

The jurisdiction of Magistrates is limited to offences involving a penalty of **six months** imprisonment and under in all cases except those under the "Distillation Acts" and the "Customs Regulations Acts," when sentences of twelve months can be imposed, and two years for cases under the "Chinese Restriction and Regulation Act of 1888," and the "Children's Protection Act 1892."

No. 4.—LOWER COURTS (*Magistrates' Courts*).—PERSONS CONVICTED and Punishments inflicted, 1895.

Whipping.—Under the Criminal Law Amendment Act (46 Vic. No. 17) provision has been made for whipping as an additional punishment, chiefly for offences classed as wanton and unprovoked assaults and indecent exposure. The Court adjudicating must, however, consist of two or more Justices, one of whom shall be a Police or Stipendiary Magistrate. In the Metropolitan District the cases are decided before two Stipendiary Magistrates.

Criminal and Quasi-Criminal Cases.—The number of persons convicted given in the table includes only those persons dealt with in Criminal Jurisdiction. Information of persons dealt with in Quasi-Criminal Jurisdiction, that is to say, those persons who were imprisoned for non-compliance with orders of the Court, will be found in Table No. 31, page 712.

Police Summonses.—The police summonses given represent only those summons cases which the police initiated and prosecuted.

No. 7.—LOWER COURTS (*Magistrates' Courts*).—DRUNKENNESS—Distinct Persons Committed to Gaol under Sentence, 1895.

Drunkenness—Distinct Persons.—The figures shown in the Total column represent the number of "distinct persons committed to gaol" under sentence for Drunkenness and Drunkenness with Disorderly Conduct during 1895, the figures given in the other columns represent the number of times they were convicted, as for instance, there were 11 men between 75 and 80 years of age sent to gaol under sentence, 8 of whom were convicted once during the year, 1 three times, 1 four times, and 1 five times. Of the females at ages 65 to 70 there were 9 convicted during 1895, of whom 6 were convicted once, 1 twice, 1 five times, and 1 twenty-two times.

Exclusive of Persons Paying Fines.—The figures do not include persons who, when the option had been given them, paid fines in lieu of being imprisoned—that is to say, the figures represent only those persons who were either peremptorily imprisoned or those who preferred imprisonment to paying fines.

No. 8.—PERSONS COMMITTED.

How Committals are dealt with.—All persons, except those committed by Supreme Court Judges, Chairmen of Quarter Sessions, and Coroners, who are entered on the charge sheet of the police must be brought before Magistrates of Courts of Petty Sessions to be by them summarily dealt with or committed for trial, in addition to which persons may be brought by the Attorney-General before the Court on information filed *ex officio*. The jurisdiction of the Coroners is limited to murder, manslaughter, and arson. Judges of the Supreme Court and Chairmen of Quarter Sessions are empowered to direct for trial persons alleged to have committed perjury before the Court.

Persons charged with Indictable Offences and discharged by Magistrates.—Among those summarily dealt with are those who were charged with indictable offences; but no *prima facie* case being made out the Magistrates discharged them. During 1895 there were in the metropolis 390 persons, and in the country 392, or a total of 782 discharged by Magistrates.

How Persons were dealt with.

After a person is committed by Magistrates or Coroners, the depositions of the case are forwarded to the Clerk of the Peace, thence to the Crown Prosecutor of the district for an opinion; the papers are then transmitted by the Clerk of the Peace to the Attorney-General, who determines whether a Bill shall be found.

No. 9.—HIGHER COURTS.—PERSONS Charged at each Court, 1895.

(Central Criminal and Circuit Courts and Courts of Quarter Sessions.)

Higher Courts.—*Central Criminal and Circuit Courts.*—Judges of the Supreme Court preside over the Central Criminal and the 15 Circuit Courts in different parts of the Colony. *The Courts of Quarter Sessions* are presided over by Chairmen, who are also Judges of the District Courts. There are seven Chairmen, two of whom preside over the Metropolitan, Suburban, and Hunter Districts and one over each of the five remaining districts. Accused persons in each jurisdiction are tried by a jury of twelve.

Jurisdiction.—The Central Criminal and Circuit Courts, and Courts of Quarter Sessions, have co-ordinate jurisdiction excepting as regards capital charges which cannot be dealt with by Courts of Quarter Sessions.

Clerk of the Peace.—This officer is charged with the control of the committals to Higher Courts and either attends personally or by deputy throughout the Colony at the Central Criminal and Circuit Courts and Courts of Quarter Sessions.

‡ Includes 2 found not guilty on the ground of insanity. § Insane.

This table applies to offences and not to persons; the totals do not, therefore, agree with those given in the two preceding tables. If burglary and larceny were attached to the same person, the two offences and how they were dealt with would appear in this table; in the preceding table, however, if a person were convicted on more than one charge, the more or most serious offence would only be recorded.

No. 14.—EXTRADITION.

Extradition Court.—A person charged under the Extradition Act is brought before the Governor. The Consul for the country to which the person charged belongs, the Crown Solicitor, the Inspector-General of Police, and usually the detective officers interested in the case, are present. Evidence is taken on oath, and, if the Governor is satisfied that the person is liable to be extradited, a warrant is made out, and he is sent to Darlinghurst Gaol for fifteen days prior to extradition, during which interval he may apply to the Supreme Court for a writ of *habeas corpus*.

Extradition Act, 1870 (Imperial Statute).—This Act provides for the surrender to Foreign States of persons accused or convicted of certain crimes within the jurisdiction of such States, and for the trial of criminals surrendered to the British Dominions.

Treaties of Extradition for the mutual surrender of fugitive criminals exist between Her Majesty's Government and the following Governments:—

FUGITIVE OFFENDERS WITHIN THE BRITISH EMPIRE.

Fugitive Offenders Act, 1881 (Imperial Statute).

Provision is made in this Act for the surrender from the United Kingdom to a British possession, or *vice versa*, or from one British possession to another, of fugitives charged with the commission of any offence which is, in the part of Her Majesty's Dominions where it was committed, punishable by imprisonment with hard labour for twelve months or more, or by some greater punishment; fugitives, however, in British possessions to which Part II of the Act applies, may be brought back for any offence punishable by law in that possession. These conditions have been extended to Australasia and Fiji. Persons apprehended under this Act are dealt with at a Magistrates' Court, *and are not included* with the figures in the Return of the Extradition Court.

No. 17.—DISTINCT PERSONS Committed to Gaol under Sentence, 1895.

Distinct Persons.—The figures shown for total distinct persons represent the number of "distinct persons committed to gaol" under sentence during 1895, the figures given in the intermediate columns represent the number of times they were convicted, as for instance, there were 151 distinct or separate males between 20 and 21 years of age sent to gaol under sentence, 130 of whom were convicted once during the year, 18 twice, 2 three times, and 1 four times. Persons who have been liberated under the First Offenders Probation Act and those who paid fines are not included in the tables.

Persons Paying Fines.—The figures do not include persons who when the option had been given them, paid fines in lieu of being imprisoned. As will be seen by Table No. 4, page 660, nearly 50 per cent. of the persons convicted in Criminal Jurisdiction in Magistrates' Courts during 1895 elected to pay the fines in lieu of being sent to prison; similarly the figures are exclusive of those persons who paid fines in cases connected with the indictable offences, that is to say, the figures represent only those persons who were either peremptorily imprisoned, or those who preferred imprisonment to paying fines.

No. 18.—PERSONS COMMITTED to Gaol under Sentence, 1895.

(Counted once every time they were received.)

Comptroller-General of Prisons.—Under Act 37 Vic. No. 14, the office of Comptroller-General of Prisons was established, and prison regulations are enforced under the Prisons Regulations Act of 1840 (4 Vic. No. 29).

Terms of Imprisonment.—The terms of imprisonment for the several offences are defined in the Criminal Law Amendment Act of 1883 (46 Vic. No. 17) and the Criminal Law and Evidence Amendment Act of 1891 (55 Vic. No. 5).

Remission of Sentences.—Prisoners, by continuous good conduct and industry, become eligible for a remission of sentence, in proportion to the term served by them, in accordance with the following scale:—In cases of cumulative sentences, the united period shall be deemed the term of sentence. Sentences not exceeding five years, a service of five-sixths; sentences beyond five, but not exceeding ten years, a service of four-fifths; sentences of more than ten years, a service of three-fourths of the term, except in sentences commuted from capital convictions, and prisoners serving sentences not exceeding twelve months. Prisoners under such sentences, however, are not debarred from having the circumstances of their cases taken into consideration.

No. 18.—PERSONS COMMITTED to Gaol under Sentence, 1895—*continued.*

(Counted once every time they were received.)

Penal Servitude.—Penal servitude is not awarded if the term of imprisonment be less than three years. In the case of male prisoners it is taken to mean hard labour on the roads or other public works, and for female prisoners hard labour in gaol. This punishment is practically the same as that of hard labour.

Hard Labour.—Prisoners under sentence of hard labour are, after examination by the Medical Officer, placed to work at occupations which the gaol authorities consider come within the meaning of the sentence.

Without Labour (Imprisonment only).—Prisoners undergoing a sentence of imprisonment without labour are treated differently to others, and, if they entirely maintain and clothe themselves, are exempted from any work; otherwise they contribute to their own support by performing such labour as may be provided.

Sentences to Irons.—Under section 405 of the Criminal Law Amendment Act a prisoner who has been convicted of a felony attended with violence to the person, or committed by the offender when armed, or by means of any threat, is liable to be kept in irons for any portion, not exceeding the first three years, of his term of punishment.

No. 20.—PRISONERS in GAOLS at close of year.

Principal and Minor Gaols.—These terms are Departmental, the only difference between the two classes of institutions being that the former are larger and more important, and have greater facilities for the employment of prisoners sentenced to hard labour, as well as for the better classification of the prisoners.

Police Gaols.—These are small lock-ups which have been proclaimed gaols for the detention of short-sentenced local prisoners and persons awaiting trial. The buildings belong to the Department of the Inspector-General of Police, but the Comptroller-General of Prisons has a portion for the retention of these persons. The gaolers are police constables, but each receives a small salary from the Department of the Comptroller-General of Prisons.

Awaiting Trial.—Persons awaiting trial are allowed to see their legal advisers, and others who may visit them, in reference to their trial. It is not required that they should wear prison clothing, and many other privileges, consistent with safe custody, are allowed.

Under Examination.—Persons under examination are not allowed any communication in the prison, except with their legal advisers, unless specially sanctioned by the Justice conducting the examination.

Debtors.—Debtors are not required to wear prison clothing, nor to perform work, and are treated in separate wards according to rules made by the Judges of the Supreme Court.

Lunatics.—Lunatics of the Criminal class when placed in Gaol are kept in separate wards, under the supervision of the Gaol Surgeon. They are generally transferred to the Hospital for Criminal Insane, at Parramatta, but in some cases the prisoners are detained in the observation wards of the ordinary gaols. For number in the institution at Parramatta, as well as in ordinary gaols, see Table No. 17, Part XI.

No. 20.—PRISONERS in GAOLS at close of year—*continued.*

Trial Bay Prison and Breakwater.—Prisoners under sentences to penal servitude, or to hard labour on the roads and public works, or to imprisonment with hard labour, become eligible for employment upon the public works at Trial Bay Prison under the following conditions, viz. :—Prisoners under sentences from three to five years, who have not been punished for misconduct within the previous six months, and favourably recommended by the Gaolers, at a period twelve months before they would become eligible for discharge under the ordinary remission regulations, and in anticipation of such discharge; in sentences of five to ten years similarly at a period of eighteen months anterior to discharge in sentences of ten years and upwards at a period of two years anterior to discharge. The Breakwater now under construction is being supervised by Officers of the Public Works Department, and the prisoners engaged in work, who are entirely under the control of the Comptroller-General of Prisons, receive small monetary remuneration, as well as being supplied with rations and clothing which is not of the prison pattern.

Prisoners in Police Gaols.—As prisoners in confinement in Police Gaols are not employed in any class of labour they have been excluded from the return.

No. 21.—PUNISHMENTS and DEATHS in Gaols.

Gaol Punishments.—A Visiting Justice is appointed under Act 4 Vic. No. 29 to visit each Gaol. He is empowered to hear and determine all complaints which may be made against a prisoner of disobeying the rules of the Gaol, or of having committed any offence, and may pass a sentence of confinement in a solitary cell for a term not exceeding seven days. In the case of repeated offences, a charge made before two or more Justices of the Peace renders the prisoner liable to a sentence of close confinement for one month, and if the offence has been committed by a prisoner convicted of felony, or under sentence of hard labour, a punishment of personal correction may be awarded.

No. 22.—Prisoners Liberated UPON LICENSE, 1891-95.

Licenses (Ticket of Leave).—Under section 409 of the "Criminal Law Amendment Act of 1883" (46 Vic. No. 17) a person under sentence may be granted a written license to be at large within limits specified in the license, but not elsewhere, during the unexpired portion of his sentence. Sureties are required (unless under exceptional circumstances) for good behaviour and observance of the conditions of the license. He is required to report himself periodically to the Police, and is liable to have his license cancelled and to be committed to gaol to undergo the remainder of his sentence upon any breach of the conditions of his license. The system was first adopted in September, 1891.

No. 23.—PERSONS LIBERATED during 1895 under Provisions of the First Offenders Probation Act.

First Offenders Probation Act of 1894 (57 Vic. No. 23).—Under the provisions of this Act any person, convicted on the first offence, may be set at liberty on certain conditions instead of being sent to prison. Although the sentence is passed in the usual form, the Court has power to suspend its execution, upon the offender entering into a recognizance, with or without sureties, for his good behaviour, for a period of not less than twelve months. The offender is examined for the purpose of future identification, and must report himself to the police at least once in every three months. Should he fail to do so, or seriously misconduct himself during the period of probation, he is liable to be arrested, the recognizance forfeited, and committed to prison to complete his sentence. If, however, his conduct shall have been satisfactory, he shall be discharged from the sentence, and the conviction for which it was imposed shall not be brought against him on any subsequent occasion.

No. 24.—Disposal of all Persons deemed Insane brought before Magistrates' Courts, 1895.

Procedure in Cases of Insanity.—Under the Lunacy Act (42 Vic. No. 7) if, upon information on oath before a Justice of the Peace, it be shown that a person deemed to be insane is without sufficient means of support, or is wandering at large, or is discovered under circumstances that denote a purpose of committing some offence, a warrant may be issued for his apprehension, although a constable may without a warrant apprehend and take such a person before two Justices. A constable having knowledge that a person deemed insane is not under proper care and control, or is cruelly treated or neglected by persons having or assuming his care or charge, must notify a Justice, who shall either personally inspect or cause a medical practitioner to report. The Justice may then order such person to be brought before two or more Justices, who shall obtain the assistance of medical practitioners in their examination. Upon satisfactory proof, and after all the conditions of the Act have been fulfilled, the Justices may direct the removal of such insane person to a hospital or licensed house for the insane.

Hospitals and Licensed Houses for Insane.—For Returns of these Institutions, see Part XI, "Hospitals and Charities."

Reception House for the Insane.—For Return of the Reception House for the Insane, see Part XI, "Hospitals and Charities."

Temporary Cases of Insanity.—The absence of any provision for the treatment of temporary cases of insanity, or the more pronounced cases in the early stages, in local hospitals or receiving houses, renders the arrangement under which cases are treated in gaols unavoidable. The majority of the cases are only under treatment for brief periods, or during transit to hospitals for the insane.

CRIMINAL INSANE.

Criminal Insane Hospital, Parramatta.—The majority of the patients at this Hospital are known as "Governor's pleasure" cases—that is those acquitted on the ground of being insane at the time they committed the offence with which they were charged, and ordered by the Courts to be kept in confinement during the Governor's pleasure. In addition to these there were certain persons certified to be insane whilst awaiting trial, or found to be insane by jury on arraignment. Persons serving long sentences are not now received at this Hospital.

Observation Wards, Darlinghurst and Parramatta Gaols.—These wards are set apart for the detention of any prisoner who may be supposed to be insane, or who, from mental imbecility, may be supposed to be unfit for penal discipline, in order that he may be there placed under observation, until certified by two medical practitioners that he is of sound mind, or is insane and a fit subject for detention in the hospital for criminal insane.

Persons treated for Symptoms of Insanity in Gaols.—For number of persons under treatment for symptoms of insanity in all gaols, see Part XI, "Hospitals and Charities."

No. 26.—LOWER COURTS (*Magistrates' Courts*).—Transactions of the LICENSING BENCHES during 1895.

Licensing Districts.—The Colony is divided into Licensing Districts, which are proclaimed by publication in the *Government Gazette*, and in each of which a Licensing Court has jurisdiction.

Metropolitan Licensing Court.—The Stipendiary Magistrates for the time being, and such other person or persons as the Governor may appoint, not to exceed seven in all, of whom three form a quorum, constitute the Metropolitan Licensing Court. There are two places of sitting, viz., the Central and Water Police Courts.

Country Licensing Courts.—In the Country Districts the Court is composed of three members, one being termed the "official," and the other two "appointed" members. The "official" member is the Police Magistrate resident within or nearest to the district, if residing within 10 miles of the Court-house. The "appointed" members only hold office for a limited time, but may be reappointed. With a few exceptions there is only one place of sitting in each District, and that is generally held at the town from which the District is named.

No. 30.—LOCAL OPTION Vote, 1894-96.

Local Option.—Under the provisions of the Licensing Act of 1882 (45 Vic. No. 14), as amended by the Licensing Act of 1883 (46 Vic. No. 24), a local option vote is taken every three years in every Municipality, or Ward of a Municipality, at the election for Aldermen, in which the ratepayers may vote either "Yes" or "No" on two questions:—(1) Whether any new publicans' licenses shall be granted during the ensuing three years in that Municipality or Ward, and (2) Whether any removals of publicans' licenses shall be allowed within the same period. It is necessary that there shall be a majority of over eleven-twentieths of the votes polled to make the vote operative in the negative. At the polls that have hitherto been taken the proportion of the voters who have recorded their local option votes has been generally very small.

Year for Voting.—Although the local option vote is taken triennially in every Municipality or Ward of a Municipality, the year when it is taken is not necessarily the same.

No. 31—LOWER COURTS (*Magistrates' Courts*)—ADJUDICATIONS AND ORDERS OF JUSTICES, 1895.

Adjudications and Orders are, as a rule, classified as coming within Civil Jurisdiction, there are, however, Adjudications and Orders which come within the range of Quasi-Criminal Jurisdiction, and are treated accordingly. The totals given below, include all Adjudications and Orders, as in no instance can the defendant be peremptorily imprisoned, as a second proceeding must be taken before this can be effected.

Classification.	Orders made.	No orders made after evidence.	Cases withdrawn, &c.	Total.

No. 32.—LOWER COURTS (*Magistrates' Courts*)—SMALL DEBTS CASES.

Jurisdiction.—Stipendiary Magistrates adjudicate in the metropolitan area, and Police Magistrates and Justices of the Peace in the country. The jurisdiction of each Court is limited to the district in which the debt was contracted, or in which the defendant resides. The Metropolitan Courts adjudicate upon cases when the amount in dispute does not **exceed £10**, and Country Courts upon cases involving amounts not **exceeding £30**. Disputes in which larger amounts are involved must be settled in the District Courts or Supreme Court.

CASES BROUGHT BEFORE THE COURT, 1895.

GARNISHEE, INTERPLEADER, &c., CASES (Small Debts Court), 1895.

Garnishee Cases.—The Court may, upon the *ex parte* application of any creditor obtaining a judgment, order that all debts due by a third person (the garnishee) to the defendant shall be attached to meet the judgment debt, and may, by a subsequent order, direct the garnishee to pay as much of the amount owing by him as will be sufficient to satisfy the judgment debt.

Interpleader Cases.—When a claim is made to goods held under a writ of execution by a person not party to the suit the Court may, upon application to the bailiff, decide the claim.

New Trial Applications.—When a judgment has been given against the defendant in his absence the Court may set it aside and grant a new trial.

Examination of Judgment Debtors.—The Court may, on the application of a judgment creditor, order the judgment debtor to be orally examined as to whether any and what debts are owing to him.

No. 33.—SHERIFF'S OFFICE.

Sheriff.—The duties of the Sheriff include the provision of everything necessary for the preservation of order at the Supreme Court. The Sheriff must be present personally or by deputy at all Jury Courts throughout the Colony, and whenever Criminal Courts are sitting at Darlinghurst, he is in constant attendance. It is his duty to execute all process of Supreme Court writs of *ha. fa.*, *fi. fa.*, and warrants of estreat, and to deal with fines and the recovery of fines. The Sheriff has charge of all imprisoned debtors and prisoners under committal for trial, and makes the arrangements necessary for the execution of prisoners sentenced to death. With the exception of juries required at District Courts, all jurors in civil and criminal cases are summoned by and are under the charge of the Sheriff.

No. 34.—INTERMEDIATE CIVIL COURTS—DISTRICT COURTS.

District Courts.—The Colony is divided for District Court purposes into six districts. The Courts are held at least twice during the year, on dates appointed by the District Court Judges.

Jurisdiction.—The Jurisdiction is confined to Common Law. District Courts have no jurisdiction in actions where the amount claimed exceeds £200, or where the title of land or the validity of any devise, bequest, or limitation under a will or settlement, shall be in question, nor in actions for seduction; but they are empowered (37 Vic. No. 13) to hear appeals from decisions in Mining Wardens' Courts, and to sit as "Mining Appeal Courts." District Court Judges are empowered, under the District Court Act, to act as Chairmen of Quarter Sessions.

Appeals and New Trial Motions.—During the year ended 1st March, 1896, there were 23 appeals from the judgments of these Courts, of which 17 were confirmed and 6 reversed. There were also 8 motions for new trials, 5 of which were granted and 3 refused. The right of appeal can only be exercised in causes in which the amount claimed exceeds £10, and must be made either on points of law or in respect to the admission or rejection of evidence.

Causes tried by Jury.—Of the 4,766 causes tried during the year 1895-96, only 52 were tried by Jury. When the amount in dispute exceeds £20 either of the parties may, by giving notice to the Registrar of the Court, have a Jury summoned.

No. 35.—SUPREME COURT.

Constitution.—Under the provisions of Act 4 Geo. IV, cap. 96, a Charter of Justice was issued on 13th October, 1823, for the establishment in New South Wales of a Court of Judicature, to be styled the Supreme Court of New South Wales. Act 9 Geo. IV, cap. 83, repealed the above Act, but confirmed and extended the provisions relating to the Supreme Court. Under section 3 of this Act the Supreme Court and its duly appointed Judges were declared to have, within New South Wales and its dependencies, the like jurisdiction and authority as the Judges of the Courts of King's Bench, Common Pleas, and Exchequer in England possessed.

Judges of Supreme Court.—There are seven Judges attached to the Supreme Court, the Chief Justice, and the six Puisne Judges. The Chief Justice and four Puisne Judges devote attention chiefly to Common Law and criminal cases, another Judge to Equity, another to Bankruptcy and Probate, and another Puisne Judge is Judge of the Divorce Court. A Judge can only be removed from office upon the Address of both Houses of Legislature.

Terms.—There are four Terms during each year, the dates of which are fixed by the Judges, as are also the days the Court Sittings commence, the duration of Vacations, and the dates for holding Circuits.

Vice-Admiralty Court.—The Chief Justice was appointed Judge Commissary of the Vice-Admiralty Court by the Admiralty, and one of the Puisne Judges acts as Deputy. The Supreme Court has no jurisdiction in this Court.

Equity Jurisdiction.

Equity.—By Act 9 Geo. IV, Cap. 83, the Supreme Court of New South Wales was constituted a Court of Equity, empowered to perform all things necessary to such equitable jurisdiction as the Lord Chancellor can in England; Equity Act, 1880 (44 Vic. No. 18), and subsequent Acts (48 Vic. Nos. 13 and 23, and 50 Vic. No. 36), regulate the practice and procedure of the Court.

MASTER IN EQUITY.

Master in Equity.—The office of Master in Equity in New South Wales combines the duties of "Accountant General," "Registrar," "Head of the Records and Writ Office," and of "Taxing Officer," as well as those performed in England by the Judges in Chambers through their Chief Clerks.

Funds held in Trust by Master in Equity.—The Trust moneys received by the Master in Equity are invested in various ways; the bulk of the funds, however, is placed to the Government Account, and either invested in securities or used in the "General Banking Account" in the Bank of New South Wales.

Interest earned by Trust Funds.—Cash and Treasury Bills bear interest at the rate of 3 per cent. per annum; Debentures, 5 per cent.; Fixed Deposits, 3½ to 4½ per cent.; mortgages, 5½ to 7 per cent.; and promissory notes, 7 per cent.

MASTER IN LUNACY.

(Transactions outside Equity Jurisdiction.)

Master in Lunacy.—By the passing of Act 42 Vic. No. 7, Commissions *de Lunatico Inquirendo* were abolished and the Supreme Court, or a Judge thereof, on application to his satisfaction, is empowered to make declarations in lieu thereof. The same statute enacted that the Master in Equity for the time being should be Master in Lunacy, and it confers upon him large powers of management.

Maintenance and Fees paid into Consolidated Revenue.—The figures given in the following table for maintenance comprise the sums contributed by the friends of the insane persons, and also those paid for that purpose from estates under the control of the Master in Lunacy.

Trust Funds of Insane Persons and Patients.

Estates of Insane Persons.—Act 56 Vic. No. 23, passed 1893, extended the powers of the Master in Lunacy to enable him to mortgage, let for any term not exceeding five years, sell, or otherwise deal with estates of insane patients, exclusive of debts and claims allowed by the Master, up to £500. In excess of that sum the Master can apply to the Court or to a Judge of the Court. He can also bring and defend actions and suits on behalf of a patient. By this Act the Master in Lunacy is also authorised to charge a percentage on the clear annual income of insane persons and patients whose estates are under his care and management at a rate not exceeding 5 per cent. per annum.

Trust Funds held by the Master in Lunacy.—The Trust moneys held by the Master in Lunacy are placed to the Government Account, and either invested in Government securities or used in the "General Banking Account" in the Bank of New South Wales.

Probate Jurisdiction.

Probate and Administration.—By the Probate Act of 1890 (54 Vic. No. 25), the jurisdiction previously vested in the Primary Judge in Equity was transferred to the Supreme Court and its Probate Jurisdiction, and such Judge as might be appointed Probate Judge. The duties performed by the Prothonotary and Ecclesiastical Clerk were at the same time transferred to the Registrar of Probates.

Gross and Net Value of Estates.—The figures from the Probate Court and Stamp Duties Department (see Part III—Public Finance) relating to transactions in the estates of deceased persons do not agree. The Court gives the gross value of the estates, and includes those estates which, after investigation, are found not to be subject to duty. The number of petitions is also swollen by probates on some estates being taken out a second time. The amount given by the Stamp Duties Department represents the net value of the estates.

Probate and Letters of Administration granted by Registrar, 1895.

(Figures are included in the above Table.)

Estates of the Value of £1,000—How dealt with.—Prior to the passing of the existing Act all applications for probate and letters of administration (except where the gross amount of the estate did not exceed £100) were made in open Court, and also applications to pass accounts of executors or administrators. Under the present Act the Registrar grants probate and letters of administration where the estate does not exceed £1,000 in value, it being only necessary to apply in open Court in cases beyond that amount. It is now also only necessary to apply in Court for the allowance of executors' and administrators' accounts where commission is applied for, or in case of appeal from the decision of the Registrar.

Small Estates—Value £300 and under.—In pursuance of the provisions of the "Probate Act of 1890 Amendment Act" (56 Vic. No. 30), probate and letters of administration may be granted without the intervention of a solicitor in estates sworn not to exceed £300.

UNCLAIMED MONEYS, 1886-95.

Unclaimed Moneys paid into Consolidated Revenue.—After paying all proved and allowed claims, balances in the hands of the Curator are paid into the Treasury to the Colonial Treasurer's Curator of Intestate Estates Account. Moneys not claimed within six years are paid into the Consolidated Revenue Fund, and used for the public service of the Colony. A rightful claimant may afterwards, however, obtain payment thereof, but without interest from the date of payment to the Treasury.

Divorce and Matrimonial Causes Jurisdiction.

First year of Divorce Act.—Prior to the passing of the Matrimonial Causes Act of 1873 (36 Vic. No. 9), the Supreme Court of N.S.W. had no jurisdiction in divorce. **The existing Act** (55 Vic. No. 37) was assented to on the 9th May, 1892, but did not come into force, owing to an informality, till the 6th August. During 1893 an amending Act (56 Vic. No. 36) was attached.

Jurisdiction.—In addition to granting Decrees for Dissolution of Marriage, for Judicial Separation, for Nullity of Marriage, for Restitution of Conjugal Rights, and for Jactitation of Marriage (no petitions for which have as yet been filed in this Colony), the Court also deals with questions of alimony, custody, maintenance, and education of children, damages against an adulterer, and settlements of property.

A suit *in forma pauperis* cannot be proceeded with without a Judge's order, and to obtain such it is necessary to produce the certificate of the Registrar and an affidavit of the party applying as to means of living, and, where a suit is by a wife, the means of her husband, and that he or she (after the payment of just debts) is not worth £25, except wearing apparel and household furniture.

Decrees Nisi.—After a Decree *Nisi* has been granted, it can be made absolute at any time subsequent to the date fixed by the Court for that purpose. Neither party can re-marry until after fourteen days from the date of the Decree *Nisi* having been made absolute.

Divorce and Matrimonial Causes Jurisdiction—*continued.*

GROUNDS FOR WHICH DIVORCES WERE GRANTED, 1873-95.

Grounds for Divorce.—The chief grounds for divorce under the old Act were adultery since marriage on the part of the wife, and adultery and cruelty on the part of the husband. In addition to the foregoing causes, petitions for divorce can now be granted on any one of the following grounds:—

Husband *v.* Wife.—Desertion for not less than three years; habitual drunkenness for a similar period; being imprisoned under a sentence of three years or upwards; attempt to murder or inflict grievous bodily harm, or repeated assaults on him within one year previously.

Wife *v.* Husband.—Adultery, provided that at the time of the institution of the suit the husband is domiciled in New South Wales; desertion for not less than three years; habitual drunkenness for the same period; being imprisoned for three years or upwards, or having within five years undergone various sentences amounting in all to not less than three years; attempt to murder or assault with intent to inflict grievous bodily harm, or repeated assaults within one year previously.

Period of Domicile.—To entitle either party to seek relief on any one of these grounds he or she must have been domiciled in the colony at the time of instituting the suit for three years and upwards, and should not have resorted to the colony for the purpose of the suit. When a wife seeks for a decree on the ground of three years desertion, if she was domiciled in New South Wales when the desertion commenced, she shall not be deemed to have lost her domicile by reason of her husband having thereafter acquired a foreign domicile.

RESTITUTION OF CONJUGAL RIGHTS AND NULLITY OF MARRIAGE, 1873-95.

Restitution of Conjugal Rights.—Before a suit can be brought there must have been a request of a conciliatory character to the other party to return to cohabitation.

Nullity of Marriage.—Petitions may be granted in cases of marriages which are void by the law of the land; where some statutory requirements have not been observed; or in which one of the parties is incapable to perform the duties of marriage, or joined in the marriage ceremony through coercion or threats or mental incapacity.

RELEASES AND CERTIFICATES ISSUED UNDER EXISTING ACT TO 31st DECEMBER, 1895.

(*a*) **Sequestration Orders Annulled.**—The Judge annuls sequestration orders in cases where he is of opinion that a sequestration order ought not to have been made, or where it is shown that the debts of the bankrupt have been paid in full.

(*b*) **Release of Estate.**—A bankrupt may have his estate released from sequestration after the acceptance and approval of a composition or scheme of arrangement, or if all the creditors are paid in full, or have given him a legal quittance of the debts due.

(*c*) **Certificate of Discharge.**—Three months from the date of sequestration a bankrupt may give notice by advertisement of his intention to apply for a Certificate of Discharge. The application is heard within thirty days of the date of the first publication of the advertisement, and the Judge receives a report from the Official Assignee, and may either grant or refuse an absolute order of discharge.

(*d*) **Composition and Arrangement.**—The creditors have power to accept, and the Judge to approve, of a proposal for a composition, or for a scheme of arrangement, provided that it has been confirmed by a majority in number representing three-fourths in value of all proved creditors.

No. 35.—SUPREME COURT—*continued.*

Bankruptcy Jurisdiction—*continued.*

The Assets and Liabilities are "according to Bankrupts' Schedules." The assets vary in many instances considerably from the statements showing amounts realised; the original figures as to liabilities, however, represent fairly the actual indebtedness.

Petitions withdrawn and refused.—Petitions withdrawn apply wholly to Creditors' petitions withdrawn in consequence of payment of amount of claims, and the petitions refused represent those cases in which the Judge or Registrar is not satisfied that acts of Bankruptcy alleged have been committed.

OFFICIAL ASSIGNEES—TRANSACTIONS.

Official Assignees.—Official Assignees are appointed by the Executive Council when, in the opinion of the Judge, an addition to their number is required. On the 31st December, 1895, three held office. In each estate the Official Assignee receives 2½ per cent. commission on the amount realised, and 2½ per cent. on the amount of dividends declared. The Judge may also grant special remuneration. Each Official Assignee is obliged under the 94th section of the Act to furnish the Registrar with quarterly statements showing the transactions in each estate.

LOCALITIES IN WHICH ESTATES HAVE BEEN SEQUESTRATED, 1894-95.

Registrar and Deputy Registrars in Bankruptcy.—Persons resident in the country parts of the Colony, usually Police Magistrates and Registrars of District Courts, are appointed District Registrars in Bankruptcy, and have the same powers and jurisdiction as the Registrar in respect of the examination of bankrupts, issuing of summons, &c. Appeals from the Registrar or District Registrar are made to the Judge in Bankruptcy, who also deals with questions in priority of claims.

APPEALS FROM MAGISTRATES' COURTS TO COURTS OF QUARTER SESSIONS, 1890-95.

Criminal and Quasi-Criminal Appeals.—Appeal from Magistrates' Courts to Quarter Sessions is a remedy by bringing the Orders and Convictions of Justices to the review of Quarter Sessions. When an appeal is given generally, the Court is Judge of law as well as fact. The right of appeal exists only when given by express enactments. When an appeal is allowed by Statute, it is usually upon certain conditions, either that a notice be given to the Justice whose act is appealed from, and recognizances entered into to prosecute the appeal, or a deposit be made of the amount of the penalty and costs.

APPEALS AGAINST DECISIONS OF PRIMARY JUDGE TO FULL COURT, 1886-95.

Appeals to Full Court.—Appeals against orders or decisions of Judges of the Supreme Court are made, with few exceptions, to the Full Court. Act 48 Vic. No. 13, passed August, 1884, provides that no Judge of the Supreme Court shall sit on the hearing of an appeal from, or on a matter to set aside, any judgment, order, decree, ruling, or decision made by him. This Act also provides that the Court on the hearing of such appeals or motions shall consist of three Judges.

No. 37.—APPELLATE JURISDICTION.—*continued.*

APPEALS TO PRIVY COUNCIL, 1890-95.

Appeals to Privy Council.—By an Imperial Order-in-Council, issued in pursuance of the provisions of Act 6 Geo. IV, cap. 83, and dated 13th November, 1850 (published in the *Government Gazette*, 24th June, 1851), provision is made that any person or persons may apply to the Supreme Court of New South Wales for leave to appeal to the Privy Council "from any final judgment, decree, order, or sentence of the Supreme Court of New South Wales, in case any such judgment, &c. shall be given or pronounced for, or in respect of, any sum or matter at issue, above the amount or value of £500 sterling, or respecting property or any civil right amounting to, or of the value of, £500 sterling," within 14 days after the same shall have been pronounced or given. The Court must be moved for leave to appeal, and, pending the appeal, judgment is suspended upon the execution of sufficient security, which must be entered into within 3 months of the filing of the petition. The Privy Council may also upon the petition at any time of any person or persons aggrieved by any judgment or determination of the Supreme Court of New South Wales, without any limitation as to the amount at issue, admit the their appeal upon such terms and security as it may think fit.

CRIMINAL CASES.—APPEALS DIRECT TO PRIVY COUNCIL, 1890-95.

Appeals in Criminal Cases.—Under section 422 and 423 of the Criminal Law Amendment Act, a convicted prisoner may appeal against the decision of the Judge to the Full Court, and if the appeal be dismissed he may apply direct to the Privy Council. Provision is also made in section 383, that when any doubt or question arises as to the guilt of a person convicted, or the evidence in the case, an inquiry may be held, and the result of such transmitted to the Governor for consideration.

No. 38.—BARRISTERS.

Admission to the Bar.—The Board for approval of qualified persons to be admitted as Barristers of the Supreme Court of New South Wales, is formed under Act 11 Vic. No. 57, and consists of the Judges of the Supreme Court and the Attorney-General for the time being and two elected members of the Bar.

Queen's Counsel.—A Queen's Counsel is appointed by Commission signed by the Governor, upon a recommendation made by the Attorney-General to the Executive Council, and six barristers held this appointment during 1895-96.

Crown Prosecutors.—Seven barristers, who receive an annual salary, hold appointments as Crown Prosecutors in the Courts of Quarter Sessions. Others, who are paid by fees, are specially appointed, on the recommendation of the Attorney-General, for each sitting of the Circuit Courts.

No. 39.—SOLICITORS.

Admission of Solicitors.—Persons eligible for admission as solicitors, if they have not been admitted in Great Britain, Ireland, or any Colony of Australasia, must have been articled to some practising solicitor in New South Wales and have served the term of five years, or, if a Graduate in Arts prior to entering into articles, three years' clerkship, and must have passed the examinations of a Board, consisting of two barristers and four solicitors, appointed annually by the Supreme Court. A barrister, who has been in practice as such for five years, having caused himself to be disbarred, can, under Act 55 Vic. No. 31, be admitted as a solicitor without examination. Under the provisions of the same Act a solicitor is competent to appear, and has the right of audience in all Courts in New South Wales. Persons may be admitted to practice as solicitors on the last day of any term.

No. 43.—Transactions in REAL ESTATE.

Deeds Registration Act of 1843 and "Torrens'" Act.—The Real Property Act (commonly known as "Torrens Act") was passed in 1862. Prior to that year all registrations in land were effected under the "Deeds Registration Act of 1843." In 1873 the Real Property Act was slightly amended, and a further amendment was made in 1878. In the last amendment an important clause was inserted, whereby the registered owners of the land are protected from the operation of the Statute of Limitations, and therefore the title is not liable to be taken from them by any length of adverse possession. From the passing of "Torrens' Act" all lands sold by the Crown were conveyed to the purchasers under its provisions, and as lands registered under the old Act are being registered under the new, the area under the old law is annually decreasing.

‡ **Stamp Duty—Crown Lands.**—The amount of Stamp Duty is that which has been paid by applicants upon receipt of deeds from the Registrar-General, and does not represent the sum charged by the Commissioner of Stamp Duties during the year, on deeds forwarded to him by the Department of Lands. Although conveyances of land from the Crown are always registered under the Real Property Act, the payment of the Stamp Duty, which is collected by the Registrar-General, cannot be enforced until the application for deeds is made.

Acts under which Registered.—Mortgages on Real Estate are registered either under the Deeds Registration Act of 1843 (7 Vic. No. 16), or the Real Property (Torrens') Act of 1862 (26 Vic. No. 9.)

Amount of Consideration incomplete.—In many instances the amounts lent upon mortgage by banks are not stated, but simply the words "valuable consideration" or "cash credit" inserted in the deeds. As this occurs frequently when the properties mortgaged are evidently of great value, the absence of the amounts must materially affect the returns, and, as a consequence, the amounts under the head of "mortgages" are incomplete. It must be borne in mind, therefore, that the "Amount of Consideration" stated applies only to cases in which the specific amounts are stated in the deeds, whether the amounts be the sums actually advanced or not.

The Discharges do not include foreclosures, which, if not formally registered as discharges, are nevertheless mortgages cancelled. The returns of discharges are therefore incomplete, and the discrepancy between the mortgages contracted and discharged is largely due to this cause.

Sums Secured both by Lien on Wool and Mortgage of Sheep.—When any sum has been secured, both by a lien on the wool and by mortgage of the sheep, the amount is included under the head of mortgages only—thus in 1895, the gross amount lent on liens was £2,247,377; but from this has to be deducted the sum of £146,329, secured both by lien on the wool and mortgage on the sheep, so that the net amount lent on lien was £2,101,048.

MORTGAGES DISCHARGED.

Wool and Growing Crops.

Liens on wool and growing crops mature at the end of each season, and terminate without being formally discharged. During 1895, 47 discharges of wool liens, amounting to £20,320, were registered; these, however, represent transfers of security and repayments during the season.

BILLS OF SALE FILED AND SATISFIED, 1890-95.

All Mortgages on personalty other than Wool, Live Stock, Growing Crops, Ships, and Shipping Appliances, are filed and entered at the Supreme Court under the "Bills of Sale Act of 1855."

***Discharges and Foreclosures.**—It is not compulsory to register discharges, consequently no records exist of Bills of Sale terminated voluntarily, or by seizure with Judge's order to discharge. The large discrepancy between the number "Filed" and "Satisfied" is accounted for by this fact.

No. 45.—PATENTS.

Letters Patent.—The first Patent Act was passed in 1852, but did not come into operation till 1854. It was amended in 1879 (42 Vic. No. 27) and again in 1887 (51 Vic. No. 3). Under the provisions of the last-mentioned Act the office of Examiner of Patents was created. An index of Letters Patent, also Assignments and Licenses current, is published at the Government Printing Office. In 1896 a further amending Act (60 Vic. No. 39) was passed, the most important provision being that patentees may amend their specifications at any time.

No. 47.—COPYRIGHT.

The Copyright Act (42 Vic., No. 20) was passed in May, 1879, and became law on the 1st July following. Under the International Copyright Act, 1886 (49 and 50 Vic., clause 33), and the Orders in Council thereunder, the greater part of the body of Imperial Copyright law applicable to literary and artistic works together with the Copyright Convention of Berne, became reciprocally applicable to Great Britain and the countries that are parties to the Convention, namely:—Great Britain with her Colonies and Possessions, France and her Colonies (including Algiers), Germany, Italy, Spain with her Colonies, Switzerland, Luxembourg, Monaco, Hayti, Belgium, Montenegro, and Tunis; consequently, it is now possible for Colonial Copyright works to receive International protection within the limitations prescribed by law. The same Act places Colonial Copyright in literary works upon the same footing as Imperial Copyright, that is to say, a work first published in a colony may by registration in such colony obtain protection throughout the British dominions. The registrations effected under the Act up to the end of 1895 amounted in number to 2,146, receipts to £669, and disbursements (salaries) to £5,531.

Duration of Copyright.—Books are protected for the natural life of the author and for 7 years after his death, or for 42 years from first publication, whichever may be the longer period; paintings, drawings, sculpture, and engravings, for 14 years; photographs, 3 years; articles composed wholly or chiefly of metal, wood, stone, cement, glass, earthenware, ivory, bone, and similar substances, 3 years; paperhangings, carpets, oilcloths, and all kinds of textile and woven articles, 2 years. To obtain the benefits of the Act in reference to designs, every article must bear the word "Registered," together with the name of the proprietor and the date of registration.

Boroughs and Municipal Districts—Municipalities Act.—Under the provisions of Act 31 Vic. No. 12 [illegible] Municipalities are divided into two classes, Boroughs and Municipal Districts, although the name of "Municipality" [illegible] common to both institutions. A borough shall, upon its first incorporation, contain an area of not more than 9 square [illegible] with a population of not less than 1,000; a municipal district must not exceed 50 square miles, and shall contain a population of at least 500. The boundaries of each class of division must not overlap.

Sydney—The City of Sydney is classed as a Municipality, but is incorporated under a Special Act.

Aborigines.—The Aboriginal population was not included in the Census of 1861, while in 1871 and 1881 the wandering tribes were passed over, and only those who were civilized or in contact with Europeans were enumerated. It is probable that the numbers for these years were, approximately—in 1861, 15,000; in 1871, 12,000; and in 1881, 10,000.

Aborigines.—The Aborigines are not included for the years 1861 and 1891; but for 1871 and 1881, while the wandering Aborigines were passed over, those who were civilized or in communication with Europeans were enumerated, so that the totals for 1871 and 1881 include 983 and 1,643 Aborigines respectively. In the above table also those unspecified as to conjugal condition have been distributed by proportion amongst the other numbers.

Excess of Immigration over Emigration, by Sea (as recorded).

Excess of Immigration.—It is believed that not a few persons leave New South Wales without their departure being recorded; the figures given, therefore, are somewhat in excess of the truth.

Chinese Immigration.—Under Act. 52 Vic., No. 4, passed in the year 1888, no Chinese, unless exempted by the Act, are allowed to enter New South Wales either by sea or land without the payment of a tax of £100 each. The exemptions are—Chinese who are British subjects by birth, who have been naturalised in New South Wales, or those who arrive on a special mission under the authority of the British or Chinese Governments, and members of crews of vessels who land in the performance of their duties. Naturalisation of Chinese in New South Wales is now prohibited by the Act. Chinese naturalised in other Colonies are not entitled to the right of British citizenship in New South Wales.

No. 19.—STATE-ASSISTED IMMIGRANTS—1832–95.

State-Assisted Immigration.—General State-assisted immigration ceased in the year 1887, but those who arrived under that system, and are still residing in New South Wales, may, under special regulations, send for their wives and families. All the immigrants who arrived during 1895 were nominated in the Colony. The amount of passage money required to be paid by each person is graduated according to age, and ranges from £1 for children 3 years and under 14 to £15 for married persons over 40 years of age, and unmarried persons over 35 years of age. Reference may be made to records relating to the arrival of immigrants since 1832, and copies of certificates of birth, &c., may be obtained by immigrants at the Chief Secretary's Department, Sydney.

No. 20.—NATURALISATION.—Persons of EACH NATIONALITY Naturalised in New South Wales, 1849–1895.

Naturalisation Act.—The first Act empowering the Governor to grant letters of naturalisation in New South Wales was assented to in 1828 (9 Geo. IV, No. 6). The next important Act passed was 11 Vic., No. 39, as amended by 17 Vic., No. 8. This was repealed in 1876 in favour of the Act now in force (39 Vic., No. 19). An alien who has resided in New South Wales for a term of not less than five years may apply to the Governor to be naturalised. Should a certificate of naturalisation be granted, the applicant must take the oath of allegiance prescribed by the Act. The Chief Secretary is required to record all certificates of naturalisation, and to receive a fee of one pound for each certificate issued. The register of certificates of naturalisation that have been granted may be inspected upon payment of a fee of one shilling.

Naturalisation of Chinese.—A clause in the Chinese Immigrants Regulation and Restriction Act of 1861 (25 Vic., No. 3) provided that certificates of naturalisation should not be granted to Chinese. The Act was, however, repealed on the 20th November, 1867, but since the date of the passing of the Chinese Restriction and Regulation Act of 1888 (52 Vic., No. 4), no certificates of naturalisation can be issued to Chinese in New South Wales.

Naturalisation Certificates.—Certificates of naturalisation granted in other Colonies do not confer the right of British citizenship in New South Wales.

No. 24.—MARRIAGES.—DIVORCED PERSONS RE-MARRIED during each year, 1886–95.

Divorce.—Under Act 55 Vic., No. 37, assented to 9th May, 1892, and 56 Vic., No. 36 (13th June, 1893), the grounds on which Divorce may be granted have been largely extended. This explanation accounts for the large yearly increase in the number of marriages dissolved in 1893 and each subsequent year. For full particulars of Divorce see Part VIII "Law and Crime," and statistics in reference to Divorced persons published in the supplement to Statistical Register, "Vital Statistics."

Re-marriages.—The number of those persons who were divorced in New South Wales, and again married in the Colony, cannot be separated in the following table, which shows the Re-marriages of persons who had been divorced either in New South Wales or elsewhere.

Suicides.—The number of suicides in this table does not agree with the verdicts at inquests as given on the next page, for in many instances where an open verdict was returned the case has been tabulated "accident" or "suicide" according to the weight of evidence.

No. 28.—DEATHS.—INQUESTS and Magisterial Inquiries as to CAUSES of DEATH, 1895.

Inquests.—In all cases of violent and unnatural deaths, casualties by which death ensues, sudden deaths, persons found dead, persons dying in gaols, lock-ups, and hospitals, persons committing suicide, and persons executed in gaols, it is the duty of the Coroner of the district to cause an inquest to take place, if he have reasonable grounds to believe that death was caused by violent or unnatural means. In all cases of deaths in gaols inquests must be held. A Coroner is empowered to issue a warrant for the exhumation of a body, to summon jurors and witnesses, and to commit persons for trial who have been found guilty, by a jury, of murder or manslaughter. See also Part VIII "Law and Crime."

Magisterial Inquiries.—In a district where no Coroner has been appointed, or is unable to hold the usual inquest, a Magistrate may hold an inquiry; but, owing to the fact that he is not empowered to commit a suspected person for trial, he must terminate the inquiry, in all cases where facts are disclosed which point to the criminality of a person, and then direct the Police to prosecute at the nearest Police Court.

No. 3.—STATE SCHOOLS.

Primary Schools.—Under the Public Instruction Act (43 Vic. No. 23), which came into force on 1st May, 1880, it is provided that the instruction imparted at Public Schools shall be absolutely unsectarian. "Secular instruction" is defined by the Act as including "general religious teaching as distinguished from dogmatical or polemical theology."

Compulsory Attendance.—The Act makes it obligatory upon the parents or guardians of all children between the ages of 6 and 14 years (unless just cause of exemption can be shown), to cause such children to attend school for a period of not less than 70 days in each half-year. The minimum age for admission of pupils has been fixed at 5 years by a Ministerial Minute.

Causes of Exemption.—The causes of exemption defined by the Act are: That the child is being regularly and efficiently instructed in some other manner; that from sickness or infirmity or from fear of infection or other unavoidable cause, there is inability to attend; that there is no State School within 2 miles by the nearest road, or that the child has already been educated up to the standard of education required. Under this last clause, examinations for exemption certificates are held at the annual inspection of the schools.

Public School Fees:—The weekly fee is three-pence for each child up to four children of one family; for four or any larger number of the same family the charge is one shilling. Where inability to pay fees is shown payment is not enforced.

RELIGION, &c., OF SCHOLARS, DECEMBER QUARTER, 1892-95.

Religious Instruction.—Provision is made for clergymen or other authorised religious teachers of any denomination to give religious instruction at specified hours to the scholars belonging to their persuasion, and separate class rooms are generally provided for this purpose.

Training Schools for Teachers.—There are two Training Schools, Fort-street for males, and Hurlstone for females, the total enrolment for [illegible] being 32 and 29 respectively. Persons who have completed their course as pupil teachers are alone eligible for admission. Students who gain a classification of II A, with honours, are granted, on their passing the matriculation examination, scholarships at the University for twelve months, which may be conditionally renewed for the second year. The students are also given practical work under supervision in the Practising Schools and Kindergarten Department of the Model Public School, Fort-street. On completion of the course of training each student undergoes examination for a Classification certificate.

SCHOOL DISTRICTS, 1895.

School Districts.—New South Wales is divided into 10 school districts, each being in charge of a District Inspector, who is assisted by Inspectors. Each school is inspected at least once a year. The number of Departments given in the preceding Table includes 5 High Schools; the figures are therefore 5 in excess of those shown in the following Table.

Public School Boards.—A School Board consisting of not more than 7 persons has been appointed to each of the 290 Public School Districts. The Board's duties are to visit and report on schools placed under its supervision, to suspend a teacher in certain cases, to use its influence to induce parents to send their children regularly to school, and report the names of persons who refuse to educate their children. 111 ladies were members of these Boards at the end of 1895.

Public School Cadet Corps.—In connection with the State Schools, and inclusive of those attached to Roman Catholic Schools within the Metropolis, there were, at the end of 1895, 117 Cadet Corps, with an enrolment of 4,468 cadets, being 649 more than for 1894. The corps previously known as Senior Cadets, and comprising infantry, cavalry, artillery, and ambulance corps, were transferred to the Military Department during 1893, and affiliated with certain of the partially paid regiments. The amount expended for cadet purposes during 1895 was £3,865, as against £4,150 in 1894. No new corps were formed during the year.

Penny Savings' Banks.—These are established in connection with the State Schools. At the end of 1895, Savings Banks were in operation at 632 schools. The estimated number of depositors was 37,000, and £6,310 was standing to their credit. Deposits as collected are placed in the Post Office Savings' Bank to the credit of the School Bank. As soon as the amount at the credit of an individual depositor reaches £1, a separate account is opened in the child's own name.

No. 4.—INDUSTRIAL SCHOOLS, &c., 1895.

REFORMATORIES AND INDUSTRIAL SCHOOLS.
(Government).
Nautical School Ship "Sobraon."

In this Institution 534 boys were enrolled during 1895, 283 of these being under 14 years, and 251 over that age, the number discharged was 154, and 380 remained at the end of the year. The total expenditure was £9,921 viz.:—Maintenance, £6,929, and salaries, £2,992. The amount of parents' contributions to the Treasury was £302, so that the net cost to the State was £9,619, or £18 0s. 3d. per head of enrolment.

Carpenterian Reformatory, Eastwood.

This Reformatory, which was opened on the 1st September, 1895, is under the control of the Director of Charities. During 1895, there were 27 boys of whom 11 were under 14 years of age. The boys are employed in orchard work and other industrial occupations. The maintenance for the year was £1,922, rent, repairs, &c., £924, or a total expenditure of £2,846.

Industrial School for Girls, Parramatta.

The number of girls enrolled during 1895 was 167, of whom 28 were under, and 139 above the age of 14 years, and the number remaining at the end of the year was 120. The expenditure amounted to £2,488, viz., £1,518 for maintenance, and £969 for salaries—or £14 18s. 1d. per head of enrolment.

CHARITABLE INSTITUTIONS—SCHOOLS.
Boys' Home, Newington (Government).

The Boys Home at Newington is under the control of the Director of Charities. The number of inmates under 14 years of age was 21. During the year 1895 there were 24 boys receiving instruction at the school held in connection with the Home. The expenditure was £806, of which £793 was spent in maintenance.

New South Wales Institution for the Deaf and Dumb and the Blind.

The number of inmates during 1895 was 94, as compared with 86 in the previous year. Of these 91 were remaining on 31st December, 1895, viz., 52 males and 39 females. These comprised 75 deaf and dumb and 16 blind; 87 belonged to New South Wales, 1 to Tasmania, and 3 to Queensland. The ages of the pupils ranged from 6 to 20 years. The pupils receive instruction from 13 teachers—6 males and 7 females. The total revenue was £4,134, of which £450 were received from the State, and the expenditure was £4,336, being £2,236 for maintenance and £2,100 for salaries and wages.

Society for Relief of Destitute Children, Randwick.

At the end of 1895 there were 140 children—80 boys and 66 girls—attending School, the instruction being imparted by 4 teachers (2 males and 2 females). The receipts and expenditure during the year were £3,306 and £3,078 respectively, and a sum of £170 was also expended on repairs to buildings during the same period. No monetary support has been received from the Government since 1885. The cost per head after deducting parents' contributions was £19 12s. 0¼d.

Ragged Schools.

The 4 Ragged Schools in operation, viz., Harrington-street and Brisbane-street, Sydney, and Waterloo and Glebe, are supported entirely by private subscriptions. Eight female teachers are connected with the Institutions, and 401 scholars (207 boys and 194 girls) are being educated free of charge. The average attendances during 1895 were 137 boys and 107 girls. Of those enrolled, 38 boys and 41 girls were under 6 years of age; 166 boys and 148 girls between 6 and 14 years, and 3 boys and 5 girls were 14 years and over.

Collection of Returns in Electorates and Counties.—The particulars relating to private schools were formerly collected according to electorates; during 1893, 1894, and 1895, however, the returns were obtained in counties. The boundaries of the former are liable to be varied by a change in the electoral law, while those of the counties are practically established on a permanent basis.

Counties.—Of the 141 counties into which New South Wales is divided, only in 72 are private schools in operation.

No. 8.—SYDNEY GRAMMAR SCHOOL.

Sydney Grammar School.—In January, 1830, the "Sydney Free Grammar School," which was opened in 1826, in a house in Phillip-street, became a proprietary school under the name of the "Sydney College," with a capital of £10,000 in 200 shares of £50 each. In 1852 the newly established University took over the College, and opened in October of that year in a portion of the present Grammar School buildings. In 1854, when the University was transferred to the Glebe, the Grammar School was incorporated by Act of Parliament "for the better advancement of religion and morality and the promotion of useful knowledge," with a grant of £25,000 for the erection of buildings, and an annual endowment of £1,500. On 3rd August, 1857, the school was thrown open to the public.

Senior and Junior Public Examinations.—In connection with the Sydney University two Public Examinations, termed respectively the Senior and Junior, are held annually at Sydney and a number of local centres, including Brisbane and other towns in Queensland. These Examinations are open to all candidates, male or female, who may present themselves. The University Professors, together with such other persons as the Senate may appoint, form the Board for conducting these Examinations. The amount of Candidates' Fees received during 1895 was £1,587.

LAW MATRICULATION EXAMINATIONS, 1891-95.

Law Matriculation.—Persons desirous of entering into articles of clerkship with Attorneys, and who have not taken a University degree, or passed the preliminary examination required in England, Scotland, and Ireland, are required to pass a preliminary examination (law matriculation) which is similar and equal to that prescribed for ordinary matriculation. Clerks, after having entered into articles, are also required to pass two intermediate examinations in History and Law respectively. The History examination is conducted by the Principals of the Affiliated Colleges, and the Law examination by a Board appointed by the Supreme Court.

CIVIL SERVICE EXAMINATIONS, 1891-95.

Civil Service Examination.—In accordance with the terms of a proclamation on the 6th October, 1871, and section 18 of the Civil Service Act of 1884, candidates for admission to the Public Service are required to pass an examination. The examinations were conducted by the University of Sydney until the year 1896.

Admission to Public Service.—Since the 23rd December, 1895, when the Public Service Act (59 Vic., No. 25) came into force, examinations for admission to the Public Service have been conducted by the Public Service Board.

Examinations on behalf of Queensland Government.—At the request of the Department of Public Instruction of Queensland, the University has undertaken the conduct of the annual examinations for exhibitions to Universities, granted by the Government of that Colony, and also an examination of teachers of the highest class in the Queensland State Schools.

No. 10.—UNIVERSITY of Sydney.

Incorporation and Endowment.—The University of Sydney was incorporated in 1850, and endowed with an annual income of £5,000. It is empowered to confer, after examination, degrees in arts, law, and medicine. Graduates of Sydney rank equally with graduates of British Universities.

Under the Act of 1884 degrees in all branches of knowledge except theology and divinity, are granted, and all University privileges are extended to women.

Senate.—The government of the University is vested in a Senate, consisting of 16 elected and not more than 6 *ex officio* members, being Professors of the University. The Senate elects from its members a Chancellor, who holds office for three years, and a Vice-Chancellor who is elected annually.

Faculties.—There are four Faculties: Arts, Law, Medicine, and Science. A Dean is appointed by the Senate to each Faculty from time to time for a term not exceeding two years. There is also a Department of Engineering.

PROFESSORS AND STUDENTS, 1891-95.

Professors.—During 1895 there were on the University Staff 14 Professors and 33 Lecturers; of these, 7 of the former and 6 of the latter were paid out of the "Challis" Fund.

DEGREES CONFERRED SINCE FOUNDATION.

Degrees.—The curriculum of study for the B.A. degree is three years, and the M.A. degree cannot be obtained for two years after the former has been conferred. The curriculum of study for the LL.B. degree is five years, of which the first two are in the Faculty of Arts. The course of study for the degrees of M.B. and Ch.M. is five years. The course of study for the B.Sc. extends over a period of three years. The degrees of B.E. and M.E. are also given in the four branches of Engineering, viz., Civil, Mechanical, Mining, and Electrical Engineering. Candidates for these degrees receive instruction for a period of three years.

Ad Eundem Degrees.—Act 44 Vic. No. 22 empowers the Senate to confer *ad eundem gradum* degrees on graduates of other recognised Universities.

Degrees do not represent Persons.—In reference to all tables showing the number of degrees granted it should be borne in mind that the figures represent degrees conferred, and, consequently, not distinct persons.

N.S.W. Medical Degrees.—Under an Order made by Her Majesty, with the advice of the Privy Council, as notified in the *Government Gazette* of 6th June, 1890, the second part of the British Medical Act of 1886 is made to apply to New South Wales. Holders of the degrees of M.D., M.B., and Ch.M., conferred by the Sydney University, are consequently recognised and may be registered in the United Kingdom in the same way as holders of similar degrees, conferred by a British University, are registered in New South Wales.

UNIVERSITY EXTENSION LECTURES, 1895.

University Extension Lectures.—The University Extension Lectures were inaugurated in 1886, since which year lectures have been given annually in various centres of New South Wales, and from 1893 in Queensland. A Board not exceeding 18 members is appointed annually. Not less than 4 of these must be members of the Senate, and a similar number members of the teaching staff. Each course consists of six or ten lectures, and concludes with an examination of those who have attended the lectures. Certificates are awarded to the successful students.

"Challis" Fund.—In 1880 the late Mr. J. H. Challis bequeathed his whole estate to the University, which, under the terms of the will, was transferred to that institution in September, 1889. The assets in Australia and England amounted to £268,224. The Senate has decided that the Fund shall be applied as permanent provision of income for educational uses. Through the agency of the Fund six "Challis" Professorships and six "Challis" Lectureships have been established.

Other Foundations.—There are also the "Hovell" Lectureship, £6,000; the "Wentworth" Travelling Fellowship, and the Curatorship of the "Macleay" Museum. The fund of the former amounts to £1,861, and the latter £6,000. In 1896, the University received a donation of £50,000 from Mr. P. N. Russell, to endow the Department of engineering.

University Museums.—The Museum of Antiquities, the "Macleay" Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the University, are accessible to the public under certain regulations.

Scholarships and Exhibitions.—These have been founded chiefly by private benefactors as rewards for proficiency and for the purpose of placing the advantages of a University education within the reach of students who might, through the want of financial means, be excluded from participation in them. They are awarded only when candidates exhibit a degree of proficiency satisfactory to the Examiners. No undergraduate may hold more than two scholarships at one time.

BURSARIES.

Bursaries.—Bursaries are only conferred when satisfactory proof is produced that the means of the candidate, or of his parents or guardians, are insufficient to enable him to attend the University without such assistance. There are fourteen at the disposal of the University. These have all been created (on the initiation of the late Dr. Badham, when Professor of Classics) by private foundations, at a cost of £1,000 each, together with a margin in some cases to ensure prescribed annual awards amounting to £50. They are helped, on the part of the Senate, by an accompanying exemption from all lecture fees and the fee for matriculation. Women are eligible for not more than one half of the five bursaries, founded in 1881, by the late Mr. Thomas Walker, of Yaralla, Concord.

Public School—University Bursaries.—Ten other bursaries have been created by the Government in connection with the Public School system, but the University is not concerned in their award, although the Senate has conceded to the holders a similar exemption from fees. For information relating to these Bursaries, see page 794.

PRIZES, &c.

University Prizes.

Prizes and medals in value up to £20 each are given annually by the University to students who exhibit the greatest proficiency at various Examinations, and to the most distinguished candidates in the Honour Examinations for different Degrees.

Private Prizes.

Prizes for proficiency in different subjects are awarded annually, ranging in value from £2 2s. to £10, by the various Professors.

Military Commission.

A commission in the British Army is offered annually to a student of the Sydney University under certain conditions which may be seen in the Calendar of the University of Sydney.

Faculty of Medicine—Hospitals.—Prince Alfred Hospital was constituted a General Hospital and Medical School for the instruction of students attending the Sydney University. The Chancellor of the University and the Dean of the Faculty of Medicine are Directors *ex officio*. Other Hospitals recognised by the University as places where study may be carried on in connection with the Faculty of Medicine are Sydney Hospital, St. Vincent's, the Benevolent Asylum, Hospital for Sick Children, and the Gladesville and Callan Park Hospitals for the Insane.

No. 12.—TECHNICAL EDUCATION.

Establishment of Technical Education.—Classes for Technical Education were first established at the Sydney Mechanics' School of Arts in 1865. The Working Men's College was started in 1873. In 1878 a sum of £2,000 was granted by Parliament for the organisation of the Technical College, and for five years the classes were carried on at that institution named. In 1883 a Board was appointed by Government to take over the management, but towards the end of 1889 the Board was dissolved, and the Technical Colleges were placed under the control of the Minister of Public Instruction. The new Technical College at Ultimo was opened to students in January, 1892.

Technical Education Branch.—The Technical Education Branch of the Department of Public Instruction comprises two distinct institutions—(1) The Sydney Technical College and its Branches; and (2) the Technological Museums. The Sydney Technical College and the Technological Museum adjoin, and the Branch Technical Schools at Bathurst, Goulburn, Newcastle, and West Maitland have also Branch Technological Museums connected. The two institutions are now under one administrative head. Instruction is given in classes at the various schools, and during 1895 five lectures on Agriculture were delivered, by request, in country districts, and forty-four by the Travelling Lecturer in Geology in various mining centres.

Technical Instruction in State Schools, 1895.

Technical Education in State Schools.—During 1890 a workshop was established at Fort-street Model School, and later on, at the Boys' High School and other large schools in the metropolis and country. The pupils are taught the use of tools by instructors connected with the Technical College and branches. The course consists of carpentry, joinery, and other selected handicrafts. Examinations are held annually, and certificates issued to successful candidates.

TECHNOLOGICAL MUSEUM AND BRANCHES, 1895.

Technological Museum.—This museum, situate in Harris-street, Ultimo, was established in 1879, and was first administered by a committee of management appointed by the trustees of the Australian Museum. It was taken over by the Department of Public Instruction on 1st January, 1890, and made an integral part of the Technical Education Branch. Special endeavours are being made to collect the raw products and samples, illustrative of the industries and manufactures of the Australian Colonies; and the museum contains a large number of native mineral and vegetable products, and a comprehensive series of specimens of wool. Over 41,000 exhibits in all have been acquired, both by purchase and gift.

No. 13.—AUSTRALIAN MUSEUM.

Australian Museum.—The Australian Museum was founded in 1836. It was originally connected with the Botanical Gardens, and was located in a room in Macquarie-street, Sydney, but was afterwards removed to the Surveyor-General's Office, and again, in 1849, to its present site. Its affairs were managed by a committee until 1853, when the Museum was incorporated by Act of Parliament (17 Vic. No. 2). The Act provides for twelve official Trustees, one Crown Trustee, named by the Governor, and twelve elective Trustees. Provision was also made for a State endowment of £1,000 per annum, which is supplemented by annual Parliamentary appropriations as required. It is essentially a Museum of Natural History.

Other presentations	Various donors. See Report of Trustees.

Museum Library.—The library attached to the Australian Museum contains many valuable books. Presentations are continually being made, and during 1895 additional volumes were purchased.

Other Museums.—In addition to the Australian Museum and the Technological Museums in which the exhibits are of a general nature, there is a Geological Museum connected with the Department of Mines and Agriculture, Sydney, which is open to the public free of charge. The Museum of Antiquities, the Macleay Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the Sydney University, are also accessible to the public.

No. 14.—NATIONAL ART GALLERY OF NEW SOUTH WALES.

National Art Gallery.—The National Art Gallery of N.S.W. was first opened in June, 1876, in conjunction with the New South Wales Academy of Art, an institution established in April, 1871. It was reopened as a National Gallery on 22nd September, 1880, in temporary buildings in the Botanical Gardens, Sydney, and removed to present premises in the Outer Domain on 23rd December, 1885. The estimated value of the collection is now upwards of £100,000. The collection of water-colour drawings is considered to be the finest out of England.

Art Students.—Persons desirous of studying in the Art Gallery must make application, accompanied by a specimen of work. If satisfactory, a "permit" will be granted to the applicant, revocable at the pleasure of the Trustees. No picture shall be copied in its entirety without special permission, and such studies only shall be made as shall be approved by the Trustees. All studies must be stamped before being taken from the Art Gallery. Loan pictures are not to be copied without the permission of the owners. Since the year 1889, when permission was first granted, 212 art students have availed themselves of the opportunity of studying in the Art Gallery, 30 additional students having been registered during 1895.

Loan Exhibitions of Pictures.—The practice has now been established of loan exchanges between the National Art Galleries of Sydney, Melbourne, and Adelaide. The second interchanges with the National Galleries of Victoria and South Australia were effected in June, 1895. Loan exhibitions of pictures from the National Art Gallery to country towns in New South Wales have also been initiated.

No. 15.—THE PUBLIC LIBRARY OF NEW SOUTH WALES.

The Public Library of New South Wales.—The "Free Public Library" was established on the 1st October, 1869, when the buildings and books of the "Australian Subscription Library" were purchased by the Government. During the years 1886-7 considerable additions were made to the premises, a large portion being entirely rebuilt. The new buildings were opened in April, 1890. In 1877 the operations of the Library were extended by a Lending Branch being attached. Under certain simple regulations books may be borrowed by individuals, country Libraries, Mechanics' Institutes, and Groups of Students in Country Districts free of charge. The Newspaper Room, formerly attached to the Reference Library, was in February, 1895, transferred to the Lending Branch. During 1895 the name "Free Public Library" was changed to "The Public Library of New South Wales."

OBJECTS AND TRANSACTIONS, 1895-96.

Board for International Exchange of Literary and Scientific Publications.

The Board was established in 1890. It consists of three members who are appointed by the Government. The number of packages despatched during 1895 was 821 to 493 institutions, while 151 sealed packages were distributed to various institutions in the Colony on account of Government Departments. The number of volumes received during the same year was 531, valued at about £95. The largest contributions were received from Chili, Uruguay, United States of America (including the Smithsonian Institution), South Australia, and Victoria. Liberal shipments have been promised by the Governments of Great Britain and Germany.

Australasian Association for the Advancement of Science.

The objects of this Association, which was established in 1888, are to give a stronger impulse and a more systematic direction to scientific inquiry; to promote the intercourse of those who cultivate science in different parts of the Australasian Colonies and in other countries; to obtain more general attention to the objects of science and the removal of any disadvantages of a public kind which may impede its progress. The permanent office of the Association is at Sydney. The following sections have been constituted:—(a) Astronomy, Mathematics, and Physics; (b) Chemistry; (c) Geology and Mineralogy; (d) Biology; (e) Geography; (f) Ethnology and Anthropology; (g) Economic Science and Agriculture; (h) Engineering and Architecture; (i) Sanitary Science and Hygiene; and (j) Mental Science and Education. The last meeting of the Association took place at Brisbane in January, 1895, the number of papers appointed to be read being:—In Section (a) 9, (b) 16, (c) 9, (d) 27, (e) 16, (f) 16, (g) 19, (h) 10, (i) 19, and (j) 28. In addition, the President of each section delivered an address. The next meeting of the Association will be held in Sydney in January, 1897, and the following in Melbourne.

Royal Society of New South Wales.

This Society originated in 1821 as the "Philosophical Society of Australasia." After an interval of inactivity it was resuscitated in 1850, under the name of the "Australian Philosophical Society," by which title it was known until 1856, when the name was changed to the "Philosophical Society of New South Wales." In 1856 it assumed, by Royal sanction, its present title, and was incorporated by Act of Parliament in December, 1881. The objects of the Society are to receive original papers on science, art, literature, and philosophy, and subjects tending to develop the resources of the Colony, and to illustrate its natural history and productions. The Society possesses a valuable library, open daily for reference and for the issue and return of books, and it also publishes a monthly paper. The particulars for 1894 and 1895 are:—

The Anthropological Society of Australasia.

The Society has been formed to study Anthropology in all its branches. It is composed of officers, members, associates, foreign and local correspondents. In addition to collecting languages, dialects, papers, periodicals, books, and photographs, the utensils, weapons, garments, and other works are stored for study and reference, special care being taken of any Australian or neighbouring island "curiosities," as the Society takes great interest in everything connected with the aborigines. A journal is published, and meetings for lectures are held. The Society will correspond and form alliances with similar institutions in other countries, and investigations are made as to what is being done by anthropologists in the prevention and remedial treatment of crime and the dealing with criminals.

Royal Geographical Society of Australasia.

This Society was instituted in 1883, its objects being:—(1) *Scientific.*—The advancement of geographical science and the study of the physical geography of the world, and especially the completion of the exploration of Australasia. (2) *Commercial.*—The study of commercial geography, and the natural and artificial products of various countries and their industries, with a view to promote the commercial progress of Australasia. (3) *Educational.*—The promotion of the knowledge of physical, commercial, and political geography by means of illustrated public lectures and various publications. Branches of the Society have been established in the other colonies, viz.:—In Victoria, in April, 1884; South Australia, in October, 1885; and Queensland, in December, 1885. The number of members in New South Wales at the close of the year, ended April, 1896, was sixty; the number of meetings held during the same period was eight, and seven papers were read.

Australian Economic Association.

This Association was established in 1886. Its objects are—

(1.) The Philosophical Investigation and Discussion of the Data, Methods, and Principles of the Science of Economics.

(2.) The Compilation of a Statistical History of the various Australasian Colonies since the time of their respective settlements.

(3.) The Formation of a Library of Economic Literature.

The Association issues "The Australian Economist," a monthly publication, in which the papers read at its meetings are printed, together with the discussions thereon.

British Astronomical Association—New South Wales Branch.

The first meeting of the local Branch of the Society was held in January, 1895, and at the 31st December the membership was 76. A library for the use of members is being collected, and will soon be available. The business transacted consists of the delivery of lectures, reading of essays, the discussion of observations, lantern exhibitions of photographs, &c. In addition to mathematics, other objects of interest to astronomers are admitted, such as optics, photography, horology, and electricity. During 1895, 20 papers were read, 4 lectures delivered, numerous observations reported, and 3 visits made to the Observatory.

The Sydney Institute of Public Accountants.

The objects of this Institute, which was established in 1894, are:—To support and protect the character, status, and interests of the profession of Public Accountants. To improve and elevate the technical and general knowledge of persons engaged in, or about to engage in, the business of Public Accountants; and, with a view thereto, to disseminate professional knowledge, to provide for and regulate the training of articled pupils, to test by examination and otherwise the competence of such pupils and other persons seeking to be enrolled as members of the Institute, and to institute and establish degrees to indicate the rank and qualification of members, and to provide all other means for securing efficiency and responsibility on the part of those admitted as members. To represent generally the views and interests of the profession, and to preserve and maintain its integrity by imposing strict rules of conduct as a condition of membership, and by other means promoting just and honorable practice in the conduct of business.

Institute of Architects of New South Wales.

This Institute originally founded in 1871, was reconstructed and incorporated under the Companies Act in 1890. In December, 1892, the Institute was admitted to alliance with the Royal Institute of British Architects. The objects of the New South Wales Institute, like those of the parent body, are to represent generally the views of the profession; to preserve and maintain its integrity and status; to suppress dishonorable and unprofessional conduct or practice; to encourage the study of the profession by articled pupils by giving prizes and other awards. Three classes of members have been established, viz.:—Fellows who must have attained 27 years of age, and been in practice for at least 5 years; associates, who must be engaged in the study or practice of architecture, and not less than 21 years of age; honorary members, who are persons of eminence in art, science, or literature, and others who may be able to render assistance in promoting the objects of the Institute. The numbers now on the roll are:—Fellows, 23; associates, 15; honorary members, 5.

Art Society of New South Wales.

This Society was established in 1880, and is in receipt of a Government grant of £500 (voted annually), which is expended entirely on educational work. It conducts antique, life, and painting classes for each of which annual scholarships are awarded, the winners of which receive 12 months free tuition. It holds an annual exhibition of works of art executed by its members. The particulars for 1894-95 and 1895-96 are:—

Society of Artists.

The objects of this Society, which was formed in July, 1895, are the advancement of art, by holding exhibitions, the establishment of an art library, and the procuring of any artistic or social benefits within the province of the Society. The number of members on the roll in October, 1896, was 157. The two exhibitions which have been held proved satisfactory. At the Exhibition held in September, 1896, sales to the amount of £314 were effected. Artists from other colonies were invited to exhibit, and the Committee of the Society hope to establish a regular system of interchange between the Societies of the Australasian Colonies.

Institute of Bankers of New South Wales.

This Institute was established in April, 1892. Its objects are to receive original papers on subjects relating to banking, finance, and economic questions, to hold examinations for the diploma of the Institute, and to examine candidates for bank service. Since January, 1895, the number of candidates for bank service has been 151, of whom 110 passed the examination. The Institute possesses a library and reading room, and issues a monthly journal.

Engineering Association of New South Wales.

This Association was established in 1870 and incorporated in 1884. The number of members on the 30th September, 1895, was 145. During the year 9 meetings were held, at which 7 papers were read and discussed. The Association exchanges records of its proceedings with kindred institutes in England, America, and the Continent, and presentations to the library of the Association are frequently made.

Electric Club of New South Wales.

This Club was founded in 1891, with the objects of (1) the promotion of social intercourse between persons interested in the electrical industry, (2) the reading and discussion of papers on electrical engineering subjects, and (3) the furtherance of the interests of electrical engineering generally. Students of the University or Technical College, pupils or apprentices of members of the Club or other electrical engineers, telegraph operators and others engaged in electrical departments of the Government, may be admitted as members. The number of ordinary members for the year ended September, 1896, was forty-eight, and students three; and the number of papers read was three.

Incorporated Law Institute of New South Wales.

The primary purpose and duty of this Institute is to maintain and preserve the high-standing, honour, integrity, and privileges of the legal profession. In July, 1896, there were 233 members on the roll. A valuable library of over 1,400 volumes exists in connection with the Institute. New text books, and all the latest editions of standard works, are being constantly added. For additional information see Table 41, Part VIII.—Law and Crime.

British Medical Association—New South Wales Branch.

The local Branch of this Association was founded in 1881, under the title of the "New South Wales Branch of the British Medical Association." The objects of the Branch are to co-operate with the parent Association in the promotion of medical science and the maintenance of the honour and interests of the medical profession. The transactions of the Branch during 1894 and 1895 were :—

Pharmaceutical Society of N.S.W.

This Society was established in 1876 for the purpose of uniting the chemists and druggists in one ostensible, recognized, and independent body for protecting their general interests, and for the advancement of pharmacy, by furnishing such uniform system of education as shall secure the profession and public the safest and most efficient administration of medicines. The number of ordinary members is 161, and life members 16. A Pharmacy College has been established under the management of the Pharmaceutical Society, for the instruction of students, who receive twelve months instruction in pharmacy and materia medica, chemistry, and botany, upon which the final or qualifying examination is based. A Benevolent Fund has been inaugurated under the auspices of the Society, the funds of which, on 31st Dec., 1895, amounted to £20 16s. 11d. The Society prints a journal of its proceedings.

Institution of Surveyors, New South Wales.

This Institution was established in March, 1885, under the name of the "Survey Club" and was incorporated under its present title in May, 1891. The aims and objects of the Institute are altogether of a scientific and professional nature. Papers are read and discussed at its meetings, and matters of interest to the profession dealt with. The Institute possesses a valuable library for the use of its members, and issues a monthly publication.

Australian Musical Association.

This association has been constituted on a cosmopolitan and eclectic basis, with the object of raising and maintaining the standard of music in the Colony by creating an incentive to more careful study. To this end, the association holds public examinations and grants diplomas of merit. Four scholarships were awarded in each of the years 1894 and 1895, the funds for which were derived from the examination fees. At the 1894 practical examinations, 225 candidates presented themselves, of whom 176 were successful, and in the theoretical examinations, twenty-three candidates passed. The success of these examinations was more than maintained last year, when double the number of candidates for the practical branches presented themselves.

Sydney College of Music.

The objects of the College are to advance the art and science of music generally; to provide scholarships, prizes, &c., from the surplus accruing from lecture fees, examination fees, &c.; to grant diplomas and certificates to successful candidates, and in any other way to encourage the study of music. The examinations of this college include both the practical and theoretical, and are conducted in three grades—primary, intermediate, and advanced Each grade includes a pass division and an honors division. A college medal is awarded in each grade. The number of candidates who presented themselves at the November, 1895, examinations, was 526, of whom 425 satisfied the examiners, and were awarded certificates, &c.

No. 18.—EDUCATIONAL, SCIENTIFIC, AND ART SOCIETIES—*continued.*

Royal Agricultural Society of New South Wales.

This Society was incorporated in 1869, with the object of promoting the development of the agricultural pastoral, horticultural, and industrial resources of the Colony. The number of members for the year ended October, 1895, was 470. The annual show was held at Easter of the same year, when prizes to the amount of £1,430 were distributed in the various sections.

Horticultural Society of New South Wales.

The objects of this Society, which was established in 1886, are the promotion and encouragement of horticulture in all its branches by holding meetings for the exhibition and examination of plants, flowers, fruits, and vegetables, and such other articles as the Council may determine; the reading and publication of essays and lectures; the holding of periodical exhibitions; the encouragement of the application of science to the general purposes of horticulture; the publication of a periodical newspaper, &c. Regular meetings of the members, to which the public are admitted without charge, are held on the second Tuesday of each month, when papers of horticultural interest are read and discussed, and exhibits of seasonable plants and flowers are shown. A newspaper containing matters of horticultural interest, written by members of the society, is issued monthly. The number of members for the year ended 30th June, 1896, was 359, and the number of meetings held was 8.

National Pomological Society.

This Society was founded in 1893 under the name of the National Horticultural and Pomological Society with 210 members; in 1896 the number had increased to 986. Its objects are:—To promote reform and improvements in horticulture, pomology, apiculture, &c.; to establish experimental gardens; to hold exhibitions when deemed expedient; to hold meetings for exhibition and examination of fruits, flowers, vegetables, and apicultural products, and in other ways to advance the interests of horticulture, &c. The Society operates under four sections, viz., Fruit, Apiculture, Floral, and Vegetable. Papers on subjects connected with these sections were read during the year ended June 30, 1896, as follow:—in the Fruit Section, 2; in the Apiculture, 9; and in Vegetable Section, 1. The efforts of the Society have lately been directed towards finding markets for the products of orchards, &c., and several shipments have been despatched to London. The Society convened the Goulburn Beekeepers' and Fruitgrowers' Conference during the year. A piece of land has been acquired at Pennant Hills for a standard and experimental garden, where fruit and other trees and plants will be tested as to their correct naming and quality and suitability to the climate.

N.S.W. Zoological Society.

This Society was inaugurated in February, 1879, with the object of introducing into New South Wales the game and song birds of other countries, as well as different species of fish. It was accorded Government support, and the City Corporation granted it the use of 12½ acres of Moore Park. The collection of mammalia, birds, reptiles, and fish numbers 627. The revenue of the Society for 1895 was £2,521, viz.:—State subsidy, £500; gate receipts, £1,769; and £452 from other sources. On 31st December, 1895, there was an overdraft of £269. The number of visitors during 1895 was:—

N.S.W. Ornithological Association.

The Association has for its objects the improving of the breeding, classification, and honorable exhibition of all varieties of canaries, mules, and British, Foreign, and Australian cage birds.

To attain these purposes a standard of perfection has been adopted, regulations as to shows been compiled, and a list of competent judges prepared. Arrangements have been made for the reading of essays of interest to canary fanciers. The Association also assists and advises societies in the preparation of schedules.

Agricultural, Pastoral, and Horticultural Societies.

In addition to the societies mentioned, there were 122 societies existing in the country districts during 1895, for the object of promoting the resources of the Colony. Particulars as to subscriptions, Government subsidy, &c., will be found in Table No. 27, Part VI.

No. 2.—BOARD OF HEALTH.

A Board of Health was established under the "Infectious Diseases Supervision Act" in 1881, and under authority of the "Noxious Trades and Cattle Slaughtering Act of 1894" it was made a corporate body. By the Act of 1881 the Board consisted of six members, but the "Public Health Act" of 1896 provides that the number shall be not less than seven nor more than ten, including the President. The President of the Board is also Medical Adviser to the Government. Complete statistics of the transactions of the Board of Health are not available, but returns of vessels examined under the provisions of the Quarantine Act during the years 1893-95 may be found in Part I.—"Shipping."

The Acts administered by the Board of Health are—

The Infectious Diseases Supervision Act [45 Vic. No. 25.]
The Dairies Supervision Act [50 Vic. No. 17.]
The Leprosy Act [54 Vic. No. 20.]
The Diseased Animals and Meat Act [55 Vic. No. 17.]
The Noxious Trades and Cattle Slaughtering Act [57 Vic. No. 21.]
The Quarantine Law Amendment Act [58 Vic. No. 2.]

THE GOVERNMENT ANALYST.

The duties of the Government Analyst include the analyses of human viscera, &c., in cases of criminal or accidental poisoning; of weapons, clothing, &c., in suspected murder cases; of the water supply of Sydney and other towns; of sewerage from the Sewerage Farm at Botany; of articles entered by importers for the purpose of evading customs' duties; of beers, wines, and spirits, under the Licensing Act; and of articles of food, under the Adulteration of Food and Drink Act.

No. 3.—QUALIFIED MEDICAL PRACTITIONERS.

New South Wales Medical Board.—Under Act 2 Vic. No. 22, "The New South Wales Medical Board" was appointed. The Act provides that the Board shall consist of not less than three members, who must be members of the medical profession, one of whom shall be nominated President. The members of the Board do not receive any fees. The Secretary receives an honorarium of £100 per annum. In 1895 the Board consisted of twelve members.

Qualified Medical Practitioners.—By the "Medical Practitioners Act, 1855" (19 Vic. No. 17), a legally qualified practitioner is defined to be "any person who shall prove to the satisfaction of the New South Wales Medical Board that he has passed through a regular course of medical study, of not less than three years duration, in a School of Medicine, and that he has received, after due examination, from the University of Sydney, or from some other duly recognised Institution, a diploma, degree, or license, entitling him to practice in medicine."

New South Wales Medical Degrees.—See Note, page 806, Part X, "Education, Science, and Art."

Registration.—The Register was first opened in the year 1838, and up to 31st December, 1895, 1,986 persons had been registered.

No. 5.—LEPER LAZARET.

Leprosy.—The Leprosy Act of 1890 (54 Vic. No. 20) empowers the Board of Health to detain and isolate persons suffering from leprosy, and in accordance with the Act a place has been set apart at Little Bay, and proclaimed as a Lazaret, for their reception and treatment. The wants of the patients are carefully attended to by an experienced wardsman in charge and by attendants and nurses, under the direct supervision of the Medical Superintendent and Matron of the Coast Hospital. On the 31st December, 1895, there were 37 persons - 33 males and 4 females—in the Lazaret.

Country Hospitals.—At small hospitals in the country it is a common practice to appoint married couples to manage the institutions. In such cases the wife acts as matron and the husband as wardsman. This arrangement is generally found satisfactory and economical, as the wardsman, in addition to other duties, performs those of a nurse if required. Whenever extra assistance is necessary the services of female nurses are temporarily obtained.

Home for Trained Nurses, Sydney.—Trained nurses may be engaged at a fixed rate of payment, and in accordance with the regulations of the Home, Sydney. In December, 1895, there were seventeen nurses on the staff, in addition to the Matron.

ST. JOHN AMBULANCE ASSOCIATION.

The N.S.W. Centre of the St. John Ambulance Association was established in Sydney during 1890. The object of this association is to disseminate general information as to the preliminary treatment of the sick and injured, without undue intrusion upon the province of the surgeon. The object aimed at is merely the adoption of precautionary measures pending the arrival of a doctor. "First aid" and "Nursing" classes to the number of 31 were instructed and examined during 1895-96. A number of classes are now under instruction in remote country towns. Of the 474 pupils instructed during the year, 310 passed examination for certificates and 27 completed their course and qualified for medallions. The total number of candidates instructed since the formation of the N.S.W. Centre is 3,449, of whom 2,210 (937 men and 1,273 women) passed examination. Ten practice societies have been formed. These practice societies are now formed into corps which, when organized, will constitute a valuable Ambulance Brigade. The receipts of the Centre for the year ending August, 1896, amounted to £214, and the expenditure to £225. The cash balance in hand amounted to £43, and, there were stores to the value of £19.

RAILWAY AND TRAMWAY AMBULANCE CORPS.

Full provision is made for accidents on the Railways by passenger trains, outside suburban sections, and mixed trains on branch lines, all being furnished with medicine-chests and all ambulance requirements. The efficiency of the Ambulance Corps has been recognised by medical men, and the "first aid" rendered by the members has been given with beneficial results. Those qualified by examination after a course of instruction, chiefly given by the Railway Medical Officer, numbered 1,162 at the end of December, 1896. Fully twice this number have been instructed in the best methods of "First aid," but have not undergone examination. The 1,162 members are recruited from all branches of the Service, and are distributed over 65 stations in various parts of the Colony. All accident gangs are formed principally by members of the corps, and each accident van is furnished with ambulance appliances.

THE ROYAL HUMANE SOCIETY OF AUSTRALASIA.

This Society was inaugurated as the "Victorian Humane Society" in the year 1874, the present title being adopted in 1882. Its objects are to bestow rewards upon all who promptly risk their own lives to save those of their fellow-creatures; to provide assistance in all cases of apparent death; to restore the apparently drowned or dead, and to distinguish by rewards all who through skill and perseverance are successful; to collect and circulate information regarding the most approved methods and the best appliances to be used for such purposes. The head office of the society is at Melbourne, but honorary correspondents have been appointed in New South Wales. Life-buoys have been distributed in this Colony, and of the 5 awards granted by the Society during 1895, residents of New South Wales obtained 18.

No. 7.—HOSPITALS—ACCOMMODATION, &c.

Government Hospital (Coast, Little Bay).—This hospital is entirely a Government institution, administered by the Department of the Medical Adviser to the Government. It is situated at Little Bay, a few miles south of Sydney. Patients are not charged any fees.

Other Government Hospitals.—There are hospitals in connection with the Military Barracks, Paddington; with the Government Asylums for the Insane, and for the Infirm and Destitute; and at the principal Gaols.

Subsidised Hospitals.—Including the Government Coast Hospital at Little Bay, at the end of 1895 there were 100 general hospitals subsidised by the Government which were open for the admission of patients. A hospital is in course of construction at Lithgow, and a sum of £188 has been subscribed for the purposes of a hospital to be erected at Blayney. The subsidy consists of £ for every £ collected by the hospital, and is granted conditionally: (1st.) That the hospital admits all accidents and urgent cases brought to its doors; (2nd.) That all destitute cases recommended by the Police Magistrate or other approved officer (among whom are to be considered the Government Medical Officer and the chief local officer of Police) must be admitted without delay; and, (3rd.) That cases of fever, erysipelas, and other infectious diseases must be admitted as well as ordinary cases, and suitable provision made for their accommodation and treatment.

Unsubsidised Hospitals.—At Sydney (St. Vincent's), Auburn, and Lewisham, there are hospitals under the care of the Sisters of Charity and the Nursing Sisters of the Little Company of Mary, of the Roman Catholic Church. The patients are not, however, limited to members of this particular denomination. These three institutions depend entirely upon public subscriptions for their maintenance, and do not receive any subsidy from the Government. A special Government grant of £1,000 was, however, made in 1892, towards the building account of a new wing at St. Vincent's Hospital, and a sum of £1,000 had been previously received by this institution.

The Thomas Walker Convalescent Hospital, Parramatta River, is a privately endowed hospital, in receipt of no subscriptions from the public nor subsidy from the Government.

Quarantine Station.—For information relating to the Quarantine Station, Port Jackson, see Table No. 26, Part I, "Shipping."

No. 8.—HOSPITALS—ADMISSIONS, DISCHARGES, ETC.

Convalescent Hospitals—"*Thomas Walker,*" *Parramatta River.*—The Thomas Walker Convalescent Hospital, situated on the Parramatta River, at Concord, is a privately endowed hospital, neither subsidised by the Government nor in receipt of aid from the public. Although no recommendation is required, persons cannot be admitted without an official medical certificate, signed by one of the hon. examining or medical visiting officers of the Institution. The period of sojourn is limited to four weeks for each patient, but the medical officer may, if necessary, readmit any patient for a further period of four weeks. Persons eligible for admission are those convalescing from serious illness, or active surgical treatment, and those who have fallen into a sickly condition and who, in the opinion of the examining medical officer will be benefited by a few weeks residence in the country. "*Carrington Centennial,*" *Camden.*—This hospital, situated at Camden, 42 miles from Sydney, receives convalescent patients from the Metropolitan Hospitals. Government patients sent either direct from the Hospital Admission Depôt, or from hospitals when the acute symptoms of illness have subsided, are paid for at the rate of 2s. per day. The hospital is in receipt of the usual subsidy from the State.

No. 9.—HOSPITALS—REVENUE and EXPENDITURE.

Government Subsidy to Hospitals.—By Act 30 Vic. No. 19, provision was made for the inspection of Hospitals and other Institutions aided by Government in order to ensure the proper application of grants. Trustees of Hospitals are permitted, under Act 45 Vic. No. 3, to invest the funds in various securities. At meetings held for the election of Officers, annual subscribers of £1 or those who have paid £10 in one sum to the funds of the Hospital are entitled to vote.

Hospital Saturday Fund.—The Association for the control of this Fund has been registered under the Joint Stock Companies' Acts not for profit, but to give legal status and increase public confidence in the conduct of business. Suburban committees have been appointed and new collections initiated. The total income for 1895-6 was £3,969, an increase of £421 on 1894-95. Both in-door and out-door collections have been made, the former taking place throughout the year and the latter once. The necessary expenditure amounted to £215. All duties, with the exception of those of the Assistant Secretary, are performed by volunteers. £3,700 was distributed among the following institutions:—Sydney, £1,050; Prince Alfred, £685; St. Vincent's, £475; Glebe (Children's), £375; Camden (Carrington), £200; Parramatta, £140; North Shore, £140; Balmain, £120; Lewisham, £150; Thirlmere Home for Consumptives, £100; Auburn (St. Joseph's), £70; Croydon (Western Suburbs), £90; Kogarah (St. George's), £45; Manly Cottage Hospital, £30; and St. Margaret's Maternity Home, £30.

Hospital Sunday.—The Metropolitan Friendly Societies, Fire Brigades, and other bodies, as well as those of some of the suburban and country districts, organise processions in their respective localities each year for the purpose of parading the streets and collecting subscriptions from the public for the benefit of the local hospitals. The amounts thus collected in the Metropolis during 1892, '93, '94, and '95 were £202, £191, £264, and £208 respectively.

No. 11.—HOSPITALS AND ASYLUMS—APPLICATIONS.

Government Admissions to Hospitals and Asylums.—The Sydney Depôt for the admission of patients to Hospitals and Asylums is under the management of the Government Medical Officer, who is charged with the duty of assigning the cases to the different hospitals and asylums, in accordance with the nature, severity, and special characters of the ailments from which the patients are suffering, and the accommodation available at the various institutions. Preliminary inquiries are made as to the pecuniary circumstances of the applicants and their fitness in this respect for relief at the cost of the Government. Cases which, on examination, do not appear to need Hospital treatment, but to be suitable for the Asylums for the Infirm and Destitute, are recommended to those Institutions.

Applications for Government Orders.—During the year 1895, 8,830 persons were seen at the Hospital Admission Depôt, and treated as shown in the table. Nine hundred and seventeen were admitted to the Coast and Metropolitan Hospitals, and paid for in the latter institutions at the usual maintenance rate. These patients include persons found by the police and taken direct to the hospital, urgent cases of fevers and other diseases reported at the Medical Adviser's Office by registered medical practitioners, and transfers from Government institutions and country hospitals for special treatment.

No. 12.—INSANITY.—GOVERNMENT HOSPITALS FOR INSANE—Cost of Patients.

The Lunacy Act, 1879 (42 Vic. No. 7), as amended in 1893 by Act 56 Vic. No. 23, provides for the proclamation of Government Hospitals for the Insane and for the granting of licenses to private houses.

Insane Persons landed in N.S.W.—For many years there has been an addition to the Institutions of persons who were insane on arrival in New South Wales, or became insane shortly afterwards. Act 56 Vic. No. 23, section 4, renders the owner, charterer, agent, or master of a vessel liable for the maintenance of any insane person landed in New South Wales. Under its provisions 7 cases were reported during 1895. Of these, at the close of the year only 3 remained in hospital at the charge of the owners of the ship in which they arrived.

Patients absent on Leave.—During 1895 leave was granted, for varying periods, to 103 patients, making, with those already on leave, 186. Of this number 83 were discharged recovered during the year, 43 returned to hospital, 1 died whilst away, and 59 remained on leave at the close of the year.

No. 13.—INSANITY—GOVERNMENT HOSPITALS and LICENSED HOUSES—Inmates, Admissions, &c.

Licensed Houses for the Insane.—The number of Licensed Houses is now four. That at Cook's River receives both sexes, and that at Ryde women only. Two cottages at Picton are licensed for a single patient each.

Hospital for the Insane, Kenmore.—In November, 1894, an Act was assented to which sanctioned the erection of a Hospital for the Insane at Kenmore, near Goulburn. The buildings, although not yet completed, are sufficiently advanced to allow of the reception of patients.

ADMISSIONS AND READMISSIONS—CAUSES OF INSANITY, 1894-95.

Causes of Insanity.—These "Causes" are taken from the statements in the papers received with the Patients on admission, and are verified or corrected as far as possible by the Medical Officers.

Number of Causes, &c.—Number of Patients.—The "predisposing" and "exciting" causes are both enumerated in all cases where the predominating causes could not be distinguished, so that the aggregate of the totals for each of the years exceeds the total number of patients yearly admitted. During 1895 the number of patients admitted and readmitted was 715, while the causes were 825. See page 844.

PERSONS TREATED FOR SYMPTOMS OF INSANITY IN GAOLS DURING 1895.

Observation Wards, Darlinghurst and Parramatta Gaols.—These wards are set apart for the detention of any prisoner who may be supposed to be insane, or who, from imbecility, may be supposed to be unfit for penal discipline, in order that he may be there placed under observation, until certified by two medical practitioners that he is of sound mind, or is insane and a fit subject for detention in the hospital for criminal insane. 21 persons were in the wards on 31st Dec., 1894, and 243 were received during 1895, making a total of 264 under observation. Of these, 218 were discharged as not insane, 19 were sent to hospitals for insane, and 27 remained on 31st Dec., 1895.

No. 17.—INSANITY—Criminal Insane Hospital, Parramatta—Offences, 1891–95.

Criminal Insane.—The majority of the patients at this Hospital are known as "Governor's pleasure" cases—that is, those acquitted on the ground of being insane at the time they committed the offence with which they were charged, and ordered by the Courts to be kept in confinement during the Governor's pleasure. In addition to these there were certain persons certified to be insane whilst awaiting trial, or found to be insane by jury on arraignment. Persons serving long sentences are not now received at this Hospital.

No. 18.—VACCINATION.

Vaccination.—Upon application to the Medical Department, pure calf lymph is supplied free of cost to all legally qualified medical practitioners. Returns of the number of persons vaccinated by other than Government Medical Officers are, however, not available.

Vaccination not Compulsory.—New South Wales is the only Australasian Colony in which an enactment for compulsory vaccination does not exist.

Vaccination, Free.—Vaccinations performed by the Government Medical Officers are paid for entirely by the State.

Section II.—CHARITIES.

No. 19.—STATE CHILDREN'S RELIEF BOARD—Children under Control.

State Children.—The State Children's Relief Act (44 Vic. No. 24) passed in April, 1881, provides for the removal of any State Child from an Asylum or Charitable Institution, and for its being "boarded out" in the house of some licensed person until such child attains the age of 12 years. The administration of the Act is entrusted to a Board of nine persons, empowered to apprentice children for periods not exceeding five years. The Boarding-out Officer, when directed by the Chief Secretary, has authority to remove children from Reformatory Schools, and to cause them to be boarded out for any period not extending beyond the term of detention imposed. The Board may direct the restoration of a child to its parent or guardian on such terms as may be deemed proper.

No. 21.—CHILDREN'S PROTECTION DEPARTMENT.

Children's Protection Act.—Under the Children's Protection Act (55 Vic. No. 30), it is not lawful for any person, other than the guardian of a child or the Officer of a Charitable Institution, to agree upon payment of a premium to receive a child under the age of three years, for the purpose of adopting, rearing, or nursing it, apart from its parent. The limit of the maintenance fee allowed for those children, and the time of instalments, have also been fixed. Persons adopting or otherwise taking charge of children are compelled to be registered. Children under 14 years of age are also protected by the Act, as they are not permitted to take part in performances of a dangerous character.

Extension of Provisions of Act.—The Children's Protection Act was only in force in part of the colony between the 14th August, 1892, and 7th July, 1893; at the latter date, however, its provisions were extended in order to embrace the whole of New South Wales.

Lying-in homes.—These homes come under the provisions of the Act, and all births therein must be registered. In the case of still-born children, the certificate of a qualified person must be obtained previous to interment.

REGISTRATIONS, 1896.

Registrations.—The figures given represent the transactions from the commencement of the Act up to the 16th December, 1896, except in the case of Foster Homes, where the registrations are for the year 1896 only.

No. 22.—GOVERNMENT LABOUR BUREAU.—RELIEF.

Relieving Branch.—Prior to February, 1895, "Free" rations were distributed and shelter given to the destitute unemployed. Since that date the form of relief has been altered, and employment has been given on various works, opened by the Government for that purpose, for which payment is made in some cases by orders for the supply of rations (the value of a ration being 5s. for 8 hours work), and in others, in money earned by piecework. Each man is given work for a certain time per week according to the number of persons dependent on him. The average number of men thus employed during the year was about 2,250 weekly. Special grants have also been made to Municipalities in the Country districts, the money being expended in giving work on the roads and streets to the destitute unemployed; the amount of grant was £ for £ voted by the Municipal Councils or raised by the public.

Fossicking.—A special feature of the aid granted by the State, introduced during 1893, was the sending out to fossick on the gold-fields such of the unemployed as were desirous of undertaking this work. To each of these men in addition to a free miner's right and railway pass, a ration was supplied—valued at 2s. 6d. For the year ending February 1896, the number sent out was 7,023, the total number up to that date being 22,327.

Labour Settlements.—Under Act 55 Vic. No. 31, of 1893, three labour settlements have been brought into existence. They are under the management of Boards of Control, to whom the Government has advanced loans. For further particulars, see Part V—Land Settlement.

No. 23.—GOVERNMENT LABOUR BUREAU—EMPLOYMENT.

Labour Bureau.—The Government Labour Bureau was established on the 18th February, 1892. Persons requiring employment are registered at the Bureau, Sydney, without fee or charge, the matter of wages being left for settlement between the employer and employé. 14,062 persons, of whom 5,450 were married and 8,612 single, registered themselves during the year, and employment was obtained for 20,576. Prior to the 5th July, 1892, free passes were issued by rail or steamer without guarantee, but since that date orders have been signed by the employés on employers for a refund of the cost of passes to be deducted from the first month's wages. The total amount thus refunded to the 17th February, 1895, was £10,526.

Persons obtaining Employment indirectly.—In addition to the ordinary mode of engagement through the Bureau, numbers of men find employment indirectly by persons coming and engaging them, and taking them away without giving any information or leaving any record at the office.

Termination of Year.—The figures given in the Returns of the Government Labour Bureau relate to the year ending on the 17th February.

Private Registry Offices.—Persons engaged through private registry offices for employment in the country, who have applied to the Government for railway passes, have been granted such passes on provision being made for a refund.

No. 24.—CHARITABLE INSTITUTIONS—Outdoor Relief.

Outdoor Relief.—The figures regarding outdoor relief include instances in which shelter has been afforded and also meals given at the Institution. In other cases the return has been furnished of the number of families supplied with food for consumption in their own homes, in addition to which in some cases the railway and steamer fares have been paid in order to enable the applicants to join their friends. On account of the various ways in which relief has been afforded by charitable institutions, it is difficult to compile a return embracing all the transactions.

Other Charitable Societies.—In addition to those named in the following pages, there are Societies of less public importance which have been established in order to relieve distressed persons living in the localities in which the societies are situated. No returns are available.

Government Labour Bureau Relieving Branch.—For additional information regarding the transactions of the Relieving Branch of the Bureau, see Table No. 22, page 851.

REVENUE AND EXPENDITURE, 1892-95.

Revenue and Expenditure.—It is a difficult matter to publish complete financial returns of all Charitable Institutions, as several decline to furnish particulars, while others are unable to give particulars of revenue and expenditure, as a considerable proportion of the gifts are received in kind, the money value of which cannot be estimated.

No. 29.—CHARITABLE INSTITUTIONS—Objects and Transactions.

OBJECTS AND TRANSACTIONS, 1895.

Other Charities.—In addition to the information given in these Notes, statistics are published in the preceding pages.

Government Charitable Institutions.

The Government Charitable Institutions at the end of 1895 were as follow:—Boys' Home and Carpenterian Reformatory at Eastwood; the Farm Home at Glenfield; Asylums at Liverpool, Newington (Parramatta River), George-street (Parramatta), Macquarie-street (Parramatta), and Rookwood; and the Cottage Homes, at Parramatta. In addition there are the Nautical School Ship "Sobraon," the Industrial School for Girls, Parramatta, and the Relieving Branch of the Government Labour Bureau.

Industrial School for Girls, Parramatta.

This Industrial School and Reformatory is under the supervision of the Department of Public Instruction. The girls remain in the Institution until 18 years of age, unless apprenticed before that time. Thirteen were apprenticed during 1895. The value of work performed by inmates during the year has been estimated at £1,548.

Shaftesbury Reformatory for Girls, Sydney.

The management of this Institution, formerly in the hands of the Comptroller-General of Prisons, has been transferred to the Department of Charitable Institutions. The building has been converted into a Receiving House for State Children, with a separate division for reformatory purposes.

Nautical School Ship "Sobraon," Sydney.

The ship "Sobraon," of 2,131 tons register, was purchased by the Government of New South Wales for the sum of £11,700, and fitted out as a training ship to replace the "Vernon," the transfer taking place on the 8th November, 1892. The Institution is administered by the Department of Public Instruction. Since the date of establishment on the 6th May, 1867, to 30th April, 1896, no less than 3,564 boys have been committed to the training ship.

In addition to being used as a training school the "Sobraon" has been used as a reformatory. Although every boy is under control until he is 18 years of age, he does not necessarily remain the full period on the ship, but may be apprenticed.

During the year ending April, 1896, there was a daily average of 390 apprentices under the guardianship of the Commander and Superintendent.

Benevolent Society of New South Wales.

The objects of this Society are to relieve the poor, the distressed, and the aged, by affording them assistance in the form of provisions, &c., and small sums of money to assist in payment of rent; to provide an asylum for homeless and deserted children and foundlings, and for children awaiting removal to other Asylums; to receive sickly mothers who have infant children, and who cannot be received in the Infirmary or other hospitals, or who may be suffering from diseases of women. The Society provides a Maternity Hospital, and a training institution for midwives and nurses.

Outdoor Relief.—The cost of provisions given during the year 1895 was £2,587, and money for rent, &c., was distributed to the amount of £1,648. The provisions issued during 1895 were—bread, 153,200 loaves; flour, 81,471 lb.; meat, 63,961 lb.; sugar, 39 941 lb.; tea, 8,836 lb.; sago, 3,299 lb.; rice, 2,654 lb.; arrowroot, 34 lb.; oatmeal, 2,657 lb.; blankets, 171½ pairs; boots, 777 pairs; milk, 500 quarts; corn-flour, 17 lb.; 825 puddings, and £200 rent money (special Christmas gift).

New South Wales Institution for the Deaf and Dumb and the Blind.

This Institution, founded in 1861, is situated on 5 acres of land on the Newtown Road, Darlington. The foundation-stone of the present building was laid in 1871. The school has two departments, one for the blind and one for the deaf and dumb. Children between the ages of 7 and 12, provided they are sound in intellect, are admitted from any part of New South Wales, and under certain conditions from Queensland and Tasmania. The fees charged for board, education, &c., are £40 per annum; in special cases a lower scale of fees is adopted; in cases of inability to pay, children are admitted free. The term of residence varies from 2 to 10 years. In addition to the usual educational course, the girls are taught cooking, household duties, needlework, &c., and the deaf boys carpentry and modelling. The Braille system is used for teaching music and reading to the blind, and in the articulation classes the deaf have made satisfactory progress.

Of the pupils remaining in the Institution at the end of 1895, there were 69 deaf and 15 blind, making a total of 84. Of these, 79 belonged to New South Wales, 2 to Tasmania, and 3 to Queensland.

The Sydney Industrial Blind Institution.

The Association has been established in order to furnish the industrious among the blind with instruction in work, convenient rooms for working in, materials with which to work, and a place in which the work may be advantageously sold. At the end of 1895 there were 34 blind men employed in basket-making, bed-making, chair-caning, mat-making, matting weaving, halter and net-making, and it was decided to commence the making of brushes and brooms. The expense connected with material used and the services of the teacher is borne by subscriptions and donations received from the public.

Home Teaching Society for the Blind and Industrial Home.

The institution is situated at Strathfield. There are two departments—the Home Teaching Society for the Blind, and the Industrial Home for Blind Women and Retreat for the Aged Female Blind. The operations include the imparting of instruction in reading, writing, knitting, netting, chair-caning, and halter-making to blind persons at their own homes; visiting country districts for the purpose of ascertaining fresh cases of blindness, and distributing books for the use of the blind. The Home and Retreat Department affords a permanent home for indigent blind females, who are taught various pursuits.

The Sydney Female School of Industry.

The number of girls in this institution is limited to 50. Children between the ages of 4 and 9 years may be admitted. After the age of 15 years, the girls are eligible for engagement as house servants—for which position they are trained; but the Committee do not give up entire supervision until the girls have attained the age of 18 years.

City Night Refuge and Soup Kitchen.

At this institution, which is situated in Kent-street, Sydney, shelter has been afforded to 47,450 persons, and 105,850 meals have been given, being a daily average of 290 for meals, and 130 for shelter. Sunday breakfasts have been partaken of by 8,311 persons, and on Christmas Day a dinner was given to 451 applicants. Soup and food have also been supplied to 11,635 women and children for consumption at their own homes. The free registry office in connection with the institution has found employment for 40 persons.

OBJECTS AND TRANSACTIONS, 1895—*continued.*

Sydney Night Refuge and Reformatory.

During 1895, the number of different men benefited by the Sydney Night Refuge and Reformatory, situated at Stanley-street, was 3,246. Shelter has been given and breakfasts provided 16,546 times.

Boys' Brigade, Sydney.

The number of boys on the roll of the Brigade is 300. The average nightly attendance during the year was 120; and the average attendance at the Educational Classes, 20.

Clothing has been given to 100 destitute boys, and employment procured for about 60 lads with satisfactory results.

A Penny Savings Bank was open in connection with the Brigade throughout the year.

Ragged Schools.

Five Ragged Schools are situated within the Metropolitan area, three being in the city, one at Glebe and one at Waterloo.

There are nine teachers engaged in the work, and 504 children are on the roll. No fees nor charges of any kind are made, the object of the schools being to provide free education and training to very poor and neglected children. No pecuniary assistance is received from the Government.

The Sydney Female Refuge Society.

The objects of this Society are the reclamation of unfortunate and abandoned females, by providing them with a place of refuge, and, after a period of probation, restoring them to friends or obtaining suitable employment for them.

The Institution, which was established in 1848, is maintained by subscriptions and donations from the public, and by laundry work performed by inmates, who numbered 39 on the 31st December, 1895.

Sydney Rescue Work Society.

Open All Night Refuge for Women, Sussex-street.—The total number of beds supplied to women during the year was 14,711 and to children 9,503. Meals were supplied in 27,188 instances, and day work obtained for 108 women, situations being secured for 155.

Home of Hope, Newtown.—In addition to large numbers of women and children sheltered by this Institution, 76 situations were secured for women during the year. A Maternity Ward was established at the Home in the month of December.

Women's Crusade Branch.—Each Sunday morning and on Good Friday and Christmas Day, the several city and suburban police stations have been visited. In answer to appeals made on behalf of women charged with vagrancy, Magistrates have in many instances handed them over for admission to the Home of Hope.

Infants' Home, Ashfield.

The primary object of the Home is to provide shelter for unmarried girls with their first infants, in order to free the mothers from temptation to the crime of infanticide.

The children of widows, widowers, and deserted wives are also received, in addition to which foundlings are admitted. The "Waller" ward has been opened for the isolation of children received at the Institution in a bad state of health.

Sydney Female Mission Home, Forest Lodge.

The Committee of the Sydney Female Mission Home receive women for longer or shorter periods previous to admission to the Benevolent Asylum, and again, when discharged, offer them a home and endeavour to obtain situations for them. The fundamental principle of this Institution is that mother and child shall not be separated if it can possibly be avoided.

Society for the Relief of Destitute Children, Randwick.

On the 31st December, 1895, there were 183 children in the Institution; 35 had been admitted during the year, 12 were discharged, and 25 apprenticed. The total expenditure for 1895, on account of maintenance, education, and general management, was £3,078, making the average cost £19 12s. 0½d. per head, deduction being made for contributions by parents. No Government aid has been received since 1885. The daily average number maintained in 1895 was 145. The Institution is carried on with the interest derived from the investment of legacies and bequests, from voluntary contributions, and payments by parents. Since the year 1852, the number of children benefited has been 4,730. No death has been recorded since 1887.

Female Night Refuge and Soup Kitchen, Sydney.

This Institution, situated in William-street, is under the care of the Nursing Sisters of the Little Company of Mary. For the year ended June, 1895, shelter was afforded to women and children on 4,472 occasions, and 16,165 meals were supplied, while outdoor relief was also given to men, women, and children.

St. Joseph's Providence, Sydney.

The Providence is administered by the Sisters of St. Joseph. A large number of women and children were received during the year. The inmates on the 31st December were 13 women and 46 children. Of the outdoor relief, 8 men received meals every day and 10 families were relieved.

Mater Misericordiae Church Home, Sydney.

The object of the Institution is to provide a home for respectable young women, independent of creed, who are without means and unable to procure suitable situations, and it aims at imparting instruction in laundry work, &c. Out-door relief, consisting of food and clothing, was given daily throughout the year. The Home is conducted by the Sisters of Mercy of the Roman Catholic Church.

Home of the Good Samaritan, Sydney.

This Institution is under the control of the Sisters of the Good Samaritan. Laundry work is carried on by the inmates, who at the end of 1895 numbered 56.

OBJECTS AND TRANSACTIONS, 1895—*continued.*

St. Vincent de Paul Home, Westmead.

During 1895 the Home was removed from Five Dock to very much larger premises at Westmead, with accommodation for 85 boys. The property contains 21 acres. There are at present 64 boys in the Home, ranging in age from 6 to 16 years, and these are being taught useful trades. The Institution is independent of, but receives assistance from, the St. Vincent de Paul Society, and is subsidised by the Government.

St. Martha's Industrial School for Girls, Leichhardt.

The Sisters of St. Joseph have charge of this Institution. During the year 1894, the sum of £80 was received as subscriptions and donations, and £640 from other sources. The total expenditure amounted to £716.

Blind Asylum, Lewisham.

This Asylum is in close proximity to the Hospital of the Holy Child, Lewisham. Thirteen blind children have been cared for during the year 1894 by the Nursing Sisters of the Little Company of Mary.

Manly Good Samaritan Industrial School.

This Institution is conducted by the Sisters of the Good Samaritan. At the end of 1895, there were 88 inmates. The children are taught dressmaking, knitting, needlework, cooking, housework, millinery, and laundry work, &c. The money raised by the labour of the children was sufficient to support the Institution, but a debt of £5,300 remains on the property.

Home of the Aged Poor, Randwick.

This Institution is supported entirely by charity, the Little Sisters of the Poor making daily collections of food, clothing, and other offerings from the public, to support the inmates, of which there were 67 on the 31st December, 1895.

Magdalene Retreat, Tempe.

This Institution is managed by the Sisters of the Good Samaritan. The women inmates, who by laundry work partly defray the expenses of the Retreat, numbered 89 on the 31st December, 1895.

Church Home for the Intemperate and Fallen.

The Church Home, situated at Paddington, was founded under the auspices of the Church of England Temperance Society. Laundry work is carried on at the Institution. Persons are received from the police courts and gaols, some seek admission of their own accord, and not a few are recommended for admission by the clergy. Situations are found for some and others are restored to their friends.

Labour Home, Ultimo.

The Labour Home was founded on the 1st July, 1891, with a view to discouraging begging, and to helping respectable men when out of employment to obtain food and temporary shelter in return for a certain amount of work performed. The committee of the Home consider that by the system employed in the management of the Institution, assistance is given to men to help themselves, without in any way lowering their sense of self-respect. The ruling prices are sought to be maintained by this Institution in the occupation of sawing and chopping firewood, of caning chairs, and of making fruit cases.

Children's Home, Balmain.

This Home was established in March, 1893, at Ashfield, and removed to Balmain during 1894. It is conducted by "Bethany," a Church of England Deaconess Institution. There were 13 children in the Home on 31st December, 1895.

Central Mission Children's Home (Wesleyan).

Children's Home, Woolloomooloo.—The Children's Home was opened on the 31st October, 1893, with the sanction of the Central Committee of the Methodist Mission, it being stipulated that the Home should be no charge on the General Fund of the Mission. During the year 1895, 21 children were admitted, 3 of whom have been returned to their friends. The accommodation is limited to 24 children.

Other Charitable Societies—in connection with Churches.

In addition to the Institutions named, there are societies connected with churches which have been formed chiefly for the distribution of food and clothing to the poor who live within the locality in which the churches are situated.

Salvation Army Social Institutions.

The Social Work of the Salvation Army in New South Wales includes the management of five institutions, two—the Rescue Home and Maternity Home, Newtown—being for women; and the Prison Gate Brigade Home, situated at St. Peter's, the Wimbledon Farm, near Bathurst, and the Industrial Colony, near Manly, for men. The officers of the Salvation Army attend the police courts, Sydney, and the gates of the gaol with a view to giving advice or assistance to persons wishing to lead better lives. The report for the year ending 30th June, 1896, shows that 171 persons were sent to situations, 78 were restored to friends, 32 to hospitals and asylums, 132 left to seek employment, and 93 were discharged for misconduct, or left unsatisfactorily, from the various homes. There were 89 persons remaining in the Homes of the Army on the 26th June, 1896. Beds were supplied in 32,032 cases, and 95,574 meals were given away. In the Private Enquiry Department, 191 cases were received for investigation, of which 43 were successfully traced.

Sir Moses Montefiore Jewish Home, Sydney.

This Home provides a permanent habitation for many aged persons of the Hebrew faith, and constantly affords a temporary shelter for those whose circumstances may require it, in addition to which loans to a maximum of £10 are granted without charge, situations procured, and in many cases clothing is given to deserving applicants.

OBJECTS AND TRANSACTIONS, 1895—*continued.*

Queen's Jubilee Fund.

This Fund was inaugurated during the year 1887, and has for its object the relief of distressed women in New South Wales. The endowment account of the fund on the 31st December, 1895, amounted to £17,604. The sum of £904 was expended during the year. Of this amount £792 was spent in various ways in relieving 248 women, of whom 193 were widows, 31 were married, and 23 were single.

Firemen's Widows and Orphans' Fund, Sydney.

To afford relief to those dependent upon firemen who may be killed or disabled in the performance of their duty within the metropolitan district, the above-named Fund was established on 6th September, 1894. It is maintained by subscriptions received from the public. The amount at credit of the Fund on 31st December, 1895, was £636. Up to that date no claims had been made.

Charity Organization and Relief Society, Sydney.

The objects of this Society are to prevent indiscriminate and wasteful charity, and to give assistance to the really deserving poor. Subscribers, in lieu of relieving mendicants, refer them, by ticket, to the office of the Society.

The cases in which relief was afforded during the year 1895 included 960 married persons, 397 widows, 169 deserted women, 17 single women, and 636 single men, making a total of 2,179 persons.

Home Visiting and Relief Society, Sydney.

The object of this Society is to visit at their own homes such of the distressed inhabitants of Sydney as belong to the educated classes and have seen better days, but who have been reduced by poverty, and to afford them such relief as their circumstances need, and to aid them in their efforts to gain their own subsistence.

Sydney City Mission.

To visit the poor in their homes, to administer to their spiritual and temporal wants, and to hold open-air religious services, were the objects for which in 1862 the Sydney City Mission was established. During 1895, 11 missionaries were employed, 34,366 visits were made, 924 sick persons were provided with medical attendance and comforts, and 3,216 families were furnished with food and clothing costing £186, in addition to which during the winter 3,728 individuals were relieved at a cost of £381, and at Christmas 6,888 persons were provided with dinners which cost £538. In temperance work 742 pledges were given to adults, and Band of Hope meetings for the young were held every week. Admission to asylums was obtained for 53 aged people, and for 25 women to refuges, and 29 girls were restored to home or friends. 1,556 open-air religious services, with an average attendance of 200, were held. The Dorcas Society attached to the Mission numbers 42 members.

Sussex-street Mission, Sydney.

The report for 1895 states that from 300 to 450 free breakfasts have been given every Sunday during the year, in addition to which 18,000 breakfasts to destitute men were provided. The Retreat or shelter has housed between 150 and 300 persons every night, shelter being afforded 92,000 times. At the Sisters' Home in Goulburn-street both medical advice and medicine have been given free in destitute cases.

Parcels of groceries, meat, fruit, and vegetables were distributed at Christmas, and single men were entertained at the school hall on Christmas Day.

The receipts of the Mission during the year amounted to £398, and the expenditure to £341, exclusive of the value of material in kind.

Home for Trained Nurses, Sydney—District Nursing.

The District Nurse in connection with the Home attended to 119 cases, and paid 881 visits to the poor during the year ended November, 1895.

Ladies' Aid Society, Sydney.

This society was formed in 1894 for the purpose of distributing relief to persons in distress without distinction of creed. The revenue is derived chiefly from the holding of dances, an amount of £190 having been obtained in this way out of a total of £237. The sum of £134 has been expended in relief.

Society of St. Vincent de Paul.

The Particular Council of Sydney of the Society of St. Vincent de Paul includes 27 conferences. During 1895 12,813 visits were made to the poor in their own homes; 1,164 families or 4,541 persons were relieved; groceries and other provisions valued at £1,101, and clothing, boots, bedding, and medicine were given to the poor, many of whom were assisted to start in business or to obtain employment. Twenty-one funerals were paid for, 43 passenger fares were provided, 321 lodgings for a night were found, in addition to which this Society afforded other assistance to the poor. The St. Vincent de Paul Home, Westmead, formerly called the St. Aloysius Home, at Five Dock, for the relief of poor and destitute boys, is assisted materially by the Society.

Sydney Hebrew Ladies Dorcas and Female Benevolent Society.

This Society was promoted in order to relieve the wants of women and children. A considerable number of sick persons, in hospital or at their home, have also through the instrumentality of the Society been sent to the country when convalescent.

National Shipwreck Relief Society of New South Wales.

The objects of this Society are to afford relief in cases of distress to Widows, Orphans, and Aged Parents, or others dependent upon Seamen belonging to New South Wales, or to vessels owned in New South Wales, and who have lost their lives or been seriously injured in the performance of their duty; to relieve crews of vessels and necessitous passengers wrecked in or near New South Wales waters; and to grant the Society's Medal or reward to persons performing acts of bravery in the saving of human life. For transactions of this Society since its establishment, see Table 43, Part I, Shipping.

No. 29.—CHARITABLE INSTITUTIONS—*continued.*

OBJECTS AND TRANSACTIONS, 1895—*continued.*

The Freemasons' Benevolent Institution.

The objects of the Institution are to afford relief to aged, distressed, or infirm Freemasons in New South Wales and their wives or widows. At the end of the year ending April, 1896, there were 13 annuitants of the institution. The receipts of the year amounted to £878, and the expenditure to £317.

The Highland Society of New South Wales.

The Society was founded in 1878 for the social and intellectual improvement of its members, the culture of Scottish literature and music and of the Gaelic language, and the promotion of the games of Scotland; and the assistance of persons by affording information, and by helping them to obtain employment. A sum of £3,502 has been expended in relief or in donations to public charities since 1882. During 1895 an amount of £390 was distributed for these objects.

Kaiser Wilhelm Spende, Sydney.

During the year this German Charity dealt with 457 cases, and the sum of £115 was expended in giving relief.

French Benevolent Society, Sydney.

During the year 1895 this Society gave cash relief to the amount of £212 to 115 distinct persons; it provided board to the extent of £34, paid railway and steamer fares costing £33, and on behalf of the Society a doctor made 50 visits.

Ashfield Benevolent Society.

Careful inquiries and visitation ensure that only the deserving are assisted by this Society. Special Christmas aid, consisting of clothing, groceries, &c., was afforded.

Balmain Benevolent Society.

Food and clothing were given to the poor of the district during the year, about 210 families and 1,233 persons having received aid and relief.

St. George's Ladies' Benevolent Society, Kogarah.

A regular band of workers attended the weekly meetings throughout the year, and food and clothing have been distributed to an average of 40 families fortnightly.

Leichhardt Ladies' Benevolent Society.

The Society affords temporary relief to the poor, by the issue of relief tickets for provisions, and also by small grants of money. The report for 1895 states that the tickets distributed during the year were valued at £230, and that £56 in small sums was also given. The Government subsidy of £194, and a special grant of £100, were received, in addition to which 45 blankets were obtained by the Society.

North Sydney Benevolent Society.

This Society was inaugurated in July, 1894. During the twelve months ended June, 1896, £424 has been disbursed in relieving about 235 families.

Paddington Children's Relief and Benevolent Society.

This Society obtains its funds from Sales of Work by little girls. The proceeds, £19 10s., have been expended under the direction of the City Missionary at Paddington.

Petersham, Marrickville, and District Benevolent Society.

At the end of 1895 there were 94 families on the books of the Society receiving weekly relief. Old and new clothing has been distributed, and medical advice gratuitously given to many persons.

St. Leonards' Relief Society.

Food, clothing, and medicine have been distributed chiefly to people living in tents in the locality. Small sums of money are given to the poor who are considered deserving by the Committee.

Armidale Ladies' Relief Society.

The Society is purely an Out-door Relief Society. Orders are given on tradespeople for food, clothing, &c.; rent, railway fares, and nursing fees are also paid. The doctors and chemists give services and medicines free to the Society. Provision tickets to the number of 741 have been issued. Relief has been given in 304 cases, besides 7 railway passes and miscellaneous relief, and Christmas dinners provided for 20 families. Ground for a Cottage Home has been granted by the Government.

Bathurst Poor Relief Society.

During the year orders for supplies were given to 81 families, besides temporary relief to travellers, and special Christmas provisions to 72 families. A Benevolent Home has now been established.

Broken Hill Benevolent Society.

Doctors and chemists have given gratuitous services and medicines, in addition to which outdoor relief has been afforded many persons by this Society.

Cooma Ladies' Benevolent Society.

This Society was formed on the 1st October, 1894, for the distribution of relief to the poor.

Glen Innes Ladies' Benevolent Society.

Orders for relief were issued in 577 instances during 1895, against 518 in the preceding year.

No. 29.—CHARITABLE INSTITUTIONS—*continued.*

OBJECTS AND TRANSACTIONS, 1895—*continued.*

Goulburn Ladies' City Mission and Benevolent Society.

In addition to 565 parcels of groceries sent to poor families, 62 Christmas dinners were provided for necessitous persons in their own homes, and 412 men were supplied with rations. Visits on behalf of the Society have been made by doctors gratuitously.

Grafton Benevolent Society.

The Cottage Home has been open during the year, those able to work earn sufficient to pay for temporary shelter, whilst others have found a resting place at the Home. Food, clothing, and medicines have been given to a large number of applicants.

Granville Benevolent Society.

The sum of £78 was collected and disbursed in giving relief during the year.

Gulgong Relief Society.

This Society has been established in order to relieve cases of temporary destitution only. The sum of £94 was spent during the year.

Gunnedah Ladies' Benevolent Society.

During the year 1895, there have been 396 distinct persons relieved by this Society.

Hay Benevolent Society.

Temporary assistance has been given to applicants in necessitous circumstances, pecuniary relief being afforded to 260 persons, and clothing and boots given to 23 others.

Inverell Benevolent Society.

On account of the stoppage of relief to strangers passing through the town the strain upon the Society has not been so great as in previous years. Groceries, &c., have been provided, families supplied with food, and Christmas dinners have been given.

Lismore Ladies' Benevolent Society.

At the date of the annual report, 3 families were in receipt of relief. Eighty-three individuals and 38 families were assisted during the year.

Maitland Benevolent Society.

The object of the Society is to afford shelter and relief to the poor and destitute. At the end of 1895, there were 46 persons in the Asylum. Six deaths occurred during the year, 4 males and 2 females. Temporary accommodation and assistance have been given to many travellers, and about 70 families have also been relieved.

Mudgee Benevolent Society.

The 11 regular pensioners of the Society have been supplied with food and fuel, and rent in 6 cases has been paid. Thirty persons were given rations, and Christmas gifts were made to poor and deserving families; clothing and blankets were also distributed.

Narrandera Benevolent Society.

The number of cases relieved during the year was 58, or 105 distinct persons. The male recipients were very old and unable to obtain work, whilst several of the women were destitute widows with families. Railway fares have in some instances been paid. The receipts of the Society amounted to £126, and the expenditure to £108.

Newcastle Benevolent Society.

The objects of the Society are to relieve the wants of the poor, by supplying them with clothes, food, and necessaries, both in and out of the Asylum. In connection with the Institution, 4 cottage homes for aged couples have been erected. In March, 1896, the inmates of the Asylum numbered 52. 3,295 families have received out-door relief, 1,431 meals were given, 411 beds provided, steamer fares supplied in 618 cases, and railway tickets obtained in 44 instances; and 3,381 loaves of bread, 100 bags of biscuits, and in many instances clothing, have been provided to the necessitous poor.

Orange Benevolent Society.

No complete record of the number of cases of out-door relief was kept during 1895, but £100 was expended in affording assistance to the poor.

Parramatta Benevolent Society.

There are 36 recipients on the books of this Society, representing a total of 140 persons; in addition, 432 families have been temporarily relieved; and special Christmas provisions were granted in 83 cases, representing 355 persons. At the Traveller's Rest, shelter and beds have been provided 474 times, and 597 meals have been given.

Queanbeyan Benevolent Society.

An average number of 10 cases was relieved by this Society weekly throughout the year, the expenditure being £31.

Singleton and Patrick's Plains Relief Society.

The Society was formed in June, 1894. During the year 1895, relief was afforded to 52 families, and food and clothing have been given to, and in some instances rent has been paid for, the poor.

Tamworth Ladies' Benevolent Society.

During 1895, 4 cottage homes were erected; while 126 cases or 318 individuals have been relieved. Owing to the great number of casual applicants, a restriction has been placed upon men under 60 years of age, unless in cases of affliction.

No. 29.—CHARITABLE INSTITUTIONS—*continued.*

OBJECTS AND TRANSACTIONS, 1895 *continued.*

Thirlmere Home for Consumptives.

This is the only Home in New South Wales devoted exclusively to the relief of consumptives. There were 38 inmates at the end of the year, and applications have always been in excess of vacancies.

The Institution was formerly a private foundation, but during the last two years has been administered by a Board of Management appointed by the public subscribers.

Uralla Ladies Relief Society.

The Society was inaugurated in July, 1894. During the half-year ending with December the receipts amounted to £45, and £14 had been expended in giving relief.

Wagga Wagga Benevolent Society.

The Society received £63 during 1894, of which £32 was received as Government subsidy for 1893. The expenditure amounted to £30.

Wollongong Benevolent Society.

The Society issued 330 orders during the year, the number of persons being thus relieved numbering about 1,000, at a cost of £106.

Roman Catholic Orphanage, Albury.

The Sisters of Mercy have charge of this Institution. On account of the utilisation of the resources of a farm of 62 acres, and of careful management the average cost of maintenance of the children is very small. There were 52 girls in the Orphanage on 31st December, 1895.

Bathurst Roman Catholic Female Orphanage.

From some of the children who have one parent living payments were received during the year, the amount of £40 being so obtained. The Orphanage, which is conducted by the Sisters of Mercy, had an expenditure of £377 during 1895.

Goulburn Roman Catholic Orphanage.

At the end of the year 55 children were inmates of this Orphanage, which is conducted by the Sisters of Mercy. £232 was spent in maintenance during 1895.

St. Joseph's Orphanage, Kincumber.

The Sisters of St. Joseph of the Roman Catholic Church conduct this orphanage for boys. Seventy children were under its care on the 31st December, 1894, and of the 20 who were discharged during the year 6 were taken by their friends, 5 apprenticed, and the remainder provided with homes.

St. Ann's Orphanage, Liverpool.

Most of the contributions to this orphanage take the form of food and clothing. At the end of 1895, 70 girls were in this Institution which is conducted by the Sisters of Charity of the Roman Catholic Church.

Roman Catholic Orphanage, Singleton.

The Sisters of Mercy maintained this orphanage during 1895 at a cost of £125. No account was kept of the outdoor relief afforded. There were 11 girls as inmates on the 31st December.

Institution for Deaf and Dumb, Waratah.

This Institution, which is under the care of the Dominican Nuns of the Roman Catholic Church, has beds for 30 inmates. At the end of 1895 there were 2 boys and 11 girls in residence.

Aborigines Protection Board.

The Board appointed by the Government for the protection of the Aborigines of New South Wales consists of 10 members. During 1895 a total sum of £17,050 was expended on behalf of the Aborigines, and on the 31st December last Aboriginal children, numbering 607, were receiving instruction in schools. The total population on 31st December, 1895, was 7,046 (3,660 full bloods and 3,386 half castes). There are 105 reserves for the use of aborigines in various parts of New South Wales, the total area being 24,978 acres.

The Animals' Protection Society of New South Wales.

This Society was established in 1873 in order to prevent, by every legitimate means, cruelty to animals; to assist in having laws passed and effectually enforced for the attainment of this object; to promote the principles of the Society by the publication and circulation of literature; and by addresses, lectures, and prize essays to further its objects. The Society works under Act 14 Vic. No. 40, which provides for the apprehension of offenders:—"When and so often as any of the offences against the provisions of this Act shall happen, it shall and may be lawful for any constable, upon his own view thereof, or upon the complaint and information of any other person, who shall declare his or her name and place of abode to said constable, to seize and secure by the authority of this Act any such offender, and forthwith, without any other authority or warrant, to convey such offender before a Justice of the Peace, to be dealt with by such Justice for such offence according to law." During the year ending 30th June, 1895, the two Inspectors prosecuted 68 persons, obtained 65 convictions, and cautioned other persons guilty of minor offences. The receipts of the Society for the year amounted to £469, and expenditure to £464.

Royal Society for Prevention of Cruelty to Animals.—Women's Branch.

Four hundred and fifty-seven prizes were given by this Society during 1895 for essays written by children upon animals; 406 Bands of Mercy have been formed; about 4,500 cards of membership and 7,000 star badges purchased by children; 2,600 have merely signed the register, the total number of members therefore being 14,100. At the Annual Meeting, presided over by the Minister for Education, the attendance was 3,000. Seven honorary inspectors have been appointed. Fines inflicted by magistrates are handed to the Secretary to defray necessary expenditure. The Society has registered a newspaper, which is issued monthly; and, in addition, a large number of magazines are distributed throughout the year.

PART XII.—MISCELLANEOUS.

No. 1.—WATER SUPPLY AND SEWERAGE.

METROPOLITAN WATER SUPPLY.

Water Supply.—During 1850 the City Corporation was empowered to construct water and sewerage works, and in accordance with such authority works for each service were carried out, but on a limited scale. The water supply and sewerage systems have been superseded by comprehensive ones for the whole Metropolitan area, and the works of the City Council, as well as several of the isolated systems in the suburbs, now form part of the respective general schemes. During 1867 a Royal Commission was appointed to investigate and report upon proposals for supplying water to the city and suburbs. Two years later the Commissioners submitted a report recommending the adoption of the "Upper Nepean scheme," which was accepted. The works are being carried out under authority of Act 43 Vic. No. 32, passed in 1880; the first contract was let in November, 1879, and in 1887 the works had so far advanced that the Government passed an Act transferring the control in May, 1888, to the **Metropolitan Board of Water Supply and Sewerage.** The 355·1 miles of water-mains chiefly constructed by the City Council were placed under the Board at the same date. The Board was established under Act 43 Vic. No. 32, as amended by 51 Vic. No. 28, and consists of seven members, three of whom are nominated by the Governor, two elected by the City Council, and two by the Suburban and Country Municipalities within the County of Cumberland, which are supplied with water.

* Exclusive of Trunk Mains and Mains which have become obsolete. † Supplied from Canal or Trunk Main.

Hydrants.—Attached to the water-mains there are 1,608 screw-down Hydrants, and 16,904 ball Hydrants.

Reservoirs, 1895.

The Nepean System.—The source of the supply is the united waters of the Nepean, Cataract, and Cordeaux Rivers. The water is intercepted at a height of 437 feet above the level of the sea, and flows through a series of conduits to Prospect Reservoir, 40 miles from the farthest source of supply, thence to Potts' Hill Balance Reservoir. The water, after leaving this reservoir, passes through a screening-tank, from which it is conveyed by mains to the various reservoirs.

Proportion of Working Expenses to Revenue, and Capital Cost, 1888-96.

Capital Cost.—The figures representing the capital cost include £377,382 expended by the City Council from Revenue Account, and the Board has decided to omit the amount from the capital cost when establishing the rate of interest yielded on outlay. As the £377,382 is not a current liability, the amount will no doubt be wiped off.

CAMPBELLTOWN AND LIVERPOOL WATER SUPPLIES.

Campbelltown and Liverpool are supplied with water by gravitation direct from the main canal. The junctions of the reticulation works are effected at points between the head of main supply and the Prospect Reservoir. The Board has decided to levy charges for the water service to each, commensurate with the capital cost and maintenance of the main conduit from the head of source to the points of junction, and the cost and maintenance of the local reticulation works.

Campbelltown Water Supply.

System.—The district receives its supply by a 6-inch pipe being laid from the canal to the town, a distance of 2¼ miles, the reticulation consisting chiefly of 4-inch mains.

Liverpool Water Supply.

System.—The district receives its supply by a 9-inch pipe from the main canal at Cecil Hills, which extends to Mount Young, and thence by a 6-inch main to the town. An earthen reservoir, capable of holding 4,000,000 gallons, has been constructed for the purpose of tiding over any interruption in the flow from the canal.

RICHMOND WATER SUPPLY.

(Administered by the Metropolitan Board of Water Supply and Sewerage.)

Richmond Water Supply.—The works were constructed under the Country Towns Water and Sewerage Act (44 Vic. No. 14). The Municipal Council of Richmond administered the service till the 26th May, 1893, when it was temporarily transferred, pending legal powers, to the Metropolitan Board of Water Supply and Sewerage. The Board is much restricted in its management, as only premises owned by persons who have signed agreements to take the water can be rated. The accounts are kept separate from those of the Metropolitan Water Scheme.

The Plant consists of pumping works erected on the left bank of the Hawkesbury, just below the confluence of the Grose and Nepean; a circular brick tank, having a capacity of 225,000 gallons; a 6-inch supply main to Richmond, 4 miles in length; and 5¼ miles of reticulation mains.

No. 1.—WATER SUPPLY AND SEWERAGE—*continued.*

METROPOLITAN SEWERAGE.

Metropolitan Sewerage.—The original Sewerage Works of Sydney were begun in 1854, and at the date when the works were transferred to the Board the City Council had constructed 70·27 miles of sewerage. From 1875 to 1877 a Royal Commission was appointed to investigate and report upon a comprehensive scheme for the Metropolis, and in the latter year a report was presented which recommended the scheme now being carried out. The first contract was let in 1880, and in September, 1889, the works were transferred to the Metropolitan Board of Water Supply and Sewerage, under authority of the Metropolitan Water and Sewerage Act Amendment Act (53 Vic. No. 16), passed in the same year.

System.—The system consists of two main outfalls, named the northern and southern respectively, the former discharges into the Pacific Ocean at a point named "Ben Buckler," at Bondi, and the latter discharges into a "Sewage Farm" at Webb's grant on the shores of Botany Bay.

The Metropolitan Water and Sewerage Act Extension Act (57 Vic. No. 12).—This Act provides for the administration and construction, by the Metropolitan Board of Water Supply and Sewerage, of storm-water drains or sewers on certain areas which may from time to time be proclaimed in the *Government Gazette*. The boundaries of these areas however, may be altered if the appeal by the local authorities to the nearest Court of Petty Sessions be sustained. Under clause 3 the Board is empowered to impose special rates, pending the extension of the general sewerage works to the localities

Length of Sewers.—The total length of sewerage under the control of the Board at the end of 1894 was 201·95 miles, of which 70·27 miles were constructed by the City Corporation, 53·73 by the Government, and the balance by the Board. The storm-water drains at the same date measured 9·82 miles, 7·42 miles having been transferred by the Government and 2·40 miles constructed by the Board.

HUNTER DISTRICT WATER SUPPLY.

The Water Supply Works of the Lower Hunter were constructed by the Government under the provisions of the Country Towns Water Supply and Sewerage Act of 1880. The works in July, 1892, were transferred under Act 55 Vic. No. 27 to the Hunter District Water Supply and Sewerage Board. The Board consists of seven members—three of whom are nominated by the Government, one by the Municipal Council of Newcastle, one by the Councils of East and West Maitland and Morpeth, and two by the other municipalities within the proclaimed area. The Board's year closes on the 30th June.

Repayment of Cost of Permanent and Renewable Works.—Under the 129th clause of Act 55 Vic. No. 27, the Board is required to pay the cost of the permanent works in annual instalments, with 3½ per cent. interest on the unpaid balance, within a period not exceeding 100 years. In 1894 an Amending Act, 57 Vic. No. 19, was passed, extending the time for repayment of renewable works to a similar period. The annual instalments for the years ending 30th June, 1893, 1894, 1895, and 1896, as shown above, are calculated on the 100 years basis in each instance, and the other figures for the two first-mentioned years have been amended since last publication.

No. 2.—FIRE BRIGADES.

METROPOLITAN FIRE BRIGADE, AND VOLUNTEER FIRE COMPANIES, 1896.

Metropolitan Fire Brigade Board.—The Board, established in 1884 under Act 47 Vic. No. 3, consists of six members, viz., the chairman, appointed by the Government, and five elected members, one of whom is appointed by the Municipal Council of Sydney, one by the other Municipalities within the proclaimed area, two by the Fire Insurance Companies carrying on business in New South Wales, and one by the Volunteer Fire Companies. The elected members retire every two years, but are eligible for re-election. Towards the annual outlay the Government, the Municipalities, and the Fire Insurance Companies each contribute one-third. The Municipalities contribute *pro rata* to the assessed annual value of ratable property in their respective districts, and each of the Fire Insurance Companies proportionately to the net risks held on properties situate within the Metropolitan District. Sydney Harbour is outside the jurisdiction of the Board.

Ship Fires.—For the purpose of dealing with ship fires the pilot steamer "Captain Cook" has been fitted by the Marine Board of New South Wales with a steam-pump, having a capacity of 36,000 gallons per hour.

Fire-alarm Telephones.—Telephones connected with the fire stations are placed in fire-alarm boxes in all the important localities of the city and suburbs. The telephonic system at the end of 1895 consisted of 70 telephones, 15 telephone switch-boards, and 138 telephone fire-alarms. The length of telephone and telephone fire-alarm wire erected was 122 miles. Most of the volunteer fire stations, theatres, music halls, &c., are also in direct communication with the Fire Brigade stations. The various police stations are also in communication through the Central Police Station, Sydney, and public offices, hotels, wharfs, business firms, and private houses that are connected with the General Post Office Exchange, can transmit calls for fires at any hour of the day or night, and arrangements have been made for the watchmen employed by business houses to report to the head-quarters station several times every night.

COUNTRY FIRE COMPANIES, 1895.

Country Fire Brigades.—Under Clause 20 authority is given to extend the provisions of the Fire Brigades Act to the country districts, but owing to an ambiguous clause in the Statute, the Fire Insurance Companies and Municipal Councils do not always consider themselves called upon to contribute towards the expense of maintenance of the Brigades as defined by the Act. The Country Fire Brigades Boards, however, are entitled to receive subsidies from the Government. Some of the undermentioned Municipalities have not taken any steps further than having been gazetted.

No. 3.—INQUESTS ON FIRES, 1895.

Inquests on Fires.—Act 24 Vic. No. 10 provides that "when any property, real or personal, shall be destroyed or damaged by fire, the Coroner having or exercising jurisdiction at or in the place where such fire shall have happened, shall, if he consider it a fit case for so doing, make an inquisition into the cause and origin of such fire." Jurors and witnesses are summoned, and the mode of procedure is the same as in inquests in cases of deaths. The Coroner can, if the jury find that any person has wilfully set fire to property, exercise the same authority as in the cases of persons charged with murder or manslaughter. There are a Coroner and a Deputy Coroner for Sydney, and 131 Coroners for Country Districts, as well as two for the Colony generally.

Arson.—During 1895 there were 5 persons—all males—committed for trial by Coroners on a charge of arson.

No. 4.—METROPOLITAN TRANSIT COMMISSIONERS.

Licenses for Public Vehicles.—Prior to 1873 the regulation of street traffic was under the City Council. In that year an Act (36 Vic. No. 14) was passed, which transferred the control of the traffic to three Transit Commissioners, the number of whom was increased in 1886 to four by Act 50 Vic. No. 14. The Board consists of the Mayor of Sydney (Chairman), the Inspector-General of Police, a representative of the suburban municipalities, and the fourth is elected by the licensees coming under the Act. The two latter are annually elected.

Operations, 1895.

The Collector of Customs is empowered under the Customs Regulation Act, 1879 (42 Vic. No. 19), to license the owners of boats, lighters, and drays, and a heavy penalty may be imposed for the removal of bonded goods by a conveyance the owner or charterer of which has not been licensed. The holders of licenses during 1896 numbered 493, the majority of whom held licenses issued by the Metropolitan Transit Commissioners. As a licensee is not restricted in the number of vehicles he may employ, information is not obtainable as to the class or number of conveyances. No fee is charged by the Collector of Customs, but security is required for the faithful conduct of the licensee and his servants.

WOLLONGONG HARBOUR TRUST.

The Trust, which was the only one of its kind in New South Wales, was established in 1889, and it continued in operation till 2nd December, 1895, when it was dissolved, and the Government took over the administration of the port.

CITY OF SYDNEY IMPROVEMENT BOARD.

The Act came into operation on 2nd August, 1879, and the first meeting of the Board took place during the same month. The operations of the Board were practically suspended at the close of 1894 by the exclusion from the Estimates of the supply required for the administration of the Act.

No. 5.—IRRIGATION TRUSTS, 1895.

Trusts have been established, under special Acts, at Balranald, Hay, and Wentworth, but beyond the survey of the areas (which have been vested in Trustees) into lots of from 5 to 40 acres, and other initiatory work, very little progress as to settlement has been made. The Water Rights Act vests all large natural supplies of water in the Crown and establishes a system of licenses for works for water conservation, irrigation, and drainage. Before the passing of that Act such works on creeks and rivers constructed by private individuals were unprotected, and were liable to be destroyed by any person who considered that the existence of the work was opposed to his interests. Under the Water Rights Act questions as to the propriety of licensing works are decided after full inquiry, and when a license is granted for any work any interference with that work is illegal. The Act acknowledges the right of riparian owners to water for domestic and stock purposes and for the irrigation of gardens not exceeding five acres in extent.

Balranald Irrigation Trust.

The provisions of the Act (56 Vic. No. 26), passed June, 1893, establishing this Trust, are almost identical with those of the other two Trusts. As in those cases, the land forming this Trust is a portion of the temporary Common. The Act limits the area any one person may lease to a maximum of 40 and a minimum of 5 acres, and no person under 18 years of age, nor a married woman, is allowed to hold a lease. Up to the end of 1893, 1,000 acres had been surveyed into lots of 5 to 40 acres, but, as the by-laws framed by the Trustees had not then received the sanction of the Minister, these lots had not been thrown open. During 1895, however, the Minister's approval was obtained, and several blocks have been taken up.

The Trustees being of opinion that it would be advisable for an irrigation scheme to be carried out at Balranald in a similar manner to that at Wentworth, have petitioned for the dissolution of the Trust. The Government have allowed consideration of the matter to stand over until the works at Wentworth are in operation.

Hay Irrigation Trust.

This Trust was established under Act 55 Vic. No. 25 (passed March, 1892), the provisions of which are practically the same as those of the Wentworth Irrigation Act. The land set apart forms part of the temporary Common, and comprises 19,847 acres. Any person (except Asiatics) can select and hold from 5 to 40 acres. The land was only thrown open in December, 1893, and up to 31st December, 1894, 62 holdings, embracing an area of 778 acres, had been applied for. The principal crops planted were barley, wheat, and oats. The total receipts to the 31st December were £3,724, inclusive of an advance of £3,000 from the Union Bank, and the expenditure to the same date was £1,447. During 1895 an Act was passed excluding certain portions of the town and suburban lands of Hay from the irrigation area.

The Trust has erected a pumping plant with the assistance of a loan obtained from the Government. In order to complete the work of the Trust an engineer has been appointed by the Government. An amending Bill to modify the constitution of the Trust and the boundaries of the irrigation area has been introduced into Parliament.

Wentworth Irrigation Trust.

This Trust was established under Act 54 Vic. No. 7 (passed September, 1890). The Trustees, being members of the Municipal Council of Wentworth, were empowered to tap the rivers Darling and Murray, and to construct dams and erect pumping machinery for irrigation purposes and, upon obtaining permission from the Governor-in-Council, to borrow money for these purposes. The area under the Trust consisted of 10,600 acres, and was a portion of the temporary Common already vested in the Municipal Council. The Trust was empowered to lease portions for any term not exceeding three years or, with the sanction of the Minister for Public Works, for any term not exceeding thirty years, and to supply water to persons outside as well as inside the irrigation area. An amount of £1,000 was spent in "Preliminary Expenses" during 1894, but up to the end of that year no portions had been leased by the Trust. Advantage has recently been taken of a clause in the Act, providing for the dissolution of the Trust. The Government, who have now all the powers conferred by the Statute, intend to carry forward the work contemplated by the Trust, and a scheme has been prepared and a tender accepted for the erection of a pumping plant capable of supplying water for the irrigation of an area of about 1,500 acres. The water will be obtained from the River Murray on the banks of which the pumping plant is to be erected.

The construction of the works now in progress is expected to be completed within a few months.

No. 6.—ROADS, 1895.

MINOR ROADS UNDER TRUSTEES.

(Classified and Unclassified).

Trustees for Minor Roads are appointed by the Minister for Public Works, in localities outside municipal areas, where it has been found expedient to place the care of the roads under Trusts composed of the local residents instead of under the Government Engineers.

Each road is supervised by these Trustees, but the cost of construction and maintenance of the roads is wholly borne by the State.

A special sum is granted annually for unclassified roads, and a portion of the amount is distributed among the various Trusts according to the discretion of the Minister for Public Works. Each classified road has an annual grant under the Appropriation Act, the vote however is varied according to circumstances.

PARISH ROADS TRUSTS.

Prior to the passing of the Municipalities Act of 1858, Parish Roads Trusts were appointed to construct and maintain roads in certain localities, and the expenditure connected therewith was defrayed from the tolls collected and also grants from the Treasury. Eleven Roads Trusts were established, but with one exception, operations were confined to districts within the county of Cumberland.

On the 1st May, 1890, it was resolved by the Legislative Assembly, "That in the opinion of this House all Public Tolls should be abolished." As tolls formed the chief item of Revenue, the operations of the Trusts then existing have gradually ceased, till in 1896, only the South Head Roads Trust was active. The expenditure during the half-year ended 30th June, 1896, was £1,578, the balance in hand being £2,123.

DISTRICT COUNCILS.

With the exception of the Maitland Council which has 49 miles of road under care, all the District Councils have ceased to exist, and, on account of the abolition of tolls in 1890, the Maitland Council has only been able to continue its operations as a Roads Trusts, placed on the same footing as the Classified Roads Trusts under the Works Department.

The expenditure by the Trustees for the year 1895 was £1,176.

No. 7.—PARKS, RECREATION RESERVES, &c.

Trustees of Parks.—Under the "Public Parks Act of 1884," which repealed a statute passed in 1854, the Governor may appoint Trustees of any lands proclaimed for the purposes of public recreation, convenience, health, or enjoyment. The Trustees are empowered to frame by-laws for the protection of shrubs, trees, &c., upon the land vested in them, and to regulate the use and enjoyment of such land by the public.

"National" Parks.—The Nationa Park, 36,320 acres, at Port Hacking; Kuring-gai Chase, 35,300 acres, on the Hawkesbury River; Parramatta Park, 252 acres, at Parramatta, are outside the Metropolitan area, but may be specially mentioned on account of their "national" character. The Centennial Park, 530 acres, divided between the Municipalities of Randwick and Waverley; as also Moore Park, 445 acres, The Domain, 90 acres, and the Botanic Gardens and Garden Palace grounds, 60 acres, situate in the City of Sydney, may also be designated "national" parks.

No. 8.—PARLIAMENT OF NEW SOUTH WALES.

Constitution Act.—"An Act to confer a Constitution on New South Wales" (Imperial Act 18 and 19 Vic. ch. 54) received the Royal Assent on 16th July, 1855, and was amended in 1884 (47 Vic. No. 5). The Legislative Council and Legislative Assembly correspond, as far as is practicable, with the two Houses of the Imperial Parliament.

Legislative Council.—No maximum number of members of the Legislative Council is fixed by the Constitution Act, but the minimum number is set down at twenty-one. In December, 1896, the number of members was sixty-five. They receive no allowance for expenses, but are privileged to travel free over the State railways and tramways in the Colony. Although the appointment is for life, a member forfeits his seat by absence from two consecutive Sessions without leave, by becoming bankrupt, and on account of other reasons, and he may voluntarily resign at any time.

Legislative Assembly.—The first Parliament under the Constitution Act met on 22nd May, 1856. The duration of Parliament was originally fixed at 5 years, but in 1874 an Act was passed establishing triennial Parliaments. In September 1889, an Act was assented to, allowing each member (not holding office as a Minister, Speaker, or Chairman of Committees) the sum of £300 per annum as a reimbursement of expenses incurred in the discharge of Parliamentary duties. Members also travel free over the State railways and tramways in the Colony. Under the Parliamentary Electorates and Elections Act of 1893, New South Wales has been divided into 125 electorates, each of which has one member to represent it in the Legislative Assembly.

CABINET.

The Schedule of the Constitution Act Amendment Act (47 Vic. No. 5) enumerates the following Officers of State as the only persons holding an office of profit under the Crown who shall be capable of being elected as Members of the Assembly:—

	Salary. £		Salary. £		Salary. £
Colonial Secretary	1,820	Secretary for Public Works ..	1,370	Secretary for Mines and Agriculture	1,370
Colonial Treasurer .. .	1,370	Minister of Justice	1,370	Postmaster-General	1,370
Attorney-General	1,820	Minister of Public Instruction	1,370		
Secretary for Lands	1,370				

The salaries of the Colonial Secretary, Colonial Treasurer, and Attorney-General, are fixed by the Constitution Act; those of the other Ministers are annually appropriated.

The Cabinet sometimes includes a tenth member, having a seat in the Legislative Council, who is appointed Vice-President of the Executive Council and Representative of the Government in the Upper House, but holds no portfolio.

Executive Council.—The Executive Council is composed of the Governor and the members of the Cabinet.

Presidents of Legislative Council and Speakers of Legislative Assembly.—During the sixteen Parliaments there have been seven Presidents of the Legislative Council, and eight Members of the Legislative Assembly have filled the office of Speaker. The salaries voted for 1893-97 for these offices were £1,100 and £1,370 respectively.

Chairmen of Committees.—The Legislative Council and Legislative Assembly each elects one of its members as Chairman of Committees, the salaries for 1896-97 being £470 and £740 respectively.

No. 8.—PARLIAMENT of NEW SOUTH WALES—*continued.*

Public Bills.—*How initiated.*—The Constitution Act provides that all money Bills must be introduced in the Lower House. All other public Bills may be initiated in either Chamber on a motion for leave to bring in the Bill, or by a resolution reported from a Committee of the Whole, and adopted by the House.

Royal Assent.—The Governor acts as Viceroy to give the Royal Assent to, or to veto, Acts passed by the Legislature.

Reserved Bills.—There are eight classes of Bills which the Governor must reserve for the special consideration of the Sovereign. Amongst these are Divorce Bills, Bills affecting the currency, and Bills conflicting with Imperial Treaty obligations.

Enrolment.—After receiving the Royal assent the Bill is numbered and dated. A new series of numbers commences with each year of the Sovereign's reign, beginning on the Anniversary of Accession Day. The Act is then transmitted by the Clerk of Parliaments to the Registrar-General, and enrolled and recorded by him within ten days from the day on which the same shall become law, as provided by the Deeds Registration Act (7 Vic. No. 16).

Private Acts.

Private Bills may be initiated in either Chamber. Notice of intention to apply for a private Bill must be published once a week for four consecutive weeks in the *Gazette*, and in at least one Sydney newspaper and one or more newspapers published in or nearest the District affected by the Bill. In these notices the general objects of the Bill must be stated. Before a private Bill can be read a first time, £25 must be paid to the Consolidated Revenue, and whenever the expenses necessary to such Bill exceed that amount, a further payment of £25 is required. The Bill having been read a first time, is referred to a Select Committee, who may hear counsel, and if the Bill is favourably reported upon, it is proceeded with as in the case of a Public Bill.

No. 10.—CONSOLIDATION of the STATUTE LAW.

Commissioners.—The Royal Commission appointed in 1893, under the control of the Colonial Secretary having resigned, the Consolidation, which embraces all the most important branches of the Statute Law, has been taken over for completion by a Barrister, who has been appointed sole Commissioner under the control of the Attorney-General. He is assisted by three draftsmen, one of whom also acts as secretary. During the existence of the old Commission, the Statutes were classified and arranged under different heads or groups of subjects; and a large number of Statutes consolidated by the Divisional Committees.

Consolidation Bills.—Bills prepared by the draftsmen are revised by the Commissioner, and forwarded by him to the Attorney-General.

No. 11.—GENERAL ELECTIONS.

The Parliamentary Electorates and Elections Act of 1893, 56 Vic. No. 38, as amended by 57 Vic. No. 24 and 60 Vic. Nos. 24 and 25.—Under the authority of the principal Act three Commissioners were appointed to divide the Colony into 125 single Electorates—instead, of as previously, 74 Electorates returning 141 members—giving to each as nearly as practicable an equal number of Electors. The Districts were subdivided into 421 Divisions. Every man being a natural-born or naturalised subject of, or above the age of 21 years, who is of sound mind, and not on full pay in the Military or Naval Service, nor in receipt of public charity, nor undergoing imprisonment, is entitled to receive an "Elector's Right," provided that he has resided, or has had his principal place of abode in N.S.W. for a continuous period of one year, and for one month in the district for which he claims to vote. Provision is made for the issue of new "Rights" on change of residence, or in case of loss. The system popularly known as "One man one vote" is in force in the Colony.

No. 13.—DEFENCE.

Imperial Troops.—New South Wales was garrisoned by the British troops from the time of its foundation as a Colony in 1788 until the year 1870, when they were withdrawn. In the succeeding year, Act 34 Vic. No. 19 (Military and Naval Forces Regulation Act) was passed, having for its object the establishment of a local permanent force.

First Volunteer Force.—The first volunteer force was enrolled in 1854, under Act of Council 18 Vic. No. 8, which was repealed in 1867 by the "Volunteer Force Regulation Act," 31 Vic. No. 5. One of the clauses of this Act provided for the issue of orders for land to persons serving as volunteers, but this system was abandoned under Act 41 Vic. No. 15. The forces were again reorganised in the year last mentioned, and in 1885 an additional force of reserves was raised. The Rifle Reserve companies were disbanded at the end of 1892, but in 1895 the Civilian Rifle Clubs were formed into a reserve force.

N.S.W. Military Commissions.—Commissions in the Permanent Artillery may be obtained by officers of the Partially-paid and Volunteer Forces upon passing the requisite examination, and complying with certain conditions published from time to time in General Orders.

Imperial Military Commissions.—A Commission in the British Army is offered annually to a student of the Sydney University under regulations issued with Army Orders dated 1st January, 1892.

Naval Brigade.—The Naval Brigade was formed in 1863 under the provisions of Act 18 Vic. No. 8. It consists largely of men who formerly served on Her Majesty's ships on the Australian Station. The Brigade consists of six companies, five of which are stationed at Sydney and one at Newcastle.

Naval Artillery.—This branch of the Naval Force was organised in 1882 under the provisions of the Volunteer Act and Regulations, but in July, 1892, it was brought under the Partially-paid system. The torpedo boats are manned by members of this force.

AUSTRALASIAN AUXILIARY SQUADRON.

Australasian Naval Force Agreement.—This agreement provides for the equipping, manning, and maintaining, at the joint cost of the Imperial and Colonial Funds, a naval squadron, consisting of five cruisers and two torpedo gunboats. The officers and men are changed triennially, and the limits where they are to be employed in times of peace or war are fixed within the boundaries of the Australian Station. It is provided that no reduction of the Imperial squadron shall be made in consequence of the equipment of this naval force. The Australasian Colonies contribute 5 per cent, on the cost of these vessels—not to exceed £35,000 per annum—in addition to the actual charge for their maintenance. In the event of the loss of vessels the Imperial Government has to replace them. The agreement is for ten years, and only terminable then provided notice is given at the end of the eighth year. Afterwards the agreement can be terminated by giving two years' notice. The vessels will revert to the Imperial Government on the termination of the agreement. The New South Wales Government ratified the agreement under the Australasian Naval Force Act of 1887 (51 Vic. No. 22).

In addition to the armament mentioned in the table, each of the cruisers carries four, and each of the torpedo gun-boats three, torpedo tubes.

EXPENDITURE BY NEW SOUTH WALES ON FEDERAL DEFENCE, 1892-96.

Defence of Albany.—New South Wales, together with the colonies of Victoria, Queensland, and South Australia, entered into a contract, 11th March, 1892, with the colony of Western Australia to contribute to the cost of the defence of Albany. The agreement provides that one-fourth of the total expense shall be defrayed by Western Australia, and three-fourths by the colonies named, the proportion to be paid by each colony to be calculated on the basis of its population. Western Australia provides the garrison and has general superintendence.

Defence of Thursday Island.—A similar agreement was made, 1st January, 1893, between Queensland and the colonies of New South Wales, Victoria, South Australia, and Western Australia, for the defence of Thursday Island. In this instance the five colonies named contribute towards the expense *pro rata* on a population basis.

ROYAL NAVAL HOUSE.

The Royal Naval House in Sydney has been erected exclusively for the accommodation of the seamen and marines Her Majesty's ships. It was built in 1889, at a total cost of £25,000, contributed by citizens and the Government of New South Wales. There are 270 beds in the Institution, and, for the amusement of the men, reading, smoking, locker, and billiard rooms, and a gymnasium are provided.

No. 14.—METEOROLOGY—SYDNEY.

The Sydney Observatory was established in the year 1856, at the instance of Sir William Denison, Governor of New South Wales.

Time Ball.—The Time Ball at the Sydney Observatory is dropped every day at 1 p.m. Standard Time, or 15 hours Greenwich Mean Time.

Standard Time.—By the "Standard Time Act of 1894" (58 Vic., No. 11), which came into operation on 1st February, 1895, the mean time of the 150th meridian of longitude east of Greenwich, England, was declared to be Standard Time throughout New South Wales, but on account of the conflicting interest in the Barrier District this Act was amended by Act 60 Vic. No. 4, assented to on 23rd July, 1896. The Standard Time Act of 1894 does not now apply within the Municipal District of Broken Hill, nor the Electorate of Sturt, in respect to certain sections of the Licensing Acts, Billiard and Bagatelle Licensing Act, Parliamentary Electorates and Elections Act. The mean time of the 135th meridian of longitude is in respect to the above enactments declared to be the standard time for the said Municipal and Electoral Districts.

Latitude, &c., of Observatory.—Latitude, 33° 51′ 41·1″ south; longitude, 150° 12′ 42·15″ east; magnetic variation, 9° 28′ 51″ east; altitude, 146 feet.

Thermometers.—The thermometers are exposed in a shed 11 feet square, of which the sides are 5 feet 6 inches high, and enclosed to within 18 inches of the ground with open lattice-work. The roof is conical, rises to 13 feet above the ground, and is covered with louvres close enough to keep out rain. Repeated experiments have been made to determine the relation between temperature in this shed and that shown by a swing thermometer, both night and day, with the result that there is no difference. It is, therefore, assumed that the shade obtained is a satisfactory one.

Humidity.—The humidity is obtained from the wet and dry bulb readings by means of a set of curves, which show the amount by inspection. These curves have been calculated from the Greenwich Dew Point Factors. The humidity thus obtained agrees with that given by Glaishier's tables.

Rainfall, 1895.

(Excluding Dew.)

Rain-gauge.—The rain-gauge is round, 8 inches in diameter, and with rim 15 inches above ground. The pluviometer results are from a gauge of the same size, 9 ft. above ground, and recording on the same paper as the anemometer. Two similar gauges, placed on the ground 6 ft. apart, are always used; they differ very little, and not always the same way; the larger record is always taken.

NOTE.—The records of the pluviometer are affected by the force of the wind and some loss by friction in the recording machine; the total, therefore, is always less than that shown by the rain-gauge. The measured rainfall (including dew), as given by the rain-gauge, for 1895, was 31·356 inches, while the pluviometer only registered 28·192 inches.

Anemometer.

Anemometer.—This instrument records on paper the time, direction, and velocity of wind. Robinson's cups are used. The vane and cups are 65 feet above the ground.
